JOINT ATTACK ON PETROGRAD

Council of Five Favors Plan For Big Attack by Kolchak and Finnish Forces

Allied Officers Notified of Action — Bolsheviks Preparing To Flee

PARIS, Monday, July 7.—Approval of a plan for a concerted attack upon Petrograd by Finnish troops and the forces of the Kolchak government at Onsk was given today by the council of five. A joint note has been sent to the military attaches of the United States, Great Britain, France and Italy at Helsinki instructing them to support the Finnish government if it decided to accede to the request of Admiral Kolchak to assist him in the campaign. There is no indication that the allied and associated powers propose to go further at this time in helping Kolchak's plan, but their action in supporting the Finns is regarded as equivalent to assurances that they will see the Kolchak movement carried through.

Petrograd has been the object of the attacks of Finnish, Estonian and Russian volunteer troops for several months. A few weeks ago the Estonians and Russian volunteers were closing in on the city, but the Estonian bureau in Copenhagen announced yesterday that the troops which had been advancing on Petrograd were in retreat.

At present the Kolchak forces west of the Urals are more than 300 miles east of Petrograd. It is likely that the Finns will be joined by Russian volunteer troops and forces of the north Russian government at Archangel.

Finnish troops are within 30 miles of Petrograd on the north, while forces of the north Russian government are operating in the southern part of the province of Olonez, northeast of Petrograd.

Bolsheviks to Flee
WASHINGTON, July 8.—Definite information that the Bolsheviks are planning to evacuate Petrograd has been received in official circles here. The decision was violently opposed by some elements of the government.

CLERKS' DAY OFF

Thursday Their Holiday—Do Your Shopping Early

If you want to do any shopping before Friday, be sure that you do it tomorrow, for Thursday most of the stores of the city, including the grocery and provision markets, will be closed for the day, the occasion being the annual Clerks' day. The employees of the leading department stores have made arrangements to spend the day at the seashore and, according to plans, weather permitting, the day will be a notable one for store employees.

J. L. Chaffoux Co.

The employees of the J. L. Chaffoux Co. men and women, will meet at the store at 7:45 o'clock in the morning and from there will journey to Revere beach in automobile trucks. Dinner will be served at the Pleasanton hotel and in the afternoon a varied list of sports and games will be carried out. In the early evening luncheon will be served at the same hotel and the remainder of the evening will be devoted to sightseeing. The committee in charge consists of Henry F. Sullivan, Eugene Queenan and L. G. Cole.

A. G. Pollard Co.

Despite the increase in fares, the committee in charge of the annual outing for the employees of the A. G. Pollard Co. have decided to journey to Revere beach in special electric cars Thursday, and the start will be made from John street at 8:30 o'clock. Upon reaching the seashore, bathing will be enjoyed and later dinner will be served at the Pleasanton hotel. Sports will be conducted in the afternoon and before the homeward trip is started luncheon will be served. The affair is in the hands of the following committee: John Orell, J. Z. Lebrun, Almeric Ducharme, Justin Kimball, Allen Gould, Mary O'Neil and Naomi H. Monier.

Bon Marche Co.

The employees of the Bon Marche Co. are going to Nantasket beach for their annual outing and they will make the trip to the seashore by steam train and boat. The party will leave the Middlesex street station on the 9:01 o'clock train in two special coaches and at 10:15 o'clock will board a steamer at Bow's wharf for Nantasket. Dinner will be served at 1 o'clock at the Nantasket hotel and in the afternoon bathing and sporting events will be enjoyed. The excursionists will return to Lowell whenever they please, for each will be supplied with a steamer and train ticket to be used at any time. The arrangements for the affair are in the hands of Morton M. Walker and Frank Sullivan.

Grocers and Butchers

The members of the Grocers & Butchers' association have decided to close all day Thursday, but special arrangements have been made for an outing, although it is believed that most of the members and their families will go to Revere beach in private automobiles.

DROUTH BROKEN HUB BARS OPEN

1500 Liquor Dealers Re-open Saloons and Sell 2 3/4 Per Cent Beer

Warned by U. S. District Attorney That One Will Be Arrested For Test Case

BOSTON, July 8.—Five hundred liquor dealers who received new licenses yesterday re-opened their places of business here today and sold 2 3/4 per cent beer. They have been warned by the United States district attorney's office that one of their number will be arrested today or tomorrow for violation of the prohibition act and that the outcome of the test case would serve local federal authorities as a guide for future action pending a decision of the supreme court on the issue of intoxicating properties of malt liquors. The licensing board expected to issue 400 more permits today. Practically all of the dealers took out second class licenses permitting the sale of beer, ale and light wines. Those who took first class licenses did so to avoid complications in renewing applications when prohibition is lifted by demobilization of the army. All licenses were stamped with notices in red letters that they were subject to federal regulations.

LOWELL MAN SAW BIG SCRAP IN TOLEDO

Robert Campbell, a Lowell man, who is now employed in Los Angeles, Cal., and who is well known among Lowell theatrical men as former stage manager of the Lowell Opera House, is spending a few weeks in this city at the home of his sister-in-law, Mrs. Katherine Campbell of 18 Jewett street. Mr. Campbell was "among those present" at the Willard-Dempsey scrap in Toledo on the holiday and gives a very interesting first-hand version of the former champion's downfall.

The first blow that Dempsey struck, Mr. Campbell says, was the blow that won him the championship. It was the third blow of the bout. Willard led off twice before Dempsey made any attack and while in a clinch as a result of the second Willard attack the new champ swung his right under Willard's arms and struck him on the point of the jaw. Willard was stunned, according to the Lowell man, and a second later his knees bent and he fell to the canvas, rolling over on his back.

When the first round was over Willard was on the floor and Dempsey thought he had won. He jumped into one of the aisles and half the crowd began leaving the arena, thinking the same. Mr. Campbell said that it was impossible to hear the bell as the striker was broken. Many of those present could not understand why the timer wasn't given a hammer with which to hit the gong. The only way that one could tell a round had started was to see the boxers in action.

Willard was a sorry mess when taken from the ring, he says. One eye was shut, his jaw bruised and blood streaming from a cut in his forehead as though from a nozzle. He found that sentiment was pretty much in favor of Dempsey, but few people in Toledo thought he had a chance with such a big man. The betting was 10 to 5 in favor of the former champ.

Willard seemed impatient before the start of the scrap and gave one the impression of a let's-get-it-over attitude. Dempsey, he says, is a fighter who has very little guard, but has a trick of making his opponent hit him when he is going away from him, thus minimizing the effect of the blow. This is his main protection. He has a terrific punch.

Mr. Campbell had to travel through a desert to get from Los Angeles to Toledo and during the three days that he was making the trip the thermometer averaged about 135 degrees. At the arena the temperature was 105. It was 16 years ago that Mr. Campbell left Lowell. He is now with the Los Angeles Orpheum, a unit in a chain of theatres that covers the entire country. He has seen all the recent big fights and says that of all the heavyweight champs Dempsey appeals to him most. He predicts he will be a second John L. Sullivan in popularity and sees no reason why he can't hold the title as long as he keeps in shape as there have been no contenders showing anywhere near the power that he has.

Mr. Campbell is accompanied by a brother, John T. Campbell, also well known here.

Trip to Montreal, Canada

Do you want to take a trip to Montreal? I am leaving Thursday morning. I have room for three (3) passengers in my automobile. Do not be afraid, for I am a good, responsible driver. Appointment by telephone 2792-3 immediately.

ADMIT AUSTRIA TO THE LEAGUE

May Join as Soon as It Complies With the Necessary Conditions

Decision Announced by Council of Five—Norway Presents Claims

PARIS, Monday, July 7.—The council of five decided today to inform the Austrian delegation that its government would be admitted to the League of Nations as soon as it complied with the necessary conditions. This notification will be in reply to the Austrian note on the subject. The reply will be of a friendly character. Decision was reached today by the council of five to lift the commercial censorship on communications with Germany simultaneously with the lifting of the blockade. This decision will not affect the censorship on matters of a political nature.

A Norwegian note today presented claims to the council for ships sunk by submarines and deaths of sailors. The matter of the repatriation of Armenians in Armenian Russia was referred to Viscount Milner, British member of the committee on mandatories. A decision to devote further time to consideration of Austrian territorial questions has resulted in the Austrian peace treaty being held up after the printers set the type and delivered the proofs.

It is stated that the treaty will not be ready for presentation before the end of the week, at the earliest, as there are many problems to be considered.

TO INVESTIGATE FIUME INCIDENTS

PARIS, July 8.—A commission composed of four generals, representing France, Italy, England and the United States, has been appointed to investigate the recent incidents at Fiume. The supreme council of the peace conference has also decided to appoint a committee of four members to inquire into Norway's claims to Spitzbergen.

POLICE COURT CASES

Lawrence Man Finds Lowell Traffic Laws Complicated — Pickpocket Fined \$100

Lowell traffic laws are very complicated these days, according to Jake Nistat of Lawrence. Jake paid a fine in police court after being found guilty of driving his motor truck within less than 8 feet of a street car which had stopped to unload passengers in Merrimack square last evening, and he blamed it all on our complicated traffic laws.

According to the testimony of the arresting officer and the starter on duty at the square last evening, Jake came along at a fast clip and attempted to drive through a crowd of people alighting from a street car. In doing so he ran into an auto stopped near the curb, and damaged it to some extent. Jake wanted to appeal the case, and asked if a certified check for \$1000 would be all right as security if he entered an appeal. He was told that a bond of \$200 cash could be required, or else it's equivalent in real estate, and finally decided to ante up the ten, still insisting that the traffic laws of the Spindle City were awfully complicated things—oh, yes, very much so, indeed.

Pickpocket Fined
A fine of \$100 was imposed in the case of Morris Campbell, a self-confessed pickpocket who said he hailed from the Hub. Morris pleaded guilty to picking Halli Rosten's pocket of \$31 on the evening of June 28 near the railroad station on Middlesex st. Unlike Jake from Lawrence, Morris lost no time in coming through with the cash—in fact, he seemed relieved to find that the sentence didn't call for a more severe penalty.

Case Continued
Charged with stealing 500 street railway tickets, valued at \$35, from Richard Atkinson last January, John F. Lalley pleaded not guilty. A continuance was granted until tomorrow.

HELD FOR GRAND JURY

Elmer Maki, Charged With Murder of Martin Gallagher, Held Without Bail

Charged with the murder of Martin Gallagher of 117 Methuen street, whom he is alleged to have stabbed to death on the Lakeview avenue hall grounds on the night of June 15, Elmer V. Maki, 24, of 473 Riverside street, was arraigned before Judge Fisher in police court today. Probable cause to believe him guilty was found by the court and he was ordered fully committed and held without bail for the grand jury. Edward J. Tierney appeared for the defendant.

The police allege that the murder came as a result of a quarrel between Maki and Gallagher over the purchase of some Jamaica ginger. Maki struck Gallagher with a stone, the police allege, and followed this by stabbing him several times with a double-bladed pocket knife.

Gallagher was found on the ball grounds early Monday morning with 11 knife wounds in his body but still alive. He died shortly afterwards at St. John's hospital.

Maki was arrested in Dracut the afternoon of the following day by Capt. James Brosnan and Sgt. Thomas McCoubrey.

Medical Examiner T. B. Smith was the first witness. He said he had performed an autopsy on Gallagher's body on June 17, and that Gallagher's death was due to hemorrhages caused by multiple incised wounds. There were 11 wounds on the body, he said, and nine abrasions of the skin. The wounds in the lungs and neck, he thought, were mainly responsible for Gallagher's death.

Asked if the double-bladed pocket knife with which Maki is alleged by the police to have committed the murder could have been the instrument which made the wounds, the examiner said that in his opinion the knife-blades were not large enough to cause any but two wounds in the neck and the wound in the neck.

John H. Dempsey, 49 Coburn street, the second witness called, said that in company with Gallagher, Maki and several other young men he had been sitting on a doorstep on Coburn street near Lakeview avenue drinking a mixture composed of Jamaica ginger and tonic, commonly known as "Jakey." Maki came along about 11 o'clock, and set up a round or two of drinks. Shortly before midnight, Dempsey said, he and the other young men went home, leaving Maki and Gallagher alone together. So far as witness knew, both men were sober when they were left alone.

John Burke, 11 Jewett street, one of the young men who had been drinking on the doorstep, was the next witness and told much the same story as Dempsey. He said Maki grew rather hoisterous and threw some Jamaica ginger bottles up against the house, and that Gallagher remonstrated with him.

Humbert Thomas, a Dracut police officer, said that he had met Maki near the American Woolen Co.'s mill in Dracut early Monday morning. His shirt was blood-stained, the officer said, and he had no coat or vest on. He said he asked Maki if he was going to work that day and that Maki replied he didn't know.

Later in the morning he met Maki again, this time in a clean shirt, and Maki told him he wasn't going to work because there was something the matter with his head. He was shown the knife which is alleged to have been used in the stabbing, and said it looked like his knife.

The proprietor of the house where Maki roomed was called and said that Maki had lived there a few weeks. On one occasion, witness declared, Maki had said that when drinking he always wanted to fight.

The last witness was Miss Helen Gallagher, 117 Methuen street, a sister of the dead man. She told of her brother leaving home early Sunday evening. At that time he said he would not return that night as he wished to see the circus come in.

The prosecution rested its case at this point, and no defense being offered by Mr. Tierney, the court found probable cause to believe Maki guilty and he was held without bail for the September session of the grand jury.

PRES. WILSON IS WELCOMED HOME

Returns From Historical Trip to France, Where He Signed Treaty of Peace

Thousands Line Harbor To Greet President and Party — Seaplane Forced Down

NEW YORK, July 8.—Escorted by a fleet of warships, the transport George Washington, bringing President Wilson home from France, passed quarantine on the way to Hoboken at 1:30 p. m. today.

Big Naval Escort

NEW YORK, July 8.—Four dreadnoughts and 35 destroyers from the Atlantic fleet formed the escort that met the S. S. George Washington with President Wilson aboard, 30 miles east of Sandy Hook early today. The presidential salute from these vessels was the first of the many welcoming ceremonies awaiting the president on his arrival here this afternoon.

In the harbor were 45 warships, headed by the flagship Pennsylvania, with Admiral Henry B. Wilson aboard, assigned to join the out-harbor escort. Vice President Marshall and members of the cabinet were assigned to the Pennsylvania, while the city's official welcoming party, headed by Mayor Hylan and Governor Smith, were aboard the municipal steamers Patrol and Correction.

On duty for the president's arrival were 1100 policemen from Jersey City and Hoboken forces, and several thousand school children were formed in River street to greet him with "The Star Spangled Banner" as he left the George Washington to embark for Manhattan in a special ferry boat. Hoboken was extensively decorated with flags and bunting.

Immediately after the welcoming exercises in Carnegie hall, President Wilson expected to go to the Pennsylvania station to take a special train for Washington.

The dreadnought Pennsylvania, with vice president and Mrs. Marshall, Secretary and Mrs. Daniels, other members of the cabinet, and a number of senators and representatives aboard, passed through the narrows on her way to meet the George Washington at 9:50 a. m.

The George Washington was eight miles southeast of Ambrose lightships at 9:55 a. m. She was being led by two destroyers and one battleship, and followed by two destroyers.

The leading destroyers of the presidential convoy passed the leader of the welcoming fleet six miles southeast of Ambrose lightship at 10:20.

Gompers Heads Labor Party

Samuel Gompers headed a delegation of 25 labor leaders from central and southern America who went down the bay on a city ferryboat.

Another ferryboat carried 1000 residents of Staten Island and a large number of relatives and friends of the soldiers returning on the George Washington. Buildings on Fifth avenue were draped with flags and more than 5000 policemen lined the route.

Over 2000 Troops on Board

The George Washington had on board 203 officers and 2286 troops, including 116 officers, 224 enlisted men and 36 civilians composing the second guard company of the peace commission and the presidential party.

Seaplane Forced to Descend

With a naval dirigible hovering overhead, the George Washington was sighted off Atlantic Highlands, N. J., at 11:40 a. m. The transport flew a huge American flag from the stern, the president's flag from the main truck and smaller flags on the fore and mizzen masts. A seaplane which went out to meet the transport was forced to come down on the sea.

Passes Ambrose Lightship

The George Washington and her convoy passed Ambrose Lightship at noon led by the battleship Pennsylvania carrying Secretary of the Navy Daniels and a party of other government officials.

President's Salute Fired

The president's salute of 21 guns was fired at Sandy Hook as the George Washington and the escorting fleet of destroyers passed. The George Washington was escorted by two battleships, thirty-eight destroyers, one mine sweeper and one dirigible. The destroyers Woolsey, Tarbell, Wicks and Vernal, which sailed from Brest with the president, new homeward bound.

RETURN TRIP OF R-34 DELAYED

Will Take Off Tomorrow Morning, "Wind or No Wind," Says Gen. Maitland

Hundreds Flock to Roosevelt Field To See Giant Dirigible

MINEOLA, N. Y., July 8.—The stay of the R-34, made necessary by unfavorable weather reports covering the next 48 hours and repairs to her motors, brought hundreds of visitors to Roosevelt field today. The airship will not take off on her return trip across the Atlantic ocean until after dawn tomorrow morning, "wind or no wind," although he hoped that weather conditions would be favorable.

Brig. Gen. E. M. Maitland, special representative of the British air ministry aboard the dirigible, positively declared that the R-34 would start tomorrow morning, "wind or no wind," although he hoped that weather conditions would be favorable.

Overhaul Engines

Mechanics began overhauling the engines today. It was believed that the work will be completed by tonight. Work on the machines was rendered impossible on Monday by the swaying of the huge gas bag in the strong wind that swept across Roosevelt field.

Twice last night the dirigible, which is moored to massive concrete anchors, Continued on Page 9

LOWELL WHEAT GARNERS

Returned Service Men and Others Will Harvest Wheat in Kansas—Perhaps

As the result of a wire received today by E. E. Pouzner of Lowell War Camp Community Service, from the mayor of Wichita, Kan., it appears that any Lowell men desirous of helping Kansas harvest her wheat must finance their own railroad fare from Lowell to Wichita, \$33.80.

The Wichita mayor said there was no fund at his disposal that could be drawn on to loan New England men their carfare to the wheat fields. What was true for his case Pouzner assumes is true for the community as a whole. They want wheat harvesters but not bad enough to pay carfares in advance.

So far as Lowell's representation in the wheat fields is at present concerned, the present status is this: Wednesday afternoon there will be a meeting at War Camp Community Service headquarters in Dutton street and at this meeting Secretary Pouzner after telling all the details and information at his disposal so far, will turn the meeting over to Lieut. Jerome H. Heiser, a returned overseas officer who has announced he would make the trip, financing himself, and would become a Kansas wheat harvester.

Lieut. Heiser is thoroughly familiar with the Kansas situation and will try to organize a party to leave Lowell as soon as possible to go and get these jobs in Kansas. Of something like 100 young men, including a great number of returned service men, who have applied to Dutton street headquarters to obtain information on the subject and who said they would like to go, the number now willing to go and able and willing to finance themselves to the extent of the \$53.80 necessary for carfare, is reduced to between 25 and 30, and it is probable that after the meeting tomorrow afternoon at War Camp Community Service building, nearly that number will have signed an agreement to go in Lieut. Heiser's party. It is probable that a special rate may be obtained for so large a party. If arrangements proceed rapidly it is possible Lieut. Heiser and the men accompanying him will leave Lowell not later than Saturday.

LOWELL MAN IS ROBBED IN BOSTON

Raymond Peabody of 165 High street, this city, on the eve of an intended trip to Chicago, was robbed of \$100 and a pair of trousers at a Boston hotel on Sunday night, according to the statement made by him in Lowell today.

Mr. Peabody, who has recently been discharged from the army, had been stopping at a Boston hotel for the past week, while making preparations for his trip westward. On awakening, however, his trousers were missing along with the money and although he immediately notified the Boston police and an investigation followed, no clue and no robber has been found as yet.

Mr. Peabody said today that his room was on the fourth floor and opened on a fire escape and the police share his belief that the robber entered through an open window after climbing the fire escape steps.

The Lowell man has returned in his home here and will await some word from the Boston police.

CITY COUNCIL HOLDS MEETING

School Department Budget Delays Action on Wage Advances

To Come Up Again Thursday—Lively Tilt Over Loan Orders

Action on the petition of employees of the various municipal departments for a 15 per cent increase in wages was again deferred by the city council at its regular meeting this morning owing to the request of Richard Brabrook Walsh, chairman of the school committee, that the supplementary budget be kept open until after this evening's special meeting of the school committee. The council will meet again Thursday morning when the matter will undoubtedly be taken up.

This morning's session was somewhat enlivened by the opposition to Commissioner Dennis A. Murphy's request for action on his loan orders submitted last week for \$75,000 for macadam and \$25,000 for sewers. He stated that he had not a sufficient amount of money left from his sewer appropriation to meet the current payroll. However, the council voted to defer action until the next meeting.

Meeting in Detail

The meeting was called at 10:15 with all members present. The New England Telephone & Telegraph Co. was given a hearing on its petition for a pole location at 63 Claire street. Timothy H. Beardon protested, saying that Claire street was unusually narrow and that the pole might be located in a 40-foot street no more than 75 feet away. The matter was referred to Commissioners Murphy and Marsh.

Petitions of the same corporation for pole locations in Pembroke and Shaw streets were referred to the same commissioners after hearings and similar action was taken on the petition of the Lowell Electric Light Corp. for a pole location in Royal street, near Westford.

Hearings were held on the following garage and gasoline petitions and Continued on Page Nine

FISHING SCHOONER SUNK

Went Down in Collision With U. S. Steamer Magunkook—Crew Rescued

NEW YORK, July 8.—The American steamship Magunkook which arrived today from Rotterdam, reported sinking in a collision with the gasoline fishing schooner Edmund F. Black, Portland, Maine, off the George Banks in a fog last Sunday night. The schooner's crew of eight men were rescued and brought here.

PORTLAND, Maine, July 8.—A gasoline fishing schooner Edmund F. Black, sunk off the Georges Bank Sunday night, was owned principally by the Willard-Daggett Co., of the city. Frank W. Doughty of Portland, the captain, is agent of the vessel, which was valued at \$10,000. She had been gone three weeks and was expected here daily, with a cargo of value at from \$2500 to \$5000. Word had been received here of the accident. The schooner was built at East Boothbay in 1909 and registered 66 tons gross.

CARMEN'S STRIKE ENDS

Cleveland Service Resumed—Demands Granted—New Fare 11 Tickets For Soc

CLEVELAND, July 8.—Street car service was resumed today after 2000 employees of the Cleveland Railway Co. had been on strike since Sunday morning.

Demands for an increase in wages from 45 cents an hour the first three months of service, 46 cents the next months and 48 cents thereafter to 55 and 60 cents, respectively, were granted, and the company agreed to submit to arbitration a demand for increase in dividends from 6 per cent to 7 per cent.

A new fare of 11 tickets for 50 cents with one cent for transfer went into effect today.

VICTORY DAY IN PARIS JULY 14

Elaborate Plans For What Promises To Be Greatest Day in History of Paris

Flags of All American Divisions Which Fought in France Will Be in Line

PARIS, Monday, July 7.—(By the Associated Press.)—The regiment of American soldiers which will follow Gen. Pershing and the members of his staff in the great parade on Victory day, July 14, will, both from physical appearance and past performance be worthy companions for the victors of Verdun, the Marne and the Yser. Flags from all the American divisions which have fought in France will be carried by members of units chosen from those organizations.

Victory, like war, caught the French unawares. Six months ago elaborate plans were made for the celebration of Victory day. Then came the peace conference, with its delays of weeks and months, and the average Frenchman doubted if the fête would ever take place, some doubting even victory itself. At two weeks' notice the French were called upon to make arrangements to celebrate what promises to be the greatest day in the history of Paris, which is replete with glorious days.

\$600 for Single Window
Not all the citizens of Paris, however, are thinking of July 14 in a disinterested manner, as symbolizing glory and triumph. Many of them are apparently coupling glory and gain. If one may judge by the prices asked for window and balcony seats along the Champs Elysees and for hotel accommodations in the city, in the vicinity of the Arc de Triomphe especially the prices paid for the rental of a window for two hours would provide homes for indigent families for years. For a single window or balcony seat from \$200

Saved My Life Says Man in Maine

Henry O. Hanley of 17 Cross street, Belfast, Maine, writes us: "I am feeling better and think your Elixir (Dr. True's Elixir) saved my life."
Dr. True's Elixir is a great medicine, a family laxative and worm expeller. It tones the stomach, moves the bowels and cures worms. Surprising as it is, how many people have worms. Children suffer agony from worms. Signs of symptoms of worms are: Deranged stomach, swollen upper lip, dry cough, offensive breath, hard and full belly with occasional gripings and sudden fits, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short, dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.
Write us if you want to. Address, Dr. J. F. True & Co., Auburn, Me.
Get Dr. True's Elixir from your dealer at once. The cost is small. It expels worms and restores health. On the market for over 50 years.—Adv.

Don't get sick

Don't hurry your meals. Don't eat when overtired, rest a few moments before eating. Don't borrow time for work that belongs to rest or sleep. Don't neglect the first symptoms of illness or disordered digestion. Don't allow the bowels to become constipated, but if you are so unfortunate DON'T delay taking one or two teaspoonfuls of "L. F." Atwood's Medicine on retiring at night. It has a record of sixty years and never fails to relieve constipation and biliousness.
All dealers have it in large bottles for fifty cents. Be sure to get the "L. F." kind. A generous sample mailed free on request by the "L. F." Medicine Co., Portland, Me.

to \$600 will be paid and the price of a balcony situated midway between the Place de la Concorde and the Arc de Triomphe is advertised at \$3000. There are accommodations on that balcony for about 20 persons. Hotel keepers are raising their prices from 50 to 100 percent for the week of July 10-17, turning out their guests of long standing to make room for prospective visitors.

Mask Decorations
The work of decorating the Champs Elysees is being pushed with haste, 120 painters and 20 sculptors working in shifts. The city is already beflagged with banners remaining over from peace and from the Fourth of July celebrations. Three hundred carpenters and a thousand laborers are working in eight-hour shifts, according to the new eight-hour law, in erecting stands along the course where the parade will pass. More than 3000 men are actually at work preparing for the celebration.

Celebration in London July 19
PARIS, July 8.—General Pershing will accompany a detachment of 3200 American troops who will go to London to take part in the victory celebration there on July 19. Colonel Conrad S. Babcock will be in immediate command of the troops. The visit of the soldiers to London will be prolonged until July 26.

FREE ALL PRISONERS

Mob Attacked Castle and Detention Prison at Hanover, Germany

BERLIN, July 8.—A mob attacked the castle and the detention prison at Hanover yesterday and released all the prisoners. The guards surrendered their arms without resistance. Fighting occurred between the mob and the government soldiers.

HIGH COST OF DOCTORS

Paris Physicians Double Fees For Days and Triple Them For Night Calls

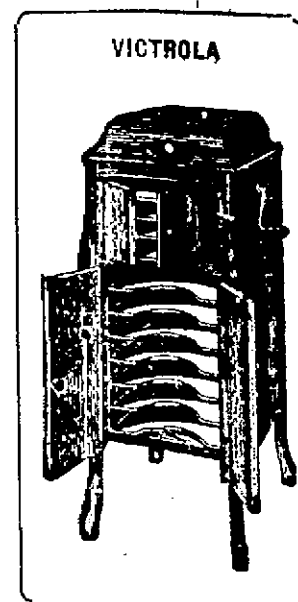

PARIS, July 8.—The doctors of Paris today increased their fees for day services to double the rates before the war. Fees for services at night will be three times the pre-war rate.

HOME ON FURLOUGH

Coxswain James Brosnan, son of Captain and Mrs. James Brosnan of High street, who is a member of the crew of the U.S.S. Mt. Vernon, is enjoying a week's furlough at the home of his parents. The U.S.S. Mt. Vernon is now anchored at Hoboken, N. J., and is expected to sail for Brest, France, within a week or two. Coxswain Brosnan informed his parents that while the ship will be anchored at Brest the crew will be given a leave of absence of three or four days in order to visit Paris. The young sailor is in the best of health and expects to be discharged from the service upon his return from France. He enlisted two years ago last May.

FOR NEW GOVERNMENT

Formation of Separate Turkish Government in Asia Minor Indicated

PARIS, Monday, July 7.—The formation of a separate Turkish government in Asia Minor by Mustafa Kamel Pasha and Essad Pasha is indicated as a possibility in dispatches received in peace conference circles from Greek sources.

Kamel Pasha, who is reported to have 10,000 troops with 17 heavy guns and many machine guns, is said to have refused to comply with an order to return to Constantinople.

Essad Pasha is understood to be in Asia Minor in the territory controlled by Kamel Pasha and they are in touch presumably in the hope of forming a coalition for a new government.

WANTS OTHERS TO TRY REMEDY THAT GAVE HER HEALTH

Stomach Trouble Gone, Says Meriden Woman, After Taking Dr. Williams' Pink Pills
"During nearly three years of illness," relates Mrs. W. P. Jones, who lives at No. 20 Crown street, Meriden, Conn., "I had tried many preparations and prescriptions without any improvement in my condition. My failure to find anything to relieve my suffering began to worry me and I was all but ready to give up hope when I heard of Dr. Williams' Pink Pills and their success in restoring general bodily health by enriching the blood."

"By this time my stomach was in such a condition that I couldn't eat a good meal without distress. I suffered from cramps for hours after eating with the result that I lost sleep and was always tired. My blood was so poor that I was numb in parts of my body. My limbs were sore and stiff and I had rheumatic pains in my shoulders. I became very nervous and restless."

"A few weeks after I commenced taking Dr. Williams' Pink Pills my blood became richer and it seemed only a short time before my whole body improved in tone. My stomach is stronger now and I can eat heartily without suffering from cramps or indigestion. I sleep well and the stiffness has left my limbs. I feel it a duty to recommend Dr. Williams' Pink Pills for they helped me when nothing else did."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write today for the free booklet "Diseases of the Nervous System."—Adv.

NEW CHAPTER OF 66th CONGRESS

Convened Today After Week's Session—Plan Reconstruction Legislation

Wilson's Appearance Before Senate Thursday, Eclipses All Other Matters

WASHINGTON, July 8.—The 66th congress, called in session by President Wilson seven weeks ago, began a new chapter when it convened today after a week's recess. Having passed all of the appropriation bills carrying funds needed for the fiscal year, leaders planned to begin work at an early date on the reconstruction legislation made necessary by the change of the country from a war to peace basis, while in the senate the next few months at least are expected to be given over largely to consideration of the German peace treaty and related subjects.

Wilson to Speak Thursday

The appearance before the senate Thursday of President Wilson to explain the peace treaty and its League of Nations covenant and the Franco-American agreement, in the opinion of senators, eclipses all other matters on the senate program for the week. No important business was on the senate calendar to be taken up immediately, and it was considered probable by some members that the senate might adjourn until Thursday soon after meeting today.

Prohibition Legislation

In the house, activity this week will center on committee work with the exception that legislation for enforcing prohibition probably will be called up for consideration on the floor. Investigation of war department expenditures will be continued during the week by sub-committees, while work on some phases of merchant marine legislation will be undertaken by sub-committees of the merchant marine committee. The interstate commerce commission plans to complete its program for hearings on railroad legislation that are to begin July 15. The ways and means committee is expected to consider special legislation for protection of industries which sprang up during the war before beginning work on a general revision of the tariff.

Tentative plans of house leaders called for the prohibition enforcement legislation to be given the right of way in the house beginning today, but its supporters were uncertain whether these plans would be carried out.

Mrs. Anna Houran of Bennington, Vt., observed her 84th birthday anniversary by walking two miles on a scorching day to pick strawberries for her birthday cake. Thirty-six relatives were present at the feast, including seven grandchildren and 14 great-grandchildren.

LEAGUE WILL PROTECT JEWS

Special Treaties and League of Nations Will Protect Minority Peoples

Stephen Pichon Replies to Communication From Group of Deputies

PARIS, Monday, July 7.—Special treaties and the League of Nations will protect minority peoples, especially Jews, in the countries in eastern Europe, Stephen Pichon, the French foreign minister, points out in reply to a communication from a group of deputies, who expressed deep feeling over reports of a massacre and persecution of Jews in eastern Europe.

Massacre of Jews

"Information we have collected," the communication says, "shows there may have been some exaggeration, but it is certain that a foundation of cruel truth remains which the Poles do not hesitate to recognize. We know with what energy the French government defends the rights of all ethnic and religious minorities. But unfortunately, owing to a lack of publicity of debates in the peace conference, Israelites of the whole world, notably those in America, suppose that France has forgotten her traditional role of defender of the oppressed, leaving their cause in the hands of other representatives at the conference."

The letter asked M. Pichon to make known officially the attitude of France in the peace conference in favor of the Jews.

France Aided to Help Jews

M. Pichon assures the deputies that the French government took the initiative on the beginning of the peace conference to insure a thorough examination of Jewish questions. The French representatives were placed on the first commission on Jewish affairs, the appointment of which was one of the first acts of the conference. He says that this commission studied the question with the commission set up for the consideration of questions regarding new states, the chairman of which was a Frenchman.

Complete Liberty for Jews

"Qualified representatives of the Polish and Rumanian governments declare their readiness to accord the Jews complete liberty and equality in politics, religion and language," he writes.

His letter points out that it would be most dangerous to create special privileges for Jews, "as our final object is to guarantee the rights of minorities until the day they are welded into the nations so that they are indistinguishable from other citizens without losing their ethnic or religious characteristics."

Permanent Protection

The letter says that protection is assured by special treaties between the great powers and each nation contain-

ing minorities, but these treaties are only precautionary measures.

"The society of nations will provide permanent protection," M. Pichon concludes. "The French government is ready to render homage to the role played by the great allies in defense of oppressed minorities, but cannot allow it to be said that any precedent in this direction. It is its urgent hope that social and religious inequalities will disappear and will become a mere memory."

"REDS" OCCUPY ALL FOREIGN EMBASSIES

HELSINGFORS, Sunday, July 6.—It is reported that all foreign embassies, legations and consulates in Petrograd have been occupied by Bolshevik troops. The archives have been seized and those in charge have been arrested and handed over to an extraordinary commission dealing with charges of espionage against the soviet government.

LITTLE MISUNDERSTANDING

Alleging that their wages have been cut down, ten women employed at the Merrivale Cleaning Co. in Howe street, went out on strike yesterday. The women claim that their wages heretofore have been \$8, \$12 and \$18 a week, according to the kind of work they perform, and that these amounts have been reduced to \$6, \$9 and \$15. When questioned about the strike this morning the superintendent of the company stated that a misunderstanding between the help and officials of the company was the cause of the trouble, but that everything was all right this morning. He said most of the women have returned to their work.

ROASTER ROASTED

A slight blaze in one of the roasters at the Nichols tea store in John street was responsible for a telephone alarm at 8:45 o'clock this morning. No damage.

Best Thing Known For THIN NERVOUS PEOPLE

TWO LIQUOR STORES SELL "NEAR BEER"

Two liquor dealers, Andrew Roach of Bridge street and John P. Hall & Co. of Lakeview avenue, have re-opened their stores for the sale of one-half per cent. beer, the only brew which the state of Massachusetts holds as non-intoxicating.

This beverage, or "near beer" as it is familiarly known, also is being sold in grocery and other stores, as there are no restrictions to its sale. As far as can be learned the above named liquor establishments are the only ones to re-open since the prohibition measure went into effect on July 1.

A meeting of Lowell liquor dealers will be held tomorrow afternoon for the purpose of discussing the opinion of the city solicitor on the granting and operation of second class licenses.

Some years ago a bevy of Washington girls formed an "Old Maids' club," pledging themselves not to marry. The last unmarried member of the club was a June bride this year.

POSLAM'S BALM ENDS ITCHING SOOTHES SKIN

For eczema you must have an efficient, competent remedy to see true results. Poslam is so good for skin troubles that you can make no mistake in trying it first and for all. Apply right on the places that burn, itch and harass; they will be pacified, soothed, cooled. Poslam offers quality to each ounce that cannot be equalled by pounds of inefficiency. For every form of eruption on the skin, pimples, scalp-itch, rashes, blemishes, burns, itching feet. Sold everywhere. For free sample write to Emergency Laboratories, 243 West 47th st., New York City. Poslam Soap, medicated with Poslam, brightens, beautifies complexion.—Adv.

SEN. NEW'S STATEMENT

Explains Connection With
Harry S. New, Held For
Murder of Sweetheart

WASHINGTON, July 8.—Senator New of Indiana last night issued the following statement regarding the arrest in Los Angeles on a charge of murder of Harry S. New who claims he is a son of the senator:

"I have just this to say about this whole deplorable matter. More than 30 years ago, when I was in my twenties and unmarried, I knew Mrs. Burger. There was never at any time a question of marriage between us. Conditions arose which I did not care to dispute, which resulted in my doing everything in my power to make amends then and later. Whatever I did in that direction was of my own accord and no one else had anything whatever to do with it. The affair was ended 30 years ago. Since that time, the people of my home city are the best judges of what my life has been. I never shirked any responsibility that has come to me and I never shall."

Finally it was arranged that auction sales of all that was not disposed of privately should begin the latter part of June. There was demand for most of the material and our early inquiries indicated that good prices would be obtained and also that we would have little difficulty in getting rid of everything we had.

"I want to lay emphasis upon the hospitality shown by the English people toward the American soldier now that I am going home. We have been entertained and looked after officially and unofficially. The special committee of the ministry of information which provided entertainment at camps and for men on leave view with the American organizations in making life pleasant and the real spirit of hospitality was emphasized by the great number of English families residing near American centers of activities who made strange American soldiers welcome in their homes."

SEN. JOHNSON SCORES LEAGUE OF NATIONS

PROVIDENCE, R. I., July 8.—United States Senator Hiram W. Johnson of California speaking here last night, declared that the proposed League of Nations was not in reality an association to prevent war, but a "League of armed nations in a gigantic war trust."

"In its very creation," declared the senator, "it has been stripped of every idealistic purpose it ever had. It contains within itself the elements of many wars, and worse than that it rivets, as in the Shantung decision, the chains of tyranny upon millions of people and cements for all time unjust and wicked annexations."

"This League of Nations, with the men who really wrote it, was meant to obtain peace only insofar as peace maintained forever inviolate their territories and their subject peoples; and it was meant that this kind of peace should be obtained by the exercise of the power and the force of the United States."

Summing up his arraignment of the league covenant, the senator said:

"In a word, Mr. President, this league means that American boys shall police the world; that all the toiling nations of the earth shall be upheld by our blood and our bone; that Europe, Asia and Africa may draw upon us in their every dispute and quarrel; that our nation will be at the mercy of European and Japanese diplomats, who never had and never will have any sympathy with our aspirations or our ideals; that we, with our glorious past,

shall guarantee the territorial integrity of every country on earth and the bondage of every suffering people in anguish begging for freedom; that we destroy our Monroe doctrine and submit controversies on the American hemisphere to determination by foreign powers. It means that I must abandon the lessons of my youth, which until this moment have been the creed of my manhood, of American ideals, American principles and American patriotism; that I must deny the Americanism I taught my children, and that under God's blessing I hope to teach my grandchildren. It means the halting and betrayal of the new world idealism, the triumph of cynical old world diplomacy, the humiliation and end of American Idealism. The issue is Americanism and I am an American."

HINDENBURG OFFERS LIFE

In Letter to Foch, He Places
Own Person at Disposal
of Allied Powers

COPENHAGEN, July 8.—Field Marshal von Hindenburg, former chief of the German staff, has written Marshal Foch appealing for his support of efforts to prevent the extradition of the former German Emperor, Von Hindenburg offered, also, to place his own person "fully and absolutely at the disposal of the Allied Powers."

Field Marshal von Hindenburg sent a telegram to President Ebert of the German government on Friday, in which the former German commander assumed full responsibility for the war orders and proclamations issued in the name of the former German emperor, according to a Copenhagen dispatch received in London Saturday.

557 PERSONS KILLED IN STREET FIGHTING

MUNICH (By Mail).—Five hundred and fifty-seven persons were killed in street fighting during the communist insurrection from April 30 to May 8. The casualty lists report that 35 government troops, 155 Red Guard troops and 377 civilians were killed and 303 wounded. One hundred and eighty-six were executed, of which 42 were insurgents and 141 civilians.

K. OF C. TO OPEN SCHOOL FOR SERVICE MEN

BOSTON, July 8.—The new venture of the Knights of Columbus in establishing a free evening school for service men has met with success, judging from the large number who registered last evening in the reception hall of the Knights of Columbus service house, 204 Berkeley street.

The heaviest registration was in the courses in civil service requirements, stenography, typewriting, Spanish and French. Classes in these subjects will begin work tonight. More than 100 were registered in these classes, and it is expected that additional classes will be formed within a short time.

Applicants also registered last evening for instruction in penmanship, English, accounting, commercial law and bookkeeping, and also in the special classes in Americanization, which includes in its course English, history, arithmetic, geography and citizenship.

There

is nothing so good
for children's skin
and scalp troubles
as Cadum Ointment

Cadum Ointment can be applied to the tender skin of infants and children suffering from tetter, rash, eczema, chafing and similar troubles. It stops the itching at once, and much suffering from skin troubles may be avoided by the timely use of this wonderful remedy. Cadum Ointment is also good for pimples, blotches, itch, scaly skin, eruptions, sores, cuts, burns, ringworm, insect bites, etc.

Cadum Ointment is a French preparation made in America from the original formula

A Year-Round Tonic
That's what the right food always
is, but what's the right food?

Grape-Nuts

was devised to supply body and
brain with necessary food val-
ues—summer and winter.

Not merely a delightful "something
to eat."
Not merely "something to fill up on."

But a *tissue builder*—a recon-
structor of tired and wearing
parts—with wonderful flavor
and wholesome nutrition.

Each Morning—a Dish of
Grape-Nuts

These classes will begin work tomorrow evening.

The school will be conducted at 294 Berkeley street during the summer and, if there is demand, throughout the year.

Instructors in the various departments are men selected on account of special fitness for the teaching staff of the Boston schools. John C. Riley, principal of the Franklin Evening school, has been appointed supervisor of the educational activities of the Knights of Columbus. Principal Riley, who is also submaster of the Gilbert Stuart district, Dorchester, has had much experience with army men in his work as director of the Army Camp school at Camp Devens.

Principal Riley plans later to install classes in motion picture operating machines and automobile and power boat engineering.

FOR REPEAL OF WAR TIME PROHIBITION ACT

WASHINGTON, July 8.—Five members of the house judiciary committee, in a minority report on the prohibition enforcement bill made public last night, declared that congress should repeal the war-time prohibition act or at

least lift the ban insofar as it relates to the manufacture and sale of light wines and beer.

While this report was being prepared, Chairman Volstead of the judiciary committee announced that he had asked for a rule to make the general enforcement bill in order for immediate consideration with a view to calling it up today in the house. There was no assurance, however, that debate would begin at once, and the general view was that consideration would go over until Thursday.

Mr. Volstead said that so far as he was aware there was no intention of separating the measure so as to put before the house a straight bill for enforcement of the war-time law. Members said last night one man's guess was as good as another's as to whether the prohibition question would be called up today.

The minority report was signed by Representatives Judd, Missouri; Steele

Pennsylvania; Card, Ohio; Democrats, and Pycer, Missouri, and Classon, Wisconsin, Republicans.

The report based its objections to the enforcement bill reported out by the committee upon three principal grounds, and challenged the power of congress to pass it because in defining

intoxicating liquors it went beyond the original act, and was, therefore, no legislation.

A SOAP LESSON

Pure Castile Soap should be of white texture, smooth grained, made of pure Olive Oil and no other oil. Not tested and shriveled because of excess water—it should leave the skin smooth and soft.

Leco meets all these requirements; that is why Doctors, Nurses and Hospitals use it. Leco is made in Castile, Spain—has been for 112 years. When you buy Leco brand you buy an absolutely pure Castile Soap. Try it. FOR SALE AT ALL GOOD DRUGGISTS. LOCKWOOD, BRACKETT & CO., BOSTON. Sole Importers of Leco Castile Soap.

ESCAPES WITH CELL LOCK AND CHIEF'S REVOLVER

HINGHAM, July 8.—Of course a thief who would steal the automobile and clothing of a party of bathers and leave them stranded, as did James Elwood, 23, of Atlantic City (name and address both suspected to be fictitious), on Sunday, at Nantasket, might be expected to abuse the hospitality of a police chief, but little did Chief James think that in taking Dutch leave from the chief's headquarters yesterday he would also take away with him the cell lock and, it is thought, one of the chief's favorite revolvers.

This, however, is just what Elwood did. And Chief James has sent out a general alarm for his roundup, determined that if he is returned to the local jail he will not again escape. For, be it known, the escape of Elwood was the second attempt he had made. His first attempt was frustrated by the chief when Elwood succeeded in getting well out of the jail and had started down the road toward freedom.

The chief heard him making his getaway. He gave chase and when he pulled his revolver on him, Elwood "caved" and surrendered.

The second, and successful attempt was made while the chief and his assistant officers were at dinner. Chief James had replaced Elwood in his cell and doubly barred the door after the first attempt. Elwood as soon as the chief and the other officers had left the jail freed himself by removing the padlock from his cell, picked the lock in the jail office and calmly walked out.

It all began when Chief James got a telephone call Sunday telling him that an automobile accident had occurred on Lincoln street. He went to the point and, upon questioning one of the operators, found that his title to the car he was driving was none too clear. He placed him under arrest, kept him over night and took him to the district court in Abington yesterday. Judge Kelley there held him in \$500, at Chief James' request, for the chief had an idea that Elwood was more than a simple auto thief and wished an opportunity to investigate his past.

When Elwood was placed in the cell following his initial attempt to escape, Sgt. Stevens told the chief he was

Fatness Kills 31,000 Yearly

Fat is fatal to health and personality. It is estimated that over 31,000 persons died each year in the past decade long before their allotted span of life, through the effects of excessive fatness. Any overcast man or woman is carrying unhealthy adiposity that is pressing against and injuring vital organs of the body. The heart, that delicate human apparatus, becomes congested. In numerous cases there are dangerous gatherings of packed-in fat around the throat, stomach, liver and other delicate parts.

Through overeating the afflicted person while apparently well is liable to nervousness, neurasthenia, physical or mental collapse and other disorders. Fatness is irritating. Cases of heart failure, apoplexy, aneurysm, etc., are frequent cases of premature death. Fat persons are particularly victims of accidents and are more liable than healthy, slender persons to death from influenza, pneumonia and other severe ailments.

If you are overcast you should know it is truly a case of slow suicide for you to kill yourself a good many years before you are old. Simply because you do not understand the cause of your fatness, you do not know how to get rid of it. There is a deliciously successful method of weight reduction known as the Kellogg system. It consists of some simple directions with the use of all of the food. This method is so pleasant because it contains no food or other such drastic treatments, no strenuous exercises, no starvation. Indeed, you may eat all you need. The food which is prescribed is so deliciously palatable that you will not feel deprived. A reliable self-cure. By reducing now you may expect greater contentment, happiness, increased mental and physical efficiency, better health and a longer life. Be fair to yourself and those who are dear to you. Surprise everybody with your renewed vigor, vivacity and surpassingly superior personality. Get oil of kerosene (the easy kerosene system is in each pkg.) at the drug store without delay, or by mail, send \$1.00 cash, stamps or money order to Kellogg Co., 231-69, Station P, New York, N. Y.

Phone 1550 Established 1828

WHY RESTRICTIONS ON IMPORTS WERE LIFTED

NEW YORK, July 8.—An official announcement is made here by the French high commission in explanation of two decrees recently issued by the French government under which restrictions on imports into France were partially removed.

Under a decree becoming effective June 20, the prohibition of import was lifted on all merchandise not enumerated in the decree. The principal articles of merchandise which remained prohibited for the time being, except under license, are enumerated by the announcement as follows:

Cold storage meats, carded and combed wool, cheese, salt in seed of flour, (drinks?), oil, potassium, chemical products, derivatives of oil tar, perfumes, twines with the exception of binding twine, textiles, newspaper, dressed or made up furs, gold or silver wares, jewelry, clocks and watches, arms, powders and munitions, musical instruments and their parts, various articles of luxury, tobacco, and other materials prohibited by special law such as saccarine, distilled liquors, chemical matches, etc.

The second decree, gives the table of surtaxes at valorem to be levied in addition to the specific duties on taxes.

The rate of surtaxes varies with the nature of the products under consideration and according to whether the general tariff or the minimum tariff is to be applied; it ranges between 5 per cent and 20 or 30 per cent and occasionally 40 per cent.

For example: The surtax on typewriters is 10 per cent general tariff, and 5 per cent minimum tariff, that on automobiles is 20 per cent general tariff, and 10 per cent minimum tariff for those which are not already taxed at valorem. For this latter, the tax is 70 per cent. It has not been increased.

EX-KAISER AND WIFE ARE NOT WORRYING

AMERONGEN, Sunday, July 6 (By the Associated Press).—Former Emperor William and his wife are apparently unperturbed by the possibility that proceedings will be brought by the entente for his extradition. Members of his suite have indicated in conversations with the correspondent that it was their opinion that any proceedings from allied quarters would be protested for many months without any certainty that the Netherlands government would consent to hand him over for trial.

They are almost unanimously convinced that they are here for a long sojourn and are making preparations accordingly.

CRESCENT HILL ASSOCIATION

The Crescent Hill association held its regular weekly meeting Sunday with President Joseph Sousa in the chair. The executive committee reported three parcels of land suitable for a club house and after considerable discussion it was voted to lay the matter over until a later date. It was also reported that the club features, entitled "Willard, Dempsey and Second" and "Dr. Killum" had won first and second prizes in the Fourth of July parade. The prizes were \$10 and \$5, donated by the club. The athletic and dance committees made progressive reports and considerable other routine business was transacted.

FRYATT'S BODY HOME

Taken From Belgium to Dover, Eng., on Destroyer—

England To Honor Mariner

LONDON, July 8 (By the Associated Press).—The body of Capt. Charles Fryatt, executed in 1916 by the Germans for attempting to ram a submarine, was brought to Dover yesterday aboard a British destroyer, escorted by vessels of the Dover patrol.

The casket, on a gun carriage, was drawn solemnly from the destroyer to the railway station accompanied by a naval escort and civil authorities. The casket was placed in the station under a military guard for the night. It was taken by train today to London, where a national memorial service was held at St. Paul's cathedral.

The case of Capt. Charles Fryatt has been classed with that of Edith Cavell, the British nurse who was executed by the Germans. Capt. Fryatt was commander of the British steamer Wrexham on March 26, 1915, when the German submarine U-33 ordered the Wrexham to stop near the Maas lightship. Capt. Fryatt, acting, as he afterward said, under orders of the British admiralty, attempted to ram the submarine. The German U-boat narrowly escaped by diving. His exploit was hailed in England as a brilliant one and no attempt was made to keep his identity a secret. Instead the British admiralty gave him a gold watch for his "brave conduct" and he was mentioned in the house of commons. Thus the Germans learned the identity of the mariner who had attempted to sink their submarine.

More than a year afterward, on June 24, 1916, Capt. Fryatt was captured by the Germans, together with the steamer Brussels. About a month later, July 28, the announcement came from Berlin that Capt. Fryatt had been executed by shooting after a trial before a German court martial. The German official statement declared that the captain was executed for a "franc-tireur crime" against armed sea forces.

The trial was held at Bruges on July 27. The British foreign office had learned about 10 days previous that Capt. Fryatt was to be tried and through the American ambassador in Berlin, James W. Gerard, had endeavored to provide for his defense before the German court. The British government asserted that Capt. Fryatt's action in steering his vessel toward the submarine was essentially defensive and that he had an undoubted right to

TAKE HAIR OUT NOT OFF THE SKIN

Hair is bound to grow out coarser and stiffer when merely removed from the surface of the skin. The only way to remove hair is to attack it under the skin. DeMiracle, the original sanitary liquid, does this by absorption.

RICARD'S

123 CENTRAL ST.

When I Feed My Baby

I LOVE to feed my baby. It seems somehow something more than just fixing his bottles and giving them to him.

It seems like giving him actual health—watching his cheeks grow pink, watching his little arms and legs fill out and dimple, watching him sleep better and smile oftener as he grows stronger and takes a firmer grip on life.

It was our old doctor who said, "Try Nestlé's. You know he must have milk in some form—and Nestlé's is a food made out of pure milk, only the curds of the milk are broken up and made easier to digest."

"It has already added to it just the right amount of cereal—just the right amount of sugar. It comes to you a clean, fluffy powder in an air-tight tin—all you have to do is add water and boil. There are none of the germ dangers of raw milk—it is the nearest thing I know to mother's milk itself."

And now I love to feed my baby with those warm, full bottles of the food that have taken away fear from my heart.

I know the Nestlé Company will be glad to send you enough for twelve feedings and a Mother's Book by specialists on how to take care of your baby, if you will fill out and send the coupon below. They want you to feed your baby with health and happiness, too.

Nestlé's is pure milk in powder form that is already modified and does not require the further addition of milk. Always pure and safe, always uniform, and free from the dangers of home modification, Nestlé's has stood the test of three generations and has today the largest sale of any baby food in the world.

FREE! Enough Nestlé's for 12 feedings. Send the coupon!

2000 CIGARMAKERS STRIKE IN BOSTON

BOSTON, July 8.—More than 2000 of the 2400 members of Cigarmakers' union, Local 97, of this city, went on strike yesterday against the local manufacturers as a result of their failure to put a 13 7-11 per cent. wage increase into effect. This strike closes up all the big shops, but a number of the smaller manufacturers, who granted the increase were allowed to continue their work.

The strike is entirely a local affair, although it comes at the same time as the strike of more than 40,000 cigarmakers in New York and the general strike, which is spreading across the country, called for the purpose of establishing a standard wage scale for all workers at this trade.

The strike outside of Boston is for the purpose of bringing the wages up to those of this city, which will prevail under the new "bill of prices." This calls for a wage of \$22.50 for making 1000 cigars which retail for 10 cents, instead of the present scale of \$13.80, and a wage of \$14.37 1/2 per 1000 instead of the present scale of \$12.65 for the five-cent cigar.

According to William Collins there will be strikes called in all the other cigar manufacturing cities in New England this week; the employees of a big shop at Manchester, N. H., striking yesterday morning.

Mr. Collins, who is president of the union, stated that the increased wages would mean less than one-fourth of a cent increase for the smoker of 10-cent cigars and less than one-fifth of a cent on the five-cent goods.

Among the big manufacturers affected by the strike are the Waltham & Bond company, H. Talsen company, C.C.A. company, M.C.A. company, Etcho, Boston's and Grisham company.

EXPLAINS AGREEMENT TO AID FRANCE

PARIS, July 8.—(French Wireless service).—The Petit Parisien, explaining the agreement entered into by the United States and Great Britain to come to the aid of France in case of unprovoked aggression by Germany, says: "For the first time a convention of this kind is made public directly after its conclusion. This may be called an act of diplomacy accomplished in the face of the whole world; and all the more decisive for not being kept secret in the chancelleries. The circumstances relative to its conclusion are known."

"The League of Nations cannot operate immediately. Years may go by before it really comes into force, and in the meantime France may again be the victim of aggression. The danger of aggression menaces France more than any country which is a member of the league, America being far away and England more than ever protected by the sea."

"Mr. Wilson and Mr. Lloyd George realized that France needed an immediate guarantee, the simple proclamation of which would keep in check any desire for aggression. The agreement published answers the purpose; it will come into force if any unprovoked act of aggression is made against France. But who could imagine our country capable of provoking a war? The treaty does not impose any obligation on France, but her Allies have bound themselves by it to provide her with the guarantees they deemed to be necessary."

"Finally, the treaty will remain in force until the League of Nations decides that the league itself is sufficient guarantee against aggression. Such is the meaning of this unprecedented agreement. It will not be possible to misconstrue it."

Mixed Summer Foods The Cause Of Much Indigestion

SUMMER days are days of careless living, kitchens too hot for cooking, cold lunches at the homes of friends, open-air picnics, with the result that many a family is down with indigestion.

Give the stomach and bowels a new start by taking a dose of a good laxative like Dr. Caldwell's Syrup Pepsin. Then put vitality into your system by eating more varied food. It is more easily digested.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter for the family size. It acts so gently and safely that it can be given even to a baby in constipation, indigestion, "summer colds" and similar ills.

The formula on which Syrup Pepsin is based was written by Dr. Caldwell over 30 years ago. It is a combination of simple laxative herbs with pepsin that trains the stomach-muscles to do their work naturally so that medicines can again be dispensed with. Over 6 million bottles of Syrup Pepsin are sold by druggists every year. That is recommendation in itself.

If you have never used Syrup Pepsin, send your address for a free trial bottle to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

"Y" SECRETARY KILLED

James Ceary Loses Life and Italian Aviator Injured When Plane Fell

PRAGUE, Monday, July 7.—James Ceary, secretary of the American Y.M.C.A., was killed, and an Italian aviator was injured when a machine in which they were flying fell today. The airplane was doing circus stunts while Ceary was operating motion picture apparatus.

AMUSEMENT NOTES

THE STRAND THEATRE

Just how much a flirtatious wife can tantalize her husband, albeit said husband is superlatively jealous, is adequately pictured at the Strand, the first three days of this week by Viola Dana, starring in "Some Bride." The other headline picture shows Harry T. Morey in one of his strongest interpretations, "Beauty Proof," a sensational series of incidents and developments in the vast reaches of the northwest. The program also contains the Universal Weekly and a Vitaphone comedy.

All the vivaciousness of Viola Dana is shown in "Some Bride." It is a brilliantly written story of a girl who uses her eyes to make and keep friends, although it stabs her husband to the quick and slowly but surely the rift between them widens. However, Viola and her friend Victoria devise a scheme to cure the extreme jealousy of her husband just when the breaking point is reached and he is brought to the realization that he has "some bride" after all.

"Beauty Proof" is a strong story of the bleak northwest, of a lone man whose thoughts are rife with former sorrows, but who is brought back to the warmth of a happy world by the

love of a maid. Harry T. Morey as "Corporal Steel" is supported by Betty Bivins in the leading female role. The soloist this week is Miss Etta B. Thompson and her song numbers are excellent. She is one of the city's leading vocalists and well worth hearing. The Universal Weekly shows many interesting views of current events and American army camps in Europe. Percy O'Brien now leads the children in the pony contest, with Robert Carr, Jr. second.

LAKEVIEW PARK

Fireworks—the better kind and in variety and quantity to suit the most fastidious, will be shown at Lakeview park tonight and will be absolutely free to all. Pick out your place on the comfortable shore line of old Maseumpic and take an eyeful of enjoyment. Room for thousands there and as the fireworks will be shot off from the Mountain Rock shore the effect is expected to be wonderful.

Another of the best attractions ever booked by the Lakeview park management is the Four Salones, acrobats. These two men and two women do the big top stuff, including looping the loop, one of the real old-time, daredevil stunts that made you hold your breath in the old circus days. It's the only act of its kind now in existence, it is said, and it is free. The Four Salones appear twice every day this week, afternoon and evening.

And, of course, dancing every afternoon and evening. Minor Doyle's 10-piece orchestra and Barney Horan's singing provide the combination incomparable for the pleasure of the audience. Try it once.

WASHINGTON, July 8.—Representative Tinkham of Massachusetts announced today he would introduce in congress a bill creating in the department of labor a bureau of housing and living conditions. The bureau would

investigate means of eliminating slums, improving conditions, reducing the cost of construction of dwellings and financing of extended home building operations without federal appropriation. It would assist communities in making available all existing housing facilities, and serve as a clearing house of information on housing and living conditions.

The secretary of labor would be empowered to appoint a director of the bureau at \$6000 per annum, and all archives of the United States Housing corporation and the housing transportation division of the Emergency Fleet corporation not in active use would be transferred to the bureau. Mr. Tinkham pointed out that the government as a result of its war housing program, in which it expended approximately \$100,000,000 to build homes for industrial workers, had accumulated a vast fund of information and experience on industrial housing which should be made available to every one in the community.

DEVELOPMENT OF THE "SKY-LINE TRAIL"

MIDDLEBURY, Vt., July 8.—Development of the "sky-line trail" over scores of Green Mountain peaks, covering a route of over 100 miles, is being rushed in the hope that the entire trail from Massachusetts to Canada may be completed before the tenth anniversary of the founding of the Green Mountain club which will be celebrated next year. In the vicinity of Middlebury the western gateway to this scenic trail, three new lodges have been built the past few weeks and equipped with camping comforts. At present the trail is complete from Middlebury north to Mount Mansfield, a distance of 45 miles.

Prof. Will S. Munroe of the New Jersey State Normal school and Dr. H. R. Wolf of New York city have been building cabins and hope eventually to have one of these at every five-mile interval along the trail between Middlebury and Mount Mansfield.

DRACUT NEWS

Collinsville Pastor Plans To Build New Church

If the plans of Rev. Michael C. Gilbride, pastor of St. Mary's church, Collinsville, are carried out the summer campers at Lakeview, Willow Dale and Long pond will attend mass next summer in a new chapel, which he proposes to erect in the vicinity of the pavilion at Lakeview. The chapel at Lakeview was opened about four years ago after Fr. Gilbride found that it was a hardship for the summer campers to attend services at his church in Collinsville.

In order to stimulate a little interest among the campers Rev. Fr. Gil-

New Strength for Tired Mothers

TIRED Mothers, whose work is never done; whose strength and vitality are being sapped away; why don't you take RED PILLS?

IT is more blood you need. Pure, rich blood.

IT is Anemia, or poor blood, that makes you feel always tired and discouraged—that keeps you pale and thin—that is causing those headaches and backaches—that won't let you sleep or rest well at night—that makes life seem so hopeless and dark.

ANAEMIA is responsible for all this. RED PILLS for Pale and Weak Women will feed your blood, as meat and bread feed your body. They have done wonders for thousands of women in just your condition. They have brought back, not only health and vigor to the body but also that spirit of brightness and happiness and good cheer, which is the result of a contented and restful mind.

RED PILLS for Pale and Weak Women will always overcome Anemia. They are recommended for Anemia alone; their sole purpose is to conquer Anemia, by feeding the blood and keeping the blood pure and rich.

IF you are losing strength, if you are tired and nervous, restless and unhappy, don't delay. Get RED PILLS and be well.

MISS MARIE ANGE SENEAL, 97, Plainfield, Plainfield, Conn., says: "At one time I was suffering so much that many mornings it was impossible for me to go to work, and I was forced to go back to bed because of my excessive weakness. I tried many doctors who gave me all kinds of medicine, but nothing did me any good. RED PILLS for Pale and Weak Women proved themselves my friends; they cured me of my ailments, and I am now today as well as any woman. RED PILLS have given me the strength I so sorely needed and relieved me of Anemia which was the cause of all my troubles."

CAUTION:—The formula of RED PILLS for Pale and Weak Women was first discovered in Paris, in the year of 1870, by a famous French specialist. They have been used by French women ever since. Inside the signature of the "CIE CHIMIQUE FRANCO AMERICAIN", and a small number on each box. RED PILLS are never sold in bulk; only in boxes, 50 cents, or 6 boxes for \$2.50, at all dealers, or sent by mail on receipt of price, by the Franco-American Chemical Company Limited, 212 Milk Street, Boston, Mass. 15

Why We Love Cream Soups

ALL my family—Father and the children, too—love my cream soups. Tomato, potato, pea—no matter what it is, it tastes good And it satisfies them almost better than anything else, for less money

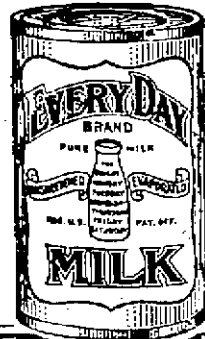

The Secret? I use Every Day Milk.

I found out that one bright tin of Every Day Milk had in it all the cream, all the butter-fat, all the nourishment, of over a quart of rich milk. You see, most of the water has been taken out, making it richer and creamier—nothing has been added. No wonder my soups are good.

And besides, I don't have to worry about ice man or milk man. I save money. I buy no more cream, for Every Day takes its place in coffee and on cereals.

Be independent of the ice man and the milk man. Every day use Every Day—the safe and pure milk.

Cheese Instead of Steak

In many cases eating meat is more of a habit than anything else. With steak selling at 75 cents a pound it becomes an expensive habit.

Why not substitute the GORDON DAIRY COMPANY'S fresh made COTTAGE CHEESE, for steak part of the time? It costs only 15 CENTS A POUND and is sold at all first class Lowell food stores where the GORDON DAIRY COMPANY'S sign is displayed.

There is as much nourishment in a pound of our COTTAGE CHEESE (made as mother used to make it) as there is in a pound of the average beef steak. Remember it is a LOCAL PRODUCT and made fresh every day at our creamery. Order it from your grocer or from us direct if your grocer won't get on the band wagon and help boost a good product and a home town industry.

ADVERTISING FOOD

Scattered over Lowell and the neighboring towns there are hundreds of women anxious to solve the question of providing food for their families in summer with the minimum of time at the hot range. This is the reason of the year for all persons selling food to take this into consideration and advertise their hot weather food in a way that will play directly to this profitable class of trade. Why not for instance advertise an ideal hot weather menu for six days and specify what you can sell each article needed, for?

Each season has its lure and its chance to make the most of advertising, and none more so than summer. If you sell a kind of food that will save the time spent over the hot stove and make woman's work easier, it's worth advertising and you will deserve the best results from advertising it in

THE SUN

Lowell's Greatest Newspaper

THE CHARTER PROBLEM

Citizens of Lowell are already discussing the question of changing the city charter at the next state election, when Plan B so called will be submitted to the voters to supplant the present commission form of charter.

On the expediency of adopting Plan B of course there will be conflicting views, as upon all questions so submitted on a referendum to the people.

The Sun realizes full well the inadequacy of Plan B as a charter under which a city like Lowell can live and prosper.

It is incomplete and has several drawbacks that call for amendment, but its principal defect is that it does not provide for municipal primaries.

Some are of the belief that the better course is to adopt this imperfect charter first, and amend it afterwards. The more business-like way would be to have it amended first by the legislature, and then submit the amended form to the voters.

This is what Rep. Corbett tried to have done; but for some reason, the legislature referred his amended charter to the next year's general court.

That brings forward the question of passing upon Plan B without modification; and in order that it may be fully understood, we shall endeavor to make clear its chief features.

Plan B is one of the several forms of city charter enacted in 1915, and is part of chapter 267 of the general acts of that year.

It provides for a mayor for a term of two years from the first Monday in January, until his successor is elected and qualified, a city council of fifteen members, one from each ward and six at large. At the first election the ward members are to be chosen for one year, and the councillors at large for two year terms. The ward members and those at large would thereafter be elected on alternate years; but in each case, for a term of two years.

The school board shall consist of the mayor as chairman, and six members elected at large. At the first election, two members will be chosen for one year, two for two years and two for three years. Thereafter, two will be elected each year for a term of three years.

The mayor shall receive for a salary, such sum as the city council may determine, not exceeding \$5000 per year.

The council, by a two-thirds vote of all its members, may establish a salary for its members not exceeding \$500 per year. The salary may be reduced, but cannot be increased during the year in which the increase is voted.

All heads of departments and members of municipal boards as their present terms of office expire, but excluding the school committee and assessors elected by the people, shall be appointed by the mayor subject to confirmation by the city council; but the city solicitor shall be appointed by the mayor without confirmation by the city council.

The mayor, with the approval of the majority of the members of the city council, may remove any head of a department or member of a board before the expiration of his term of office excepting, of course, those of the school board and assessors already mentioned. The person so removed shall receive a copy of the reasons for his removal and may, if he desires, contest the same before the city council.

The mayor shall have a veto power upon all resolutions passed by the council and this may be

his increased power as chief executive.

With this fact in mind the voters will have to decide what they had better do with this charter question. It has many complicated phases on which the citizens must exercise good judgment if they want to do what is best for the interests of the city.

If Plan B should be adopted, there would arise the question of getting it amended before the next city election. The amended form submitted by Rep. Corbett is modeled closely after the Lynn charter which is regarded as a very excellent charter in almost every detail.

Here then are the alternatives: Adopt Plan B in November or defeat it and await the amended Plan B next year.

There is time enough to think the matter over and in order that the voters may do so intelligently The Sun presents this summary of the charter situation.

WHO PLANNED THE FLAG?

In American schools for a century or more, the youth of the land has been told that Betsy Ross was the mother, the maker of "Old Glory." In Philadelphia, the Betsy Ross home is a shrine. Now it comes out that Betsy played only a part, a small part, in the creation of the Star Spangled Banner.

Edward Hopkinson, great grandson of Francis Hopkinson, points out that the acts of the continental congress and the records in Washington establish the fact that Francis Hopkinson, at the request of congress, designed the flag and Betsy merely acted the part of a seamstress.

The statement of Mr. Hopkinson is confirmed by Dean Arthur Hobson Quinn of the University of Pennsylvania.

Francis Hopkinson was one of the foremost poets, painters, musicians and writers of revolutionary days. It always has been a puzzle how Betsy Ross, who was not noted for originality, ever designed such a beautiful thing as the American flag, undoubtedly the most beautiful of all national emblems.

The Hopkinson explanation is clear and convincing, but it is doubtful whether the American people ever will be weaned away from attributing to the renowned Betsy practically all the credit for the flag.

The total amputations among American soldiers in the war were under 4000; (the total in American industrial plants every year is 26,000).

Daring, and since the war much was said about "reconstruction of broken bodies," the teaching of new vocations to men so crippled that they could not return to their old jobs. This is fine! The government is doing splendid work for the men who lost limbs in the war.

But let us, also, consider the wounded in industry, the legs and arms lost in feeding, clothing, housing, warming the people of this country. Let us reconstruct those unfortunates, too. Who is to help this class after they become decrepit through accident. In some cases there is financial aid, but seldom any attempt to train them in trades suited to their decrepitude.

While doing all we can for the 4000, let us not forget the annual 26,000 toll of arms or legs.

To date, von Bethmann-Hollweg, von Hindenburg and two or three of the Kaiser's sons have said, "Try me instead of the all highest." Typically German in its design, but the chances are that sooner or later, all of them will get their expressed wish gratified and will find themselves being tried and perhaps in the same court where the "all highest" is getting what is coming to him. The crown prince, however, varies the formula by saying the allies cannot get him alive. Just like him to do a cowardly act.

It would seem as if Germany might have selected better colors for her new flag than black, red and gold. We observe this because we would think the black would remind her people of the misery and mourning her ruler created for the world, the red would remind them of the menace of socialism still existent in her confines; and the gold of the reparation money which must be paid to the allies as the price for allowing Wilhelm to try to be king of the world.

"If you can make a better mousetrap than any one else and live in the heart of a forest, the whole world will make a path to your door," Sam Walter Foss, the poet, declared, but the situation in Germany may contradict this. The efficient man in the office would be a very serious matter. But a good mayor under Plan B would be a very serious matter. But a good mayor under Plan B would be a very serious matter. But a good mayor under Plan B would be a very serious matter.

MAN ABOUT TOWN

Liquor men of Lowell are watching with interest for the test case of places dispensing 2% per cent beer which Thomas J. Boynton, United States attorney general, has announced he will make. The liquor men tell me that "watchful waiting" is about the only policy they can pursue at present, but they are pulling hard for something to happen which will make it possible for them to get back to work soon.

Private E. J. Lacoste, a Lowell boy, with Co. A of the Ninth Field Battalion, Signal Corps, now with the fifth division in Germany, has sent several interesting papers from that country to this city, one of them a letter of congratulation from General Pershing to the men of that division for their valiant work in crossing the Meuse river, and the establishment of a bridgehead on the eastern bank. The general characterizes this feat as one of the most brilliant of the history of the American army in France. Another paper which the Lowell soldier sent is a copy of the Fifth Division "Diamond," published weekly in Luxembourg. One of the leading articles deals with the number of members of the division who have married since arriving in Europe. There has been considerable talk recently of American soldiers wanting to marry German girls, but the article in question sheds a little light on the subject when it discloses the fact that of 51 members of the division who have taken unto themselves European wives, very nearly every one is a man of German descent, according to his name. This belies the impression that native born Americans are awfully "strong" for the "madchen."

These are lean days for the ball commissioneers.

The rain came too late to help the strawberries but it was a good thing for the blueberries.

Lucky people, who were able to pick last week for one of the two at either mountain or shore.

You've got to hand it to the blimp R-34 even though it does sound like an inverted telephone number.

Little query for today: Will the saloon keepers reduce the price of the "foamy" along with the alcoholic percentage?

We can imagine nothing more monotonous than a trip across the ocean in a dirigible. Water everywhere, and no good to drink.

Bill Ray State, who recently went into the courts and had his name changed to Mr. Eastern Massachusetts, if you please, says the dimes are coming slower and slower.

Evidently the thing that will prevent most of our Lowell boys turning Kansas wheat harvesters is the lack of \$3.50 carfare money to carry them to Wichita.

Japanese Temperance

"I have made a pledge to abstain from drink for three years," one Japanese told another.

But the next evening the one who had made the pledge was found imbibing.

"I've hit upon a capital idea," he explained to his friend. "I've extended the time to six years, and will drink only every other day."

"That seems quite an improvement on the former plan, but I think you can improve still more. Why not extend the time to 12 years, and then you can drink every day?"

Only a Dream

A man from a bone-dry Arkansas community went to a wet Missouri town and was invited by an acquaintance to have a drink. In the saloon the friend asked:

"What are you going to have?"

"Have?" dreamily returned the visitor, blinking at the glorious array of bottled goods. "I ain't going to have nuthin'."

"What do you mean, Gabe? You won't have a drink after coming all this distance?"

"Nope!" answered the Arkansawyer. "There ain't no such place as this. I'll wake up in a minute."—Lamar, Mo. Democrat.

New Louies, All Right

Anyone could have told what they were.

Their salutes were too formal.

Their Sam Brownes almost squeaked with newness.

Their gold bars were dazzling.

The first place they made for in Anderson was the Enlisted Men's club.

But they didn't come in.

Instead they looked in, somewhat enviously, and as if they wondered if they really dared.

Finally they sat down on the veranda overlooking the Rhine.

Then they got up again and wandered off up town.

Saluting everyone as they went.

Those six newly-commissioned second lieutenants.

Just arrived in the army of occupation.—The Watch on the Rhine.

Not an Authority

The young man had been married just a week, but had commenced to spend his evenings at the club. He was enjoying a friendly game of whist when the question of marriage was mentioned in a casual way by one of the company.

This remark brought the young man to a sense of his position, and, noticing an old man across the table, he thought he would extract from him a little information.

"Mr. Oldwed," said he, "how long does a man have to be married before his wife agrees with him in everything?"

"I'm sorry, my boy," replied the man, "very sorry, but you'll have to ask someone else. You see I've only been married 40 years."—Washington Star.

The Army on the Rhine

We know that summer drifts again across the fragrant loam.

We know that June is in full bloom among the hills of home.

And so from outposts down the beat along the guarding line.

Our dreams still span the ancient mist that lifts above the Rhine.

Each bugle call plays "home again" from reveille to taps.

And few will care to roam again across these foreign maps.

We've had an eyeful of the Rhine—Of France and all the rest.

Where the greatest sight in Europe is a ship that sails from Brest.

We have to wait three weeks to read that "Speaker's single word." To note that Brooklyn team had found a place amid the sun.

It's still squads right and left for us, where pals of other days are peering out their two-base hits and nailing the base plays.

It's "On right into line" for us, Three thousand miles away.

It's "left-right" down the Rhine for us.

While they are at their play: You say the war is over, but Out here beyond the foam, There's not an eye-blink of peace Three thousand miles from home.

SGT. MATT A. ELLIS. (Revised from New York Tribune.)

SOCIAL AND FRATERNAL

Plans for a trip to the annual campment of the Ladies' auxiliary to the Spanish War Veterans to be held in Columbus, Ohio, next September were discussed at a meeting of the Ladies' auxiliary to Admiral Farragut camp, which was held last evening. Routine business was transacted and it was voted not to hold any more meetings until next September.

Loyal Wameet Lodge

At a meeting of the members of Loyal Wameet lodge, held last evening, the following officers were inducted into office for the ensuing term: Conductor James Smith and Warden Arthur J. Willis; G.M. William Mack, N.G. Freeman Lightowler, R.S. to N.G. John Eacret, L.S. to N.G. Hugh Ferguson, V.G. William Howe, R.S. to V.G. Frank Cleveland, L.S. to V.G. W. R. Waterman, L. M. and C. Arthur Capner, P.S. William Atkinson, treasurer, Isaac Tinker, E.S. George Heeley, I.G. Richard Holden, O.S. John Cerfeld, Warden Arthur J. Willis, conductor, Arthur Cleveland.

The installation was conducted by P.G.M. George Emley and Suite and at 8:30 a social hour was held during which a P.G. emblem was presented to P.G. Cleveland.

B. F. Butler Relief Corps

At a recent meeting of the B. F. Butler Relief corps a memorial service was held for the six members of the organization who passed away during the past year. Plans for an outing were discussed and it was announced that final arrangements will be made later. The corps voted to dispense with the regular meetings until the third Wednesday in August and routine business was transacted. Miss Mary Smith occupied the chair.

WELCOME HOME RECEPTION

Another enthusiastic meeting of the committee in charge of the arrangements for the welcome home reception to the French-speaking soldiers and sailors of the city in August was held at the C.M.A.C. hall last evening with Chairman Joseph L. Lamoureux in the chair. A very interesting report relative to the registration of men in uniform was submitted by Joseph A. N. Chretien, chairman of the service men's committee, to the effect, that over 300 men had already signified their intention of taking part in the parade. Mr. Chretien also stated that it is the belief of the committee that at least 1000 of the 1500 or more soldiers of the city will take part in the celebration. It was voted to hold the open-air mass on the grounds of the French-American orphanage in Pawtucket street instead of on the North Common at first planned. A contribution of \$100 was cheerfully received from the clergy of St. Joseph's parish and it was announced that the list of contributors, which is fast growing, will soon be ready for publication. The Civil and Spanish war veterans of French descent will be invited to take part in the parade. Considerable other business was transacted.

MINE SWEEPER RESCUES AVIATORS

NEW YORK, July 8.—The navy's mine sweeper Falcon "swept up" an airplane with its pilot and observer yesterday after they had been forced into the ocean by engine trouble about five miles southeast of the Ambrose channel lightship, hoisting first the pilot, then the observer, then the plane on deck, and starting with them for port.

The Falcon was towing a naval target when her officers saw the plane, which had headed to sea from the New Jersey shore, alight on the water. They immediately speeded the Falcon to the rescue.

BILL NOT EXCESSIVE

St. John's hospital takes exception to the claim of the industrial accident board, that an excessive charge was made for treatment of John P. Ryne, the intimation being that charge was made for a private room whereas the patient was treated in a ward. The agreement with the hospital provides that if a private room is not available when a patient is brought to the hospital, he will be placed in a ward until a private room is obtained which seldom exceeds a day or two.

In the case of Ryne, he was three days in the ward and eleven in a private room; and the bill was made out in accordance with the terms of the agreement under which such cases are received at St. John's, so that there was no extra charge as alleged by the accident board.

HONOR FOR SOLDIER

A reception was given to Edward Scullion, one of the fighting sons of the Spindle City, at the home of his parents, Mr. and Mrs. Patrick Scullion, 36 C street, Sunday evening, and a large number of friends and acquaintances of the young ex-soldier were present. Following a fine turkey dinner Toastmaster Fred Salmon presented the young man a gold watch for on behalf of his friends. During the evening a musical program was given by some of the young folks, which included selections by the following: Miss Mariette McMahon, Miss Susan Considine, Miss May Lowmyer, Miss Ethel Cullen, Miss Rose Scullion, George Underwood, Edward O'Connell, James Mullin, Eugene McCann, Bert Connolly and Edward O'Brien.

Has Been Awarded the Grand Cross of the Legion of Honor

PARIS, July 8.—General Mangin has been awarded the Grand Cross of the Legion of Honor.

KING OF ITALY ORDERS PROFITEERS PUNISHED

LONDON, July 8.—King Victor Emmanuel of Italy has decreed that profiteers be fined 10,000 lire or sentenced to from three months to three years in prison and suffer confiscation of goods, according to a despatch to the Exchange Telegraph company. Unauthorized middlemen dealing with food will suffer similar punishment.

A general strike was declared in Naples yesterday. After looting outlying stores, a crowd attempted to reach the centre of the city but was prevented by the police occupying the principal thoroughfares. At Palermo the police arrested 100 former convicts, who were responsible for many of the disorders on Sunday.

COLLISION

Two automobiles collided last evening about 7.30 o'clock at the corner of Andover and High streets. According to witnesses, one car was coming down Andover street at a fair rate of speed while the other car was going up High street at about 10 miles an hour. As the first car approached High street it swerved to the left and tried to cross the street before the other car and hence the collision. The cars were muddled up a bit but no one was hurt. Neither driver had sounded his horn or given any sign of warning before approaching the corner, so after a few minutes' consultation they both decided not to do anything about it. It is lucky that there was no one crossing at that time, as there was no sound of warning from either machine.

WARM WEATHER MEDICINES

Dr. Grady's Just-a-Mere Tablet is the best known remedy. It allays Nervous Excitement, depression and restores the nervous system to its proper condition. It is Pleasant, Soothing, Cooling, Health-Giving, Refreshing and Invigorating. You cannot overstate its great value in keeping the blood pure and free from disease. It should be in every bedroom and traveler's bag for any emergency. It acts as simply yet just as powerfully on the animal system as sunshine does on the vegetable world and removes by natural means, without hazardous force, all poisonous matter (the groundwork of disease). Its effect on a disordered or feverish condition is simply marvellous. It is, in fact, Nature's Own Remedy and an Unsurpassed One. Wherever English is spoken—Pole to Pole—have the doctors borne testimony to the life preserving qualities of this medicine which has proved itself a specific against Feverish Symptoms of every kind. Physicians, nurses and private individuals in every walk of life have testified to the benefit derived from its use, which, by its direct action upon the stomach, liver and kidneys, eradicates the disturbing influences and completely restores the normal healthy conditions. It is within the reach of all, being sold by all druggists in sealed boxes, 10 CENTS EACH.

RED SOX CLOSE SERIES WITH DOUBLE WIN

The Red Sox made it four out of six from Philadelphia yesterday by taking both games of the double-header at Fenway park by scores of 2 to 0 and 5 to 1. Sam Jones had the better of Naylor in the opener, holding the Mackmen to four hits. In the second game, Fenwick skinned toward the end and Carl Mays was rushed in to save the game. He stopped the visitors within one run of a tie score. Perry was hit hard by Boston in the second and fourth innings.

Chicago bunched hits against Ehmeke and defeated Detroit, 8 to 3, in the final game of the series. Cicotte had little trouble holding the Tigers safe. New York won the last game of the series with Washington, 3 to 2. A sensational rally enabled the Yankees to snatch victory in the ninth inning. Peckinpaugh opened with a single and Baker tied up the game with a home run. Singles by Lewis, Pipp and Pratt accounted for the winning run.

Austin's triple and a wild pitch by Coveleskie in the tenth secured the run that gave St. Louis its third successive victory over Cleveland yesterday by the score of 3 to 2. As a result the Browns move into fourth place.

GRAND CIRCUIT OPENS

Frank Dewey, Cox Up, Wins Edwards Stake at North Randall Track

CLEVELAND, Ohio, July 8.—Frank Dewey, driven by Walter Cox, yesterday won the eleventh renewal of the Edwards stake of \$3000 for 2.03 pacers, the feature event of the opening of the 1919 campaign of the grand circuit harness season at North Randall. It was a grilling race and three of the 14 pacers endured were heat winners. Cox could not get his horse into any kind of stride in the first heat and finished in 13th place. He started to come better in the second heat, however, and Cox had him finishing in third place. The third and fourth heats were his, which gave him the race. Best time, 2:04 1/4.

The only upset of the day came in the one mile dash for three-year-old trotters, which was won by Kentucky June, third choice in the betting. The 2:06 purse of \$2000 for pacers went to Grace Direct, the undefeated half-mile star, in straight heats. Her fastest time was 2:04 1/4.

TODAY'S GRAND CIRCUIT CARD

CLEVELAND, July 8.—The 2:04 pace featured today's grand circuit card at North Randall. Baron Chan, Baron Wood, South Bend Girl, A Game Chance, and Belle Alcantara competed for a purse of \$1000.

Although 17 were entered in the 2:12 pace the event was not split.

Other events were the Fasig Trot, in which Princess Etawah, Brustlor and four other star 3-year-old trotters were to start; the 2:07 trot, with eight entries; and a half mile dash for 2-year-old trotters with five entries.

GIANTS MOVE BACK TO LEAD THE LEAGUE

New York moved back into first place in the National league race yesterday when the Phillies were twice defeated by scores of 10 to 5 and 7 to 2. After winning the opener the Giants were forced to go 10 innings to annex the second game. Hogg held them to five hits until the 10th when he struck out Burns, passed Young and then yielded five hits and a sacrifice fly, giving New York five runs.

Pittsburg defeated St. Louis, 14 to 3, in the hardest hitting game of the season. All five Cardinal pitchers were treated rough.

LOWELL GOLFERS IN STATE EVENT

Two Lowell golfers, Hildreth Meigs and R. A. Wood, both members of the Vesper Country club, are among the entries for the Massachusetts amateur championship golf tournament, which starts tomorrow at the Winchester Country club and continues until Saturday, when the final match at 36 holes for the title will be staged. Ninety-eight players have signified their intention of taking part.

In the drawing for the starting times in the preliminary, qualifying round, R. A. Wood drew 10 a. m. tomorrow morning, being paired with B. E. Stephenson, Winchester. Meigs will start off at 1:35 p. m. with R. Willet of New Bedford as a playing partner. Both local men are strong golfers. Meigs, especially, having played very well this summer and the latter shown quality easily and a substantial distance in match play.

AMATEUR BASEBALL

The Saco-Lowell team is without a game for the Saturday afternoon and would like to play any strong team in or out of the city. Abbot Worsted or Silecia Mills preferred. Call Manager Rutledge, Saco-Lowell shop.

The Abbot Worsted Co. team defeated the Silecia Mills of North Chelmsford last Saturday afternoon, 8 to 3. Munro and Liston comprised the Abbot battery, the latter getting four hits and a sacrifice out of five trips to the plate.

The West Chelmsford A.C. would like a game with the Casey Sign Co. team, the St. Margarets or any other fast club for Saturday, July 12. Write A. S. Stetson, West Chelmsford, or phone 1893-W between 5:30 and 6:30 p. m.

The C.M.A.C. defeated the Mathews on the Textile campus last Saturday, 12 to 0. Mason pitched a strong game for the winners. The C.M.A.C. will play the Silecia Mills next Saturday.

The Holy Cross Seconds would like to play the Young Americans Thursday afternoon on the North common. Answer through this paper.

MISJUDGED FLY LETS PORTLAND WIN

PORTLAND, July 8.—A misjudged fly by Scanlon in right field allowed three Portland runners to score in the eighth inning here yesterday and gave the home team the game over Lowell, 4 to 1. Each team scored once in the seventh, but Penfold weakened in the eighth and was replaced by Griebhauser. The latter pitched to only one batter when he gave away to Tuckey, Scanlon taking the former's place in right field. O'Day was hit at third base and Lynch hit O'Connor and the field was the next batter and he hit one to deep right. Scanlon misjudged it and the ball sailed over his head, three runs coming in.

The game was interesting and abounded in sensational plays. Umpire O'Day was knocked out by a foul tip in the fifth inning, but recovered and finished the game. The score:

PORTLAND

	ab	r	h	po	a
O'Day ss	3	0	0	2	0
Corcoran 3b	2	1	0	0	1
Boiley lf	4	1	1	1	0

Wagner 2b	3	0	0	4	0
Lawrence c	3	0	0	4	0
Morgan p	3	0	0	0	3
Totals	27	4	6	21	3

LOWELL

	ab	r	h	po	a
Baker ss	4	0	0	1	3
Ikstein lf	4	0	1	2	0
Wheeler 3b	4	0	1	1	0
Devon 1b	4	0	1	4	3
Lynch 2b	4	0	0	2	1
Tuckey p	2	0	0	2	0
Hayden c	4	0	1	3	5
Penfold p	2	0	1	0	2
Griebhauser p	0	0	0	0	0
Scanlon rf	0	0	0	0	0
Totals	33	1	7	24	15

Two-base hits: Moorfield, French, Tuckey 2. Stolen bases: Tuckey. Sacrifice hit: French. Double plays: Wagner and Moorfield; Penfold, Devon and Wheeler. Left on bases: Portland 6, Lowell 7. First base on errors: Portland 2. Bases on balls: Off Morgan 1, off Penfold 4, off Griebhauser 1, off Tuckey 1. Hits: Off Penfold 5 in 7 innings; off Tuckey 1 in 1 inning; off Griebhauser, 0 in 0 innings. Hit by pitcher: By Morgan 7, by Penfold 3. Struck out: By Morgan 7, by Penfold 3. Losing pitcher: Penfold.

LEWISTON, Me., July 8.—Despite the dissension in the Lewiston team and the retirement of its owner, the club played good ball here yesterday, although losing to Haverhill, 2 to 0. It was the ninth straight victory for Haverhill's team. Two Haverhill double plays nipped Lewiston rallies.

The score:

Haverhill 1 0 0 0 1 0 0 0—2-4
Batteries: Elkins and McDermott; Quinn and Cannon.

LAWRENCE, July 8.—Bunched hits in the first two innings gave Lawrence an easy victory over Fitchburg here yesterday by the score of 5 to 2. Cline, formerly of Lowell, played right field for Fitchburg and did good work. The score:

Lawrence 3 2 0 1 0 0 0 —5-5
Fitchburg 1 0 1 0 0 0 0 —2-5
Batteries: Wiley, Casazza and Foye; James and Freitag.

For some time past there have been rumors of financial troubles causing the smash of the New England league and the wake of the storm cloud has been confined to say, Lowell, Lawrence and Haverhill have been the points threatened with deluge, but now that Haverhill has a winning team, interest has been there and the crowds are constant and large. Lowell and Lawrence now remain unstable and uncertain propositions. Why should it be so?

It is possible for persons and things to live down poor starts and this is just what the New England league has done. It started sorrowfully. The brand of baseball was poor and the owners realized more acutely than the fans that it wouldn't do, so they discarded, shuffled and dealt again and what is the result? The league today is just about as fast as it ever was during years past. Lowell has been represented by better teams, true enough, but in the same breath let it be said that much near aggregations have worn Lowell uniforms. The league in the main is composed of young blood, the drift wood has been thrown away and real Class B ball is being motored out.

Lowell men are financially interested in both the Lowell and Lawrence clubs. Andrew Roach and Dick Conway here and Ted Leary down the river. The three men are tried and true sportsmen. They are anxious to produce winners; will meet the fans more than half way and do their part well, but whatever they do and whatever sacrifices they make are all for naught unless people attend the games. Patronage must be obtained, or no team can survive. The crowds here and in Lawrence have been frightfully slim, both clubs have been a losing proposition right from the start and seem almost impossible to create an interest.

There is hardly a city or town in the country that cannot support a baseball team. The sport is a national institution and has endeared itself to the American populace to such an extent that a municipality can ill afford to be without it. It is American in ideals and therefore carries a big appeal. It doesn't seem possible that persons can tire of baseball and yet no other reason for the apparent lack of interest in Lowell can be assigned. The class of ball is good, the team is well up in a close and exciting race, and everything which should count toward success is present, except the crowd. Go from here and make it possible for the club owners to at least get a 50-50 break, if that is possible.

LEWISTON TEAM TO STAY IN N. E. LEAGUE

LEWISTON, Me., July 8.—The Lewiston club will remain in the New England Baseball league and will continue its schedule with all games counting as league contests. Pres. John H. Donnelly of Lowell announced here last night.

The previous owners, including Bill Carlgren, former boss of the Boston Red Sox, surrendered their franchise yesterday and Pres. Donnelly assumed temporary control. He said he would seek support in Lewiston for the club.

In addition to Manager Parent, players who have left the club are Kincaid, center fielder; Murphy, first base; Duncan, catcher, and Pien and Pomerleau, pitchers.

TENNIS CHAMPIONS

TORONTO, July 8.—Eighty-four entries in the men's open singles in the Canadian tennis championships were reduced to 29 when play was suspended today. The ladies' singles entrants have been reduced to eight, including Miss Marion Zinderstein of Boston.

GO TO COBURN'S

Increase the Value of Your Car

Many men who have bought large cars own also a small car, or an old car which they are unable either to sell to advantage or to use with enjoyment, on account of its shabby appearance.

The experience of one man who re-finished a second-hand car showing an increase in its market value from sixty dollars to two hundred and fifty dollars, or a total of one hundred and ninety dollars, at a cost for refinishing of less than five dollars, plus his time, is not an extreme case. Numerous similar instances can be quoted.

You can get VITROLAC AUTO FINISHES at Coburn's and use them successfully, too. They are free-flowing enamels of the very highest quality, and are made up of the best kind of varnish and permanent colors which it is possible to produce. Vitrolac Finishes offer a real protection to the metal surface underneath—saving you repairs and replacements which would cost many times the price of the small quantity of enamel necessary.

ALL REGULAR SHADES, Quart \$1.20.

PICTURES OF BIG FIGHT

Knocked Down Seven Times in First Round

TOLEDO, July 8.—All doubt concerning the number of times Jack Dempsey knocked Jess Willard down in the first round was removed today when motion pictures, exhibited privately to Max Baekard and a party of friends revealed that Willard was sent to the canvas seven times.

There were no knockdowns in rounds two and three, but Willard, probably would have been felled if the ropes of the ring had not supported him. Dempsey, the pictures revealed,

doored Willard with left hooks to the chin for the first four knockdowns and left him three times with right and left swings. The first blow that upset Willard was a short right swing to the heart, followed by a left hook to the chin.

Concessionaries who expected to reap a rich harvest lost heavily. Ad Q. Thacher, matchmaker of the Toledo boxing commission, who converted an abandoned five-story building into a sleeping dormitory, dropped \$1100. The night of July 3rd there were only 12 persons registered. Twelve of this number avoided the clerks who were supposed to collect \$5 from each sleeper.

One concessionaire who invested \$36 in peanuts sold \$10 worth. The lemonade concessionaire lost heavily because the soldier ushers would not permit vendors to circulate among the crowd and without lemonade the crowd refused to eat peanuts.

Men who chartered a barge and two tugboats for \$150 to carry persons from down town to the arena lost \$19 persons to make the trip at \$1 each.

The body of Sergeant Joseph Marquette, pilot of the army observation balloon which broke from its moorings during the fight, was washed ashore yesterday, two miles from where the craft fell into Lake Erie.

If you want to buy, sell or exchange anything try a Sun want ad.

LYNCH STOPS BOB JOSEPHS IN 12th

Joe Lynch, the New York bantam and for some time handler of Jimmy Wilde, the English champion, stopped Bob Josephs of Boston in 12 rounds at the Fenway A. C. Boston, last night it was a grilling battle and for nine rounds Josephs had a shave. In the tenth, however, he ran into a stiff right jab and from that time to the finish showed up precociously. He was knocked down three times in this round and once in the 11th. He was helpless in the last round and when on the verge of being sent to the mat again the referee stopped the bout and raised Lynch's hand.

WESTFORD MAN FOUND DEAD IN ORCHARD

Rev. Louis H. Buckhorn, for several years pastor of the Westford Unitarian church, was found dead in an orchard near his home in Westford yesterday with a bullet hole through his head. A revolver was beside his body, giving evidence that the clergyman was a suicide. His body was found by members of a searching party organized on account of Rev. Mr. Buckhorn's absence from home since 8 o'clock Sunday morning.

The Westford man had been depressed for some time and had resigned his pastorate at the Unitarian church last May. He leaves his wife, Adeline; a son, Fisher, and a step-daughter, Elizabeth. He was 53 years old.

Is the worst moonshine state in the Union.

The average northerner automatically visualizes Kentucky when someone mentions moonshine whiskey. But the palm belongs to Georgia. W. D. Chandler, chief of Kentucky revenue officers, and Frank L. Boyd, Tennessee chief, both told me Georgia was the worst—in spite of the fact that most revenue officers claim their own district supreme in moonshining. Dawson county produces more illicit whiskey than any other county in Georgia. It's probably the champion moonshine county of the United States. Conservative estimates place its monthly production at 12,000 gallons—about one-fourth of the total amount of moonshine thought to be produced throughout the nation each month. Lumpkin and Union counties are almost as bad. Not one of these three counties has a railroad. Dawson county has only 5000 population though it covers 215 square miles. There's not more than 18,000 people in all three counties. Dawsonville boasts a population of

TOM CURTIS

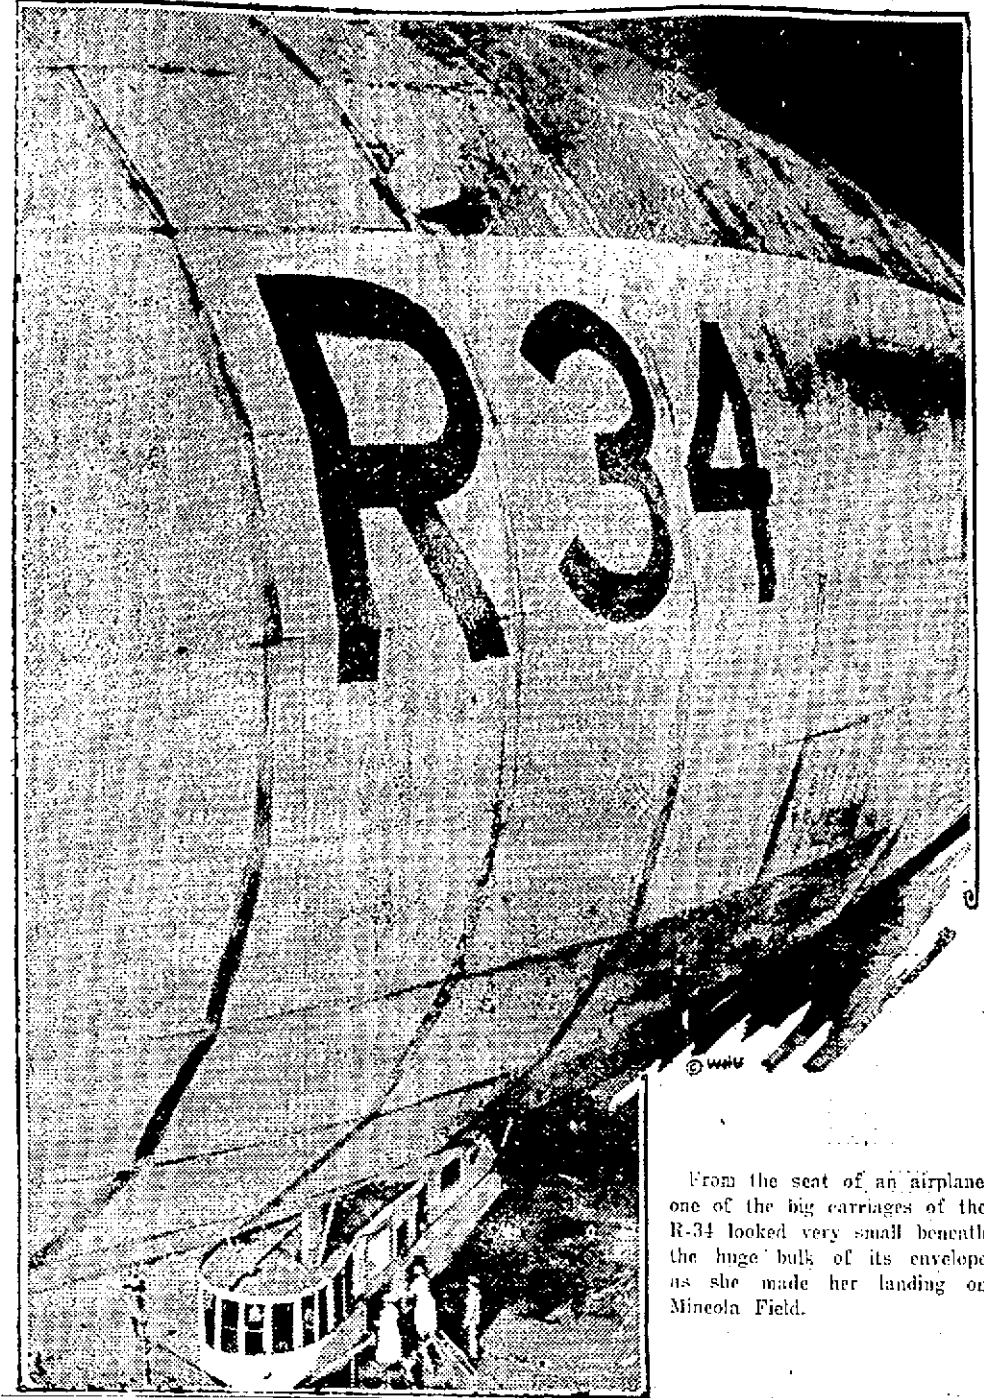

179. It is 50 miles north of Atlanta. The three counties, in the wild stretches of Blue Ridge mountains, extend straight up to the North Carolina state line.

Tom Curtis of Canton, Cherokee county, is the champion revenue raider in this sector of the moonshine war. In one week he captured five moonshiners, nine stills, 500 gallons of whiskey and 10,000 pounds of sugar. The sugar was for the manufacture of "moonshine rum," a deadlier brand of moonshine than "likker."

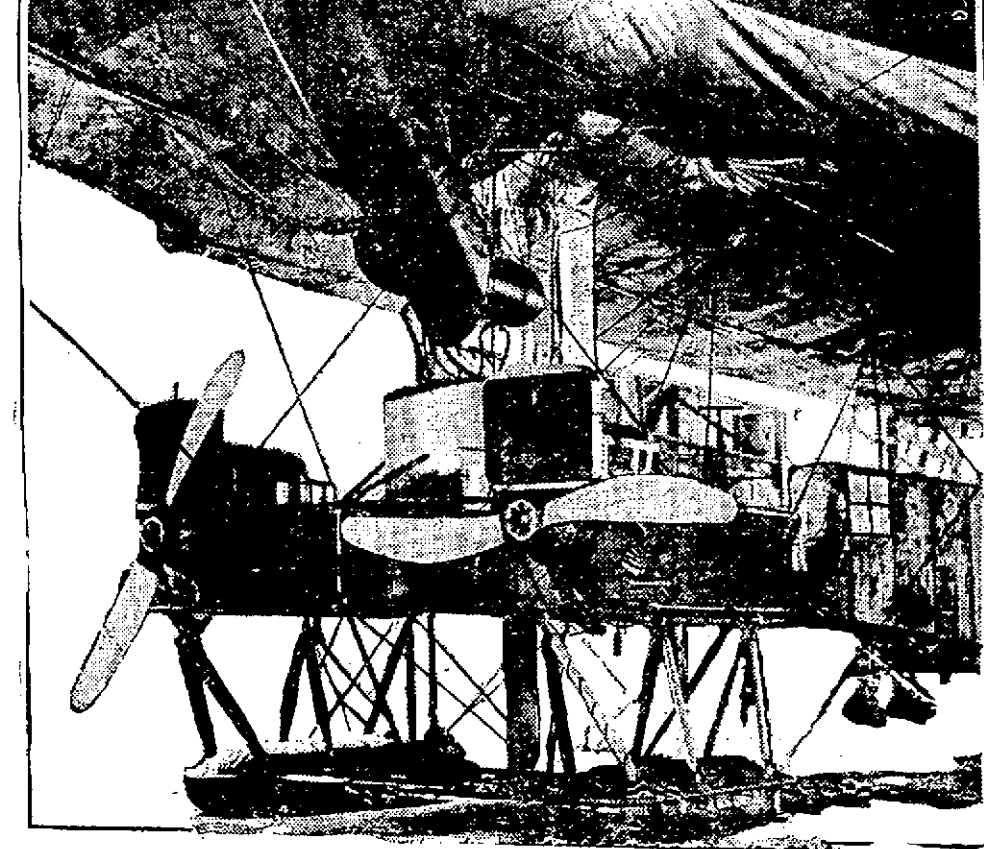

Curtis says a real "Moonshine trust" operates in this district. For several years he has been trying to nab a political boss, who he says is the "man higher up." This wise person, however, never soils his own hands making moonshine but finances the operations of a couple of dozen subsidiary agents hidden away in the mountains.

In Cherokee county last year the revenue men caught a wealthy farmer, one time member of the county grand jury and a Sunday school superintendent. He got a year and a day in the

LOOKING DOWN THE SIDE OF THE R-34

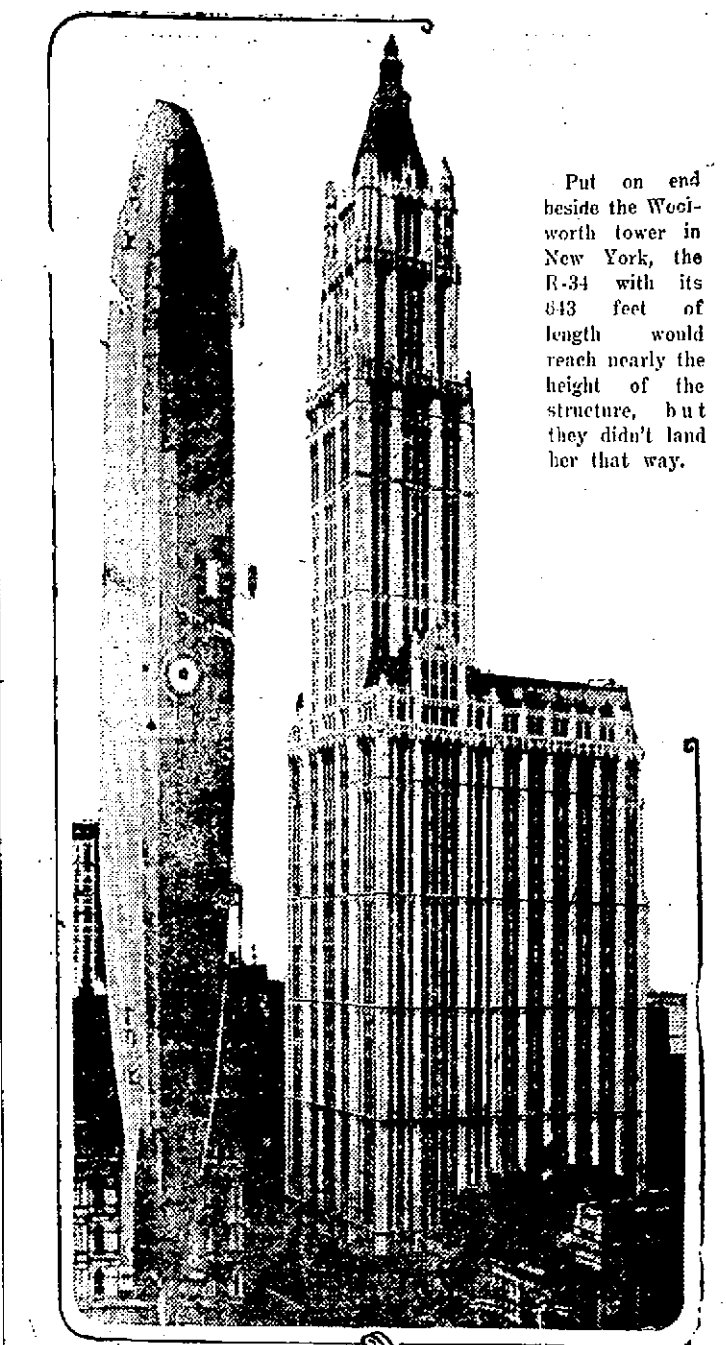

THE PROPELLERS THAT TURN THE TRICK

With all her huge bulk, her big crew and her powerful engines, the R-34 is dependent on its four pairs of propellers—like the pair pictured above—for her flight from Great Britain to America and back to Britain again. And each blade of these propellers is only seven feet over all—36 feet of wood to send along 634 feet of airship.

pentitentiary for making moonshine. "Red Fox" of Jasper county," was He's to be released this month. They're never too old to make it. A 72-year-old German got six months in the pen for moonshining. His defense was that he was compounding a remedy for rheumatism. And recently George Tillman, the

prison terms each time. He has 12 children. Tom Curtis has a price on his head. Moonshiners clubbed together, to pay a bonus to the mountaineer that put a bullet in Curtis' heart. That followed his efforts to arrest Tom Henderson for moonshining. The

BESIDE THE WOOLWORTH—

Put on end beside the Woolworth tower in New York, the R-34 with its 643 feet of length would reach nearly the height of the structure, but they didn't land her that way.

latter's sons, Oscar and Bob Henderson, and three others attacked Curtis and Revenue Officer Henry Penland with rifles. Hand to hand fighting ensued. One boy, armed with a knife, made a six-inch slash in the revenue officer's coat. Curtis shot and killed both of the youths. Eighteen mountaineers, enraged over the killing, got horses and chased Cur-

tis and Penland into North Carolina. They escaped death by a narrow margin.

Forests are so thick in the mountains the sun never strikes the ground in many spots. In such a place last winter Curtis led 35 soldiers, lent by the army. In pursuit of the three Crawley brothers, wanted as moonshiners and army blackers.

How about YOUR Children?

PARENTS WRECK SCHOOL

Resent Action of Authorities
in Cutting Off the Hair
of Girl Pupils

ABERDEEN, Scotland, June 25. (Correspondence of the Associated Press).—Parents of children attending an elementary school here have shown their resentment against the action of the authorities in cutting off the hair of girl pupils by an attack on the school. Armed with missiles, a large crowd of men, women and children, women predominating, gathered near the school, as it was understood that the doctor was about to apply the scissors to other pupils' hair. It was impossible to convince the crowd that the doctor had left earlier in the day, whereupon the school windows were wrecked and damage amounting to more than \$1000 was caused. Forty policemen were required to keep order in the crowd, which was estimated at 15,000.

The principals of the school maintained that the hair-cutting was justified for reasons of health. The parents contended that the school authorities should not take such action without their consent.

City Council Meeting

Continued

matters referred to Commissioner Morse: Albert Allard, garage, 108 Worthen street; Standard Bottling Co., gasoline, Steadman and Stevens streets; Alcide A. Parent, garage, 128 Walker street; and Joseph Albert, garage and gasoline, 195 Hall street.

On recommendation of the city solicitor the following claim petitioners were given leave to withdraw: Nora P. Ray, Mrs. Thomas A. Seery and Mrs. Albina Sheehan.

The city solicitor reported that the case of Margaret Vaughn vs. the City of Lowell, now pending in the superior court, in which \$5000 was asked in remuneration for personal injuries received while the complainant was traveling in Carter street in February, 1918, could be settled out of court for \$400 upon execution of a satisfactory release with the solicitor. He recommended that this sum be paid. Commissioner Marchand asked if the claimant had ever been given leave to withdraw and City Solicitor Regan replied in the negative. The vote authorizing the payment of \$400 was then passed.

Commissioner Morse reported favorably on the following garage and gasoline petitions and the proper licenses were granted: Andrew H. Couture, garage, 87-89 South Whipple street, and John P. Quinn, gasoline, 3 Dix st.

The petition of the Lowell Electric Light corporation for a pole location in Warwick street and the New England Telephone & Telegraph corporation for one in Butterfield street were held over for hearings July 29.

The claim of Frederick A. Sullivan of Tewksbury for injuries to his automobile caused by alleged defects in Rogers street was referred to the law department.

The petition of Thomas A. Grady for gasoline at 7 East Merrimack street was held for a hearing July 29.

The petition of F. Piche, that a portion of Howard street be closed was referred to Commissioner Murphy.

The petition of Joseph E. Asell et al, that the sewer in Plymouth street be extended was also referred to Commissioner Murphy.

Thomas F. Garvey et al petitioned that the polling place of ward 6, precinct 3, be located in the basement of the Greenhaile school. Referred to Commissioners Donnelly and Marchand.

Frank Sousa was appointed a weigher for the Merrimack Utilization Co.

Wage Budget Delayed

Commissioner Donnelly reported that the city auditor had completed the supplementary budget yesterday noon but later Chairman Walsh of the school committee asked that action on it be delayed until after a meeting of the school committee this evening when requests for wage advances in that department will be acted upon. For that reason the budget was not complete but probably would be by Thursday.

Commissioner Murphy asked that his loan order for \$75,000 for macadam upon which action was deferred at last week's meeting be now taken under consideration. He stated that the streets were in very poor condition and that in no year had less than \$50,000 been voted for this work. He had already received \$15,000 this year and believed that the department should have as much, if not more, than in past years owing to the fact that very little new work could be done by the department the past two years on account of war conditions. He believed that he could spend \$75,000 beneficially but also realized that the school situation would have to be given consideration. He was willing to have the order amended but didn't wish to do it himself.

On July 5 he had a macadam balance of \$774.65 and had already completed macadamizing South street, Colonial avenue and Wampanoag street. If more money were voted his schedule called for doing Moody street, Mammoth road, Mt Vernon street, Common street, Vernon street, West Sixth street, Lilley avenue, Third street, Lundberg street and Pine and Westford streets. He had also received petitions for macadam in Clark road and Parkview avenue. The only job he could go ahead with on the money he has left would be Mt. Vernon street.

Commissioner Murphy's Ultimatum

"If I am going to continue macadam work I must have money and have it

Itched Till
Almost Crazy

"For years my hands were almost raw. They itched so bad I was almost crazy. Suffered day and night. Used all kinds of medicine and got no relief. Lost all hopes of ever being cured until I got a trial bottle of D.D.D. Results were so great I got a large bottle. Can sleep now and work all day. D.D.D.—ROBERT E. HOLMES, Manakin, Va.

Anyone suffering from skin trouble—mild or severe—should investigate at once the merits of D.D.D. Try it today. We guarantee the first bottle, 50c, 60c and \$1.00.

D.D.D.
The Lotion for Skin Disease
Dava's Two Drug Stores

this morning," said the commissioner. "There's the situation."

Mayor Thompson: "I believe that between now and Thursday the order should be re-written. Borrowing \$75,000 now would mean that the Mayor's school proposition would have to stop." Commissioner Murphy: "I'd like to know how much money Commissioner Marchand is going to ask for the Mayor's school."

Commissioner Marchand: "The original bids called for \$311,000, but I understand that the heart has been cut out of that figure. I don't know just how much I shall want until Thursday. I'll bring in new bids then."

Commissioner Morse suggested that Commissioner Murphy be given \$40,000 but no action was taken.

Commissioner Donnelly moved that action on the order be deferred until Thursday and the mayor seconded the motion. It was so voted with Commissioner Murphy opposing.

\$25,000 Sewer Loan

Commissioner Murphy then moved that the \$25,000 sewer loan order laid on the table at the last meeting be taken from the table. Before it was formally voted there was considerable discussion.

The commissioner said that he had been given an appropriation of \$75,000 at the beginning of the year and had in addition \$24,000 left over from last year, giving him a total of more than \$75,000.

His present balance is \$1568 and his weekly payroll \$2100. He said that he had expended \$38,000 on the Varnum avenue job, \$21,093 on the Court street sewer and about \$3200 on numerous smaller jobs.

"The Varnum avenue sewer," he said, "is entirely completed up to the engine house of the new hospital. There is a distance of 640 feet still to go. The connecting of the various buildings to the main sewer, of course, will be charged to the department in charge of the hospital. The present sewers leading from the various buildings must all be relaid as the pipe is not large enough."

"If I don't get more money I'll have to go up to the job and say, 'I'm sorry, boys, but I'll have to lay you off.'"

Mayor Thompson: "I don't think you have annexed your department properly."

Commissioner Murphy: "You must remember that this job was laid out not by me, but by previous members of this government."

Mayor Thompson: "That doesn't make any difference; you're responsible for the financing of your department."

The mayor asked how many extra men the commissioner had employed, and the reply was "Three thousand."

Commissioner Morse wanted to know if any estimate of what it will cost to finish the job could be given and Commissioner Murphy replied that there remained about three weeks' work on it.

Mr. Morse said that he was going to ask for \$17,000 in the supplementary budget for two new pieces of fire apparatus.

Mr. Murphy: "I realize that the fire department is very important, but at the present time sewers are most important. If we don't build sewers people won't build houses."

The motion was then formally taken from the table and Commissioner Donnelly moved that action be deferred until Thursday. Mayor Thompson again seconded the motion.

Commissioner Murphy protested and said that he had no more surety of getting money Thursday than he had now.

The mayor said that if he got what he asked for he would leave the city with a borrowing capacity of \$39,000. The matter was finally put to a vote and deferred. Mr. Murphy again voting "No."

Adjourned at 11:30 a. m. until Thursday at 10 a. m.

Return Trip Delayed

Continued

began to settle toward the ground, but her movement was detected in time for the members of the crew to release a part of the water ballast, and injury to the machinery by coming in contact with the ground was prevented.

To Fly Over New York

Unless present plans are changed, the R-34 will fall over New York and then make directly out to sea, probably over a course slightly north of the southern route if conditions are favorable. Should strong winds prevail in an unfavorable direction the northern route will be taken. Gen. Maitland estimated that about three thousand miles would be covered on the return trip.

On its homeward journey the R-34 will carry 25 pounds of mail. About 100 letters have been received at the New York postoffice from officials in this country congratulating British officials on the success of the trip, and about 200 letters had been received yesterday from newspapers and private individuals marked for transmission to England by the dirigible. Those were all put in the mailbag of the R-34. The postage on each letter was 2 cents, the regular rate. It is estimated that several hundred thousand persons have visited Roosevelt field. They came by automobiles and on foot all day Sunday and yesterday and even until after midnight, men, women and children poured in a never ending stream through the gates of the field. Sunday night and

again last night as she hung gleaming in the glare of the searchlights, the ship was visible for miles.

Ready to Start

MINEOLA, N. Y., July 8.—Major G. E. M. Pridehard, executive officer of the R-24, said today all repairs would be completed by tonight and that fuel, water and other supplies would be taken aboard before midnight. With favorable weather he said, the R-34 would be ready to start at daylight tomorrow. She will take the southern track, four or five hundred miles north of the Azores, in view of a forecast of clear weather for the next 48 hours made by the weather bureau in Washington. For one-third of the course on the way over the R-34 is expected to strike northerly cross winds which will not retard her much. For the remaining distance favorable westerly winds are expected.

J. P. Donohoe, 223 Hildreth Bldg., real estate and insurance. Telephone.

Fire and Liability Insurance, Daniel J. O'Brien, Wyman's Exchange.

Mr. and Mrs. Richard L. Ray of West Palm Beach, Florida, are visiting at the home of her mother, Mrs. Susan Murphy.

Congressman and Mrs. John Jacob Rogers have left for Washington, accompanied by Mr. Roger's secretary, Xavier A. Dellele.

A most enjoyable party was held at the home of Mr. and Mrs. Thomas Conway, 13 Brook street, recently, the occasion being the 6th wedding anniversary of the happy couple. During the evening a pleasing musical program was offered by some of those present, including songs by Miss Lucy Alfano, James H. Daly and Mrs. Thomas Conway; dancers by Mrs. Conway, Miss Winifred Moley and Miss Mary Flanagan, and musical selections by James H. Daley and Co. Miss McCarthey acted as accompanist.

ENTERTAINERS APPRECIATED
Benjamin S. Pouzner, director of War Camp Community service in this city, today received a letter from the field director of the Red Cross at Camp Devens in appreciation of the entertainment given at the base hospital last Sunday by Lowell people.

In the police courts of New York state it is getting to be a common practice to sentence minor offenders to a term of saving, and in Syracuse last year \$5000 was invested in this way in War Savings stamps, all later returned to the men or used to help their families.

At Niagara Falls, when David Broderick was placed on probation six months ago and ordered to give the probation officer \$12 a week for War Savings stamps, he complained bitterly.

At the end of six months he was handed \$230.50 worth of stamps, and he has voluntarily placed himself on indefinite probation, promising to bring in \$10 a week to continue his savings investment.

LEGAL NOTICES

Commonwealth of Massachusetts—Middlesex, ss. Superior Court.

PETITION FOR DISSOLUTION OF GEORGE'S SHOE STORE, INC.

To the Honorable, the Justice of the Superior Court.

Respectfully represents Joseph A. Gagnon of Lowell, in said County of Middlesex, that he is the Treasurer of the George's Shoe Store, Inc., a corporation duly organized and existing under the laws of the Commonwealth of Massachusetts and having its usual place of business in Lowell, in said County of Middlesex.

And your petitioner further represents that all of the assets of the said George's Shoe Store, Inc., have been sold, transferred and assigned to George A. Gagnon of said Lowell, and the undersigned further represents that all debts and liabilities of the said George's Shoe Store, Inc., have been paid, canceled and extinguished, and that no further liabilities or obligations whatever remain outstanding against the said George's Shoe Store, Inc.

And your petitioner respectfully represents that the stockholders of the George's Shoe Store, Inc., on the twenty-fourth day of June, A. D. 1919, voted to dissolve said corporation and authorized and directed your petitioner, the treasurer of said corporation, to take legal measures to dissolve said George's Shoe Store, Inc., a copy of which vote, duly attested marked "A," is annexed to the original petition.

Wherefore your petitioner respectfully prays that the said George's Shoe Store, Inc., may be dissolved and its legal existence finally terminated and that a decree to that end may enter upon the records of this Honorable Court.

JOSEPH A. GAGNON, Treasurer.

Commonwealth of Massachusetts—Middlesex, ss. Superior Court.

July 2, A. D. 1919.

Upon the petition aforesaid, it is ordered by the Court that the petitioner notify all persons interested to appear before our Justices of said Court, at Cambridge, in said County, on the first Monday of September next, by causing an attested copy of said petition and of the order of the Court thereon to be published in The Lowell Sun, a newspaper published in Lowell, in the County of Middlesex, the last publication to be thirty days at least before the said last mentioned day, that they may thereon show cause, if any they have, why the prayer in said petition set forth should not be granted.

WM. C. DILLINGHAM, Clerk.

A true copy of the petition and of the order of the Court thereon.

Attest, WM. C. DILLINGHAM, Clerk.

COMMUNITY SERVICE CLUB MEETING

A hundred or more young women of the Community Service club met in the club rooms last evening for the regular monthly mass meeting and in addition to completing the list of club officers by election, discussed several plans for club betterment and growth.

Three officers were chosen, as follows: Vice president, Miss Sadie McLanahan; secretary, Miss Anna O'Leary; treasurer, Miss Nellie Ryan. A proposed point system of gaining company honors was discussed, but no definite action was taken. Co. G, by virtue of its large representation in the Fourth of July parade, is the banner company at present.

Prior to the business session an enthusiastic sing was led by Miss Louise Jenkinson, assisting recreational director. A rising vote of thanks was given John J. Mahoney, principal of the Normal school, in appreciation of his co-operation with the club in making it possible for the club girls to use the school grounds for recreational purposes and a similar expression of

gratitude was tendered William Mitchell, agent of the Massachusetts mills, for the loan of a truck used as a float in the Independence Day parade.

At a recent meeting of the Lowell Wesleyan College club it was voted to provide assistance in tennis instruction for the community club girls.

DEATHS

MAILLÉ—Jeannette Maillé, daughter of Hervé and Alice Maillé, died Sunday at the home of her parents, 13 Aiken avenue, aged 2 days. Burial took place yesterday in the family lot in St. Joseph's cemetery, in charge of Undertaker Joseph Albert.

Burial will take place in St. Patrick's cemetery. Motor cortege. Funeral arrangements in charge of Undertakers Higgins Bros.

GOES TO ASSISTANCE OF U. S. ARMY TRANSPORT

HONOLULU, July 8.—The United States army transport Dix, enroute from Manila to San Francisco, reported today by wireless she had lost a propeller 250 miles from Honolulu.

The submarine tender Beaver went to her assistance. The transport is not carrying passengers and is not believed to be in serious danger.

NON-STOP SPEED RECORD

Capt. Smith Flies 610 Miles at Rate of 148.44 Miles Per Hour

WASHINGTON, July 8.—A new non-stop speed record was established yesterday between San Francisco and San Diego, the army air service announced today. Captain Lowell H. Smith flew 610 miles at the rate of 148.44 miles per hour alone in a De Havilland "Blue Bird."

Just One Application and the Hairs Vanish

(Modes of Today)

A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package.—Adv.

JOINT ATTACK
ON PETROGRADCouncil of Five Favors Plan
For Big Attack by Kolchak
and Finnish ForcesAllied Officers Notified of
Action—Bolsheviks Pre-
paring To Flee

PARIS, Monday, July 7.—Approval of a plan for a concerted attack upon Petrograd by Finnish troops and the forces of the Kolchak government at Omsk was given today by the council of five. A joint note has been sent to the military attaches of the United States, Great Britain, France and Italy at Helsinki instructing them to support the Finnish government if it decided to accede to the request of Admiral Kolchak to assist him in the campaign.

There is no indication that the allied and associated powers propose to go further at this time in helping Kolchak's plan, but their action in supporting the Finns is regarded as equivalent to assurances that they will see the Kolchak movement carried through.

Petrograd has been the object of the attacks of Finnish, Estonian and Russian volunteer troops for several months. A few weeks ago the Estonians and Russian volunteers were closing in on the city, but the Estonian bureau in Copenhagen announced yesterday that the troops which had been advancing on Petrograd were in retreat.

At present the Kolchak forces west of the Ural are more than 500 miles east of Petrograd. It is likely that the Finns will be joined by Russian volunteer troops and forces of the north Russian government at Archangel.

Finnish troops are within 30 miles of Petrograd on the north, while forces of the north Russian government are operating in the southern part of the province of Olenok, northeast of Petrograd.

Bolsheviks to Flee

WASHINGTON, July 8.—Definite information that the Bolsheviks are planning to evacuate Petrograd has been received in official circles here. The decision was violently opposed by some elements of the government.

WALSH AND DUNNE
BACK FROM EUROPE

NEW YORK, July 8.—Frank P. Walsh and Edward F. Dunne, who represented the "Irish republic" at the peace conference, returned today on LaSavoie.

BEATEN BY STRIKERS

Employee Attacked—Mills
Grant 15 p.c. Raise—
Workers Now Want 25 p.c.

LUDLOW, Mass., July 8.—Following an agreement reached last night by which the 15 per cent wage advance asked for was granted by the Ludlow Mfg. Associates to 200 striking workers of the preparing room, a decision was reached today to ask for a 25 per cent increase and an eight hour day with four hours Saturdays.

Employees of four of the seven mills remained out while those of the other three went to work. An employee of one of the mills was set upon by strikers and severely beaten, but no arrests were made. Before noon the entire plant was closed, with 3000 employees out.

MOTHER KILLED, GIRL
ATTEMPTS TO END LIFE

NEW YORK, July 8.—Miss Antonette Morales, 15 years old, daughter of the late General Luis Morales, an officer in the Mexican army during the Diaz regime, was seriously injured today when she plunged through a window of her apartment to the street.

She was despondent over the death of her mother, Mrs. Edward Verges, who died last night of gunshot wounds inflicted by the girl's stepfather. A few hours before she jumped through the window Miss Morales was found semi-conscious in a gas-filled room. She was revived and while her rescuer went to get her a drink of water she threw herself from the open window.

She left a note in which she said she could not live without her mother.

SWEDISH SEAMEN STRIKE

STOCKHOLM, Monday, July 7.—The strike declared by the Swedish seamen's union on Saturday is affecting the entire Swedish commercial fleet. Ship owners refused to grant an eight hour day and a standard wage on ships under 700 tons in the Baltic and 600 tons in the North Sea.

DROUTH BROKEN
HUB BARS OPEN500 Liquor Dealers Re-open
Saloons and Sell 2 3/4 Per
Cent BeerWarned by U. S. District At-
torney That One Will Be
Arrested For Test Case

BOSTON, July 8.—Five hundred liquor dealers who received new licenses yesterday re-opened their places of business here today and sold 2 3/4 per cent beer. They have been warned by the United States district attorney's office that one of their number will be arrested today or tomorrow for violation of the prohibition act and that the outcome of the test case would serve local federal authorities as a guide for future action pending a decision of the supreme court on the issue of intoxicating properties of malt liquors.

The licensing board expected to issue 100 more permits today. Practically all of the dealers look out second class licenses permitting the sale of beer, ale and light wines. Those who look first class licenses did so to avoid complications in renewing applications, when prohibition is lifted by demobilization of the army. All licenses were stamped with notices in red letters that they were subject to federal regulations.

DENIED BY BURLESON

Reported That He Had
Sent Resignation to Presi-
dent Wilson

WASHINGTON, July 8.—Postmaster General Burleson today declared there was no foundation for reports that he had sent his resignation to President Wilson.

ORDER PRICES LOWERED

50 Per Cent Cut in Eatables
in Florence—Bargain
Hunters Over Run Stores

FLORENCE, Monday, July 7.—(By the Associated Press)—All the business houses of this city were overrun today with bargain hunters who sought to take advantage of the price reduction decreed here. Many stores sold out before noon.

The king's commissioner for Florence issued a proclamation today placing the population on rations and decreasing reductions in prices approximating 50 per cent in eatables. Restaurants and cafes were ordered to lower their rates 30 per cent.

PAY MONEY PAID FOR
NAVAL TRANSFERS

SAN FRANCISCO, July 8.—An investigation was made today by Rear Admiral J. L. Jayne, commandant of the twelfth naval district, of charges by enlisted men that money had been paid to petty officers to secure transfers from undesirable assignments.

Three chief yeomen of the receiving ship Boston are in custody. Assignments to ships on the Atlantic coast were secured through money payments, they said, and in like manner men were able to have their names erased from lists for transfer to ships in Russian waters.

EXPLOSION ON CUTTER
TWO SAILORS INJURED

BOSTON, July 8.—An explosion of gun cotton primers severely burned two of the crew of the naval cutter Ossipee, N. Nesmith, acting gunner, and I. H. Hunting, a mess attendant, while the cutter was 123 miles from this port on her way to Halifax.

The destroyer Stevens answering a hurry call from the Ossipee took the injured men on board and rushed them here today for treatment at the naval hospital. Nesmith was burned about the head and arms. The condition of the other sailor was described as less serious.

Trip to Montreal, Canada

Guns Roar Welcome as Pres.
Wilson Returns Home From
Historic Peace ConferenceWhistles Shriek, Bells Ring and Thousands Sing and
Cheer as Presidential Fleet Steams Up New York
Harbor—Warships, Steamers and Airplanes Escort
Transport Into Port—Returning Soldiers Take Part
in Great Demonstration

NEW YORK, July 8.—Escorted by a fleet of warships, the transport George Washington, bringing President Wilson home from France, passed quarantine on the way to Hoboken at 1.30 p. m. today.

Guns Boom, Whistles Shriek

As the transport passed Fort Hancock the guns boomed a presidential salute, echoed ten minutes later by Fort Hamilton and Fort Wadsworth. The shrill whistles of harbor craft took up the din.

The president and Mrs. Wilson stood on the bridge as the vessel steamed slowly up the harbor, conveyed by destroyers and welcoming craft of all descriptions. The rail of the transport

was lined with returning soldiers, cheering and waving their caps.

The battleship Pennsylvania bearing five members of the president's cabinet, Daniels, Baker, Lane, Glass and Wilson, led the way, followed by the Oklahoma with the George Washington at her stern.

The president's flag was flying at the foremast of the George Washington. Except for the wide lane cleared by patrol boats through which the transport passed, the harbor seemed filled with small craft of every kind carrying excursionists, who shouted at the top of their lungs and waved a welcome to the president. A great crowd of well-wishers had gathered on the Staten Island and New Jersey shores.

The George Washington passed the

battery at 2.25 p. m.

The George Washington turned into her pier at 2.30 o'clock while the warships in her escort fired a presidential salute.

Big Naval Escort

NEW YORK, July 8.—Four dreadnoughts and 36 destroyers from the Atlantic fleet formed the escort that met the S.S. George Washington with President Wilson aboard, 39 miles east of Sandy Hook early today. The presidential salute from these vessels was the first of the many welcoming ceremonies awaiting the president on his arrival here this afternoon.

In the harbor were 45 warships, headed by the flagship Pennsylvania, with Admiral Henry B. Wilson aboard.

ADMIT AUSTRIA
TO THE LEAGUEMay Join as Soon as It
Complies With the Nec-
essary ConditionsDecision Announced by
Council of Five—Norway
Presents Claims

PARIS, Monday, July 7.—The council of five decided today to inform the Austrian delegation that its government would be admitted to the League of Nations as soon as it complied with the necessary conditions. This notification will be in reply to the Austrian note on the subject. The reply will be of a friendly character.

Decision was reached today by the council of five to lift the commercial censorship on communications with Germany simultaneously with the lifting of the blockade. This decision will not affect the censorship on matters of a political nature.

A Norwegian note today presented claims to the council for ships sunk by submarines and deaths of sailors.

The matter of the repatriation of Armenians in Armenian Russia was referred to Viscount Milner, British member of the committee on mandatories.

A decision to devote further time to consideration of Austrian territorial questions has resulted in the Austrian peace treaty being held up after the printers set the type and delivered the proofs.

It is stated that the treaty will not be ready for presentation before the end of the week, at the earliest, as there are many problems to be considered.

TO INVESTIGATE
FIUME INCIDENTS

PARIS, July 8.—A commission composed of four generals, representing France, Italy, England and the United States, has been appointed to investigate the recent incidents at Fiume. The supreme council of the peace conference has also decided to appoint a committee of four members to inquire into Norway's claims to Spitzbergen.

12 SOLDIERS ARE
KILLED AT FIUME

ROME, Monday, July 7.—About a dozen men, mostly French colonial soldiers, were killed at Fiume during the recent disorders in which allied forces and Italians participated.

TITTONI GOES TO
CONFER WITH KING

PARIS, July 8.—Tommaso Tittoni, foreign minister and head of the Italian delegation to the peace conference, has gone to Rome for conferences with King Victor Emmanuel and the cabinet on current diplomatic negotiations. He planned to be absent three days. One of the latest conferences he had was with Secretary Lansing and Henry White of the American delegation on Sunday morning.

British Sources Recites Se-
ries of Lawless Acts

NEW YORK, July 8.—A copy of the memorandum setting forth conditions in Tipperary county, Ireland, issued yesterday at Dublin by the chief secretary for Ireland in outlawing all Sinn Fein organizations and Irish volunteers from Tipperary county, has been received here from British sources in London.

The memorandum recites a series of lawless acts reported to British police officers and quotes from two documents said to have been seized by British authorities in Ireland.

Quotations from these documents deal with an alleged boycott of police.

HELD FOR GRAND JURY

Elmer Maki, Charged With
Murder of Martin Gal-
lagher, Held Without Bail

Charged with the murder of Martin Gallagher of 117 Methuen street, whom he is alleged to have stabbed to death on the Lakeview avenue ball grounds on the night of June 15, Elmer V. Maki, 24, of 473 Riverside street, was arraigned before Judge Fisher in police court today. Probable cause to believe him guilty was found by the court and he was ordered fully committed, and held without bail for the grand jury. Edward J. Tierney appeared for the defendant.

The police allege that the murder came as a result of a quarrel between Maki and Gallagher over the purchase of some Jamaica ginger. Maki struck Gallagher with a stone, the police allege, and followed this by stabbing him several times with a double-bladed pocket knife.

Gallagher was found on the ball grounds early Monday morning with 11 wounds.

TO ARBITRATE
USE OF ROOKECompany and Employees
Name Arbitrators—Both
To Select Third MemberDemands For Further Wage
Increase To Be Made—
Local Carmen Meet

BOSTON, July 8.—Demands for a further increase in wages by employees of the Eastern Massachusetts Street Railway company (formerly the Bay State) were indicated today when a delegation of carmen sought a conference with the public trustees of the road on the wage question. Because the trustees were not in session, the conference could not be held, but it was said that the demands would probably be discussed in a day or two.

Announcement was made of the appointment of arbitrators by both the company and the street car men's union on the question of the use of a hand fare register, which caused a strike on the northern lines of the system recently. Samuel H. Pillsbury will represent the road and James H. Vahey the employees. They have six days in which to agree on a third member, after which choice will lie with the chairman of the trustees and President W. D. Nathan of the International union.

Local Carmen Meet

Reports of the progress of the conferences being held in Boston at which plans for arbitration of the grievances which precipitated the recent trolley strike are being made, will be read at meetings of the local street railway men's union at their rooms in the Rindels building today. The night men met this afternoon at 2 o'clock, while the day men will meet at 7.30 o'clock this evening.

The subjects to be considered by the arbitrators as well as many other matters of interest to the carmen will be discussed at the local meetings today.

The persistent rumors of another strike continue to be circulated, but the local union officials reiterated today that there was no foundation for the reports.

FISHING SCHOONER SUNK

Went Down in Collision
With U. S. Steamer Ma-
gunkook—Crew Rescued

NEW YORK, July 8.—The American steamship Magunkook which arrived today from Rotterdam, reported sinking in a collision with the gasoline fishing schooner Edmund F. Black, of Portland, Maine, off the Georges Fishing Banks in a fog last Sunday night. The schooner's crew of eight men were rescued and brought here.

PORTLAND, Maine, July 8.—The gasoline fishing schooner Edmund F. Black, sunk off the Georges Banks Sunday night, was owned principally by the Willard-Daggett Co., of this city. Frank W. Doughty of Portland, the captain, is agent of the vessel, which was valued at \$10,000. She had been gone three weeks and was expected here daily, with a cargo of fish valued at from \$2500 to \$5000. No word had been received here of the accident. The schooner was built at East Boothbay in 1909 and registered 66 tons gross.

LOWELL MAN IS
ROBBED IN BOSTON

Raymond Peabody of 163 High street, this city, on the eve of an intended trip to Chicago, was robbed of \$100 and a pair of trousers at a Boston hotel on Sunday night, according to the statement made by him in Lowell today.

Mr. Peabody, who has recently been discharged from the army, had been stopping at a Boston hotel for the past week, while making preparations for his trip west and had planned to leave yesterday morning. On awaking, however, his trousers were missing, along with the money and although he immediately notified the Boston police and an investigation followed, no clue to the robber has been found as yet. Mr. Peabody said today that his room was on the fourth floor and opened on a fire escape and the police share his belief that the robber entered through an open window after climbing the fire escape steps.

The Lowell man has returned to his home here and will await some word from the Boston police.

CITY COUNCIL
HOLDS MEETINGSchool Department Budget
Delays Action on Wage
AdvancesTo Come Up Again Thurs-
day—Lively Tilt Over
Loan Orders

Action on the petition of employees of the various municipal departments for a 15 per cent increase in wages was again deferred by the city council at its regular meeting this morning owing to the request of Richard Brabrook Walsh, chairman of the school committee, that the supplementary budget be kept open until after this evening's special meeting of the school committee. The council will meet again Thursday morning when the matter will undoubtedly be taken up.

This morning's session was somewhat enlivened by the opposition to Commissioner Dennis A. Murphy's request for action on his loan orders submitted last week for \$75,000 for macadam and \$25,000 for sewers. He stated that he had not a sufficient amount of money left from his sewer appropriation to meet the current payroll. However, the council voted to defer action until the next meeting.

Meeting in Detail

The meeting was called at 10.15 with all members present.

The New England Telephone & Telegraph Co. was given a hearing on its petition for a pole location at 63 Claire street. Timothy H. Reardon protested, saying that Claire street was unusually narrow and that the pole might be located in a 40-foot street no more than 75 feet away. The matter was referred to Commissioners Murphy and Marchand.

Petitions of the same corporation for pole locations in Pembroke and Shaw streets were referred to the same commissioners after hearings and similar action was taken on the petition of the Lowell Electric Light Corp. for a pole location in Royal street, near Westford.

Hearings were held on the following garage and gasoline petitions and the

HIGH COST OF LIVING

Pres. Poincare Suppresses
Entirely All Prohibition
Against Imports

PARIS, July 8 (Havas).—Decree suppressing almost entirely prohibitions against imports into France were signed by President Poincare today, after a meeting of his cabinet to discuss the question of the high cost of living. The prohibitions, as a result, will apply to only about one dozen articles. Another decree simplifies the customs laws.

The cabinet authorized the minister of finance to submit to parliament a bill for the adjustment of the salaries of government officers, agents and other employees.

CARMEN'S STRIKE ENDS

Cleveland Service Resumed—
Demands Granted—New
Fare 11 Tickets For 50c

CLEVELAND, July 8.—Street car service was resumed today after 250 employees of the Cleveland Railway Co. had been on strike since Sunday morning.

Demands for an increase in wages from 43 cents an hour the first three months of service, 45 cents the next months and 48 cents thereafter to 51, 53 and 60 cents, respectively, were granted, and the company agreed to submit to arbitration a demand for a 7 per cent increase in dividends from 6 per cent to 7 per cent.

A new fare of 11 tickets for 50 cents with one cent for transfer went into effect today.

CALL FOR REPORT
ON R.R. PASSENGER

WASHINGTON, July 8.—Without discussion the senate today adopted a resolution by Senator Newberry, republican, calling on the railroad administration for a report of passenger service in 1919 for transportation, parlor, sleeping and dining car privileges.

NAVAL RECRUITING

Two men were forwarded from the Lowell naval recruiting station today by Chief Cary. They were Richard Condon, 35 By street, and James S. Bataro of Lawrence. Both enlisted apprentice seamen.

VICTORY DAY IN PARIS JULY 14

Elaborate Plans For What
Promises To Be Greatest
Day in History of Paris

Flags of All American Divisions Which Fought in
France Will Be in Line

PARIS, Monday, July 7.—(By the Associated Press.)—The regiment of American soldiers which will follow Gen. Pershing and the members of his staff in the great parade on Victory day, July 14, will, both from physical appearance and past performance be worthy companions for the victors of Verdun, the Marne and the Yser. Flags from all the American divisions which have fought in France will be carried by members of units chosen from those organizations.

Victory, like war, caught the French unawares. Six months ago elaborate plans were made for the celebration of Victory day. Then came the peace conference, with its delays of weeks and months, and the average Frenchman doubted if the fête would ever take place, some doubting even victory itself. At two weeks' notice the French were called upon to make arrangements to celebrate what promises to be the greatest day in the history of Paris, which is replete with glorious days.

\$600 for Single Window

Not all the citizens of Paris, however, are thinking of July 14 in a disinterested manner, as symbolizing glory and triumph. Many of them are apparently coupling glory and gain, if one may judge by the prices asked for window and balcony seats along the Champs Elysees and for hotel accommodations in the city. In the vicinity of the Arc de Triomphe especially the prices paid for the rental of a window for two hours would provide homes for indigent families for years. For a single window or balcony seat from \$200

**Saved My Life
Says Man in Maine**

Henry O. Hawley of 17 Cross street, Belfast, Maine, writes us: "I am feeling lots better and think your Elixir (Dr. True's Elixir) saved my life." Dr. True's Elixir is a great medicine, a family laxative and worm expeller. It tones the stomach, moves the bowels and expels worms. Surprising as it is, how many people have worms. Children suffer from worms. Signs or symptoms of worms are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pain about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short, dry cough, grinding of the teeth, little red pinpoints sticking out on tongue, starting during sleep, slow fever.

Dont get sick

Don't hurry your meals.
Don't eat when overtired, rest a few moments before eating.
It will pay you.
Don't borrow time for work that belongs to rest or sleep.
Don't neglect the first symptoms of illness or disordered digestion.
Don't allow the bowels to become constipated, but if you are so unfortunate,
DON'T delay taking one or two teaspoonsful of "L. F." Atwood's Medicine on retiring at night. It has a record of sixty years and never fails to relieve constipation and biliousness.

All dealers have it in large bottles for fifty cents. Be sure to get the "L. F." kind. A generous sample mailed free on request by the "L. F." Medicine Co., Portland, Me.

to \$600 will be paid and the price of a balcony situated midway between the Place de la Concord and the Arc de Triomphe is advertised at \$3000. There are accommodations on that balcony for about 20 persons. Hotel keepers are raising their prices from 50 to 100 percent. for the week of July 10-17, turning out their guests of long standing to make room for prospective visitors.

Rush Decorations
The work of decorating the Champs Elysees is being pushed with haste, 120 painters and 30 sculptors working in shifts. The city is already bedecked with banners remaining over from peace and from the Fourth of July celebrations. Three hundred carpenters and a thousand laborers are working in eight-hour shifts, according to the new eight-hour law, in erecting stands along the course where the parade will pass. More than 3000 men are actually at work preparing for the celebration.

Celebration in London July 19
PARIS, July 8.—General Pershing will accompany a detachment of 3200 American troops who will go to London to take part in the victory celebration there on July 19. Colonel Conrad S. Babcock will be in immediate command of the troops. The visit of the soldiers to London will be prolonged until July 26.

FREE ALL PRISONERS

**Mob Attacked Castle and
Detention Prison at Han-
over, Germany**

BERLIN, July 8.—A mob attacked the castle and the detention prison at Hanover yesterday and released all the prisoners. The guards surrendered their arms without resistance. Fighting occurred between the mob and the government soldiers.

HIGH COST OF DOCTORS

**Paris Physicians Double Fees
For Days and Triple Them
For Night Calls**

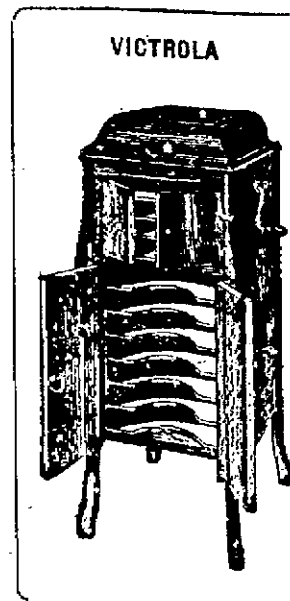

PARIS, July 8.—The doctors of Paris today increased their fees for day services to double the rates before the war. Fees for services at night will be three times the pre-war rate.

HOME ON FURLOUGH

Coxswain James Brosnan, son of Captain and Mrs. James Brosnan of High street, who is a member of the crew of the U.S.S. Mt. Vernon, is enjoying a week's furlough at the home of his parents. The U.S.S. Mt. Vernon is now anchored at Hoboken, N. J., and is expected to sail for Brest, France, within a week or two. Coxswain Brosnan informed his parents that while the ship will be anchored at Brest the crew will be given a leave of absence of three or four days in order to visit Paris. The young sailor is in the best of health and expects to be discharged from the service upon his return from France. He enlisted two years ago last May.

FOR NEW GOVERNMENT

**Formation of Separate Turk-
ish Government in Asia
Minor Indicated**

PARIS, Monday, July 7.—The formation of a separate Turkish government in Asia Minor by Mustapha Kamel Pasha and Essad Pasha is indicated as a possibility in despatches received in peace conference circles from Greek sources.

Kamel Pasha, who is reported to have 40,000 troops with 47 heavy guns and many machine guns, is said to have refused to comply with an order to return to Constantinople.

Essad Pasha is understood to be in Asia Minor in the territory controlled by Kamel Pasha and they are in touch presumably in the hope of forming a coalition for a new government.

WANTS OTHERS TO TRY REMEDY THAT GAVE HER HEALTH

**Stomach Trouble Gone, Says Meri-
den Woman, After Taking Dr.
Williams' Pink Pills**

"During nearly three years of illness," relates Mrs. W. P. Jones, who lives at No. 30 Crown street, Meriden, Conn., "I had tried many preparations and prescriptions without any improvement in my condition. My failure to find anything to relieve my suffering began to worry me and I was all but ready to give up hope when I heard of Dr. Williams' Pink Pills and their success in restoring general bodily health by enriching the blood.

"By this time my stomach was in such a condition that I couldn't eat a good meal without distress. I suffered from cramps for hours after eating with the result that I lost sleep and was always tired. My blood was so poor that I was numb in parts of my body. My limbs were sore and stiff and I had rheumatic pains in my shoulders. I became very nervous and restless.

"A few weeks after I commenced taking Dr. Williams' Pink Pills my blood became richer and it seemed only a short time before my whole body improved in tone. My stomach is stronger now and I can eat heartily without suffering from cramps or indigestion pains. I sleep well and the stiffness has left my limbs. I feel it a duty to recommend Dr. Williams' Pink Pills for they helped me when nothing else did."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write today for the free booklet "Diseases of the Nervous System."—Adv.

NEW CHAPTER OF

66th CONGRESS

**Convened Today After
Week's Session—Plan Re-
construction Legislation**

**Wilson's Appearance Before
Senate Thursday, Eclipses
All Other Matters**

WASHINGTON, July 8.—The 66th congress, called in session by President Wilson seven weeks ago, began a new chapter when it convened today after a week's recess. Having passed all of the appropriation bills carrying funds needed for the fiscal year, leaders planned to begin work at an early date on the reconstruction legislation made necessary by the change of the country from a war to peace basis, while in the senate the next few months at least are expected to be given over largely to consideration of the German peace treaty and related subjects.

Wilson to Speak Thursday

The appearance before the senate Thursday of President Wilson to explain the peace treaty and its League of Nations covenant and the Franco-American agreement, in the opinion of senators, eclipsed all other matters on the senate program for the week. No important business was on the senate calendar to be taken up immediately, and it was considered probable by some members that the senate might adjourn until Thursday soon after meeting today.

Prohibition Legislation

In the house, activity this week will centre on committee work with the exception that legislation for enforcing prohibition probably will be called up for consideration on the floor. Investigation of war department expenditures will be continued during the week by sub-committees, while work on some phases of merchant marine legislation will be undertaken by sub-committees of the merchant marine committee. The interstate commerce commission plans to complete its program for hearings on railroad legislation that are to begin July 15. The ways and means committee is expected to consider special legislation for protection of industries which sprang up during the war before beginning work on a general revision of the tariff.

Tentative plans of house leaders called for the prohibition enforcement legislation to be given the right of way in the house beginning today, but its supporters were uncertain whether these plans would be carried out.

Mrs. Anna Houran of Bennington, Vt., observed her 84th birthday anniversary by walking two miles on a scorching day to pick strawberries for her birthday shortcake. Thirty-six relatives were present at the feast, including seven grandchildren and 14 great-grandchildren.

LEAGUE WILL

PROTECT JEWS

**Special Treaties and League
of Nations Will Protect
Minority Peoples**

**Stephen Pichon Replies to
Communication From
Group of Deputies**

PARIS, Monday, July 7.—Special treaties and the League of Nations will protect minority peoples, especially Jews, in the countries in eastern Europe, Stephen Pichon, the French foreign minister, points out in reply to a communication from a group of deputies, who expressed deep feeling over reports of a massacre and persecution of Jews in eastern Europe.

"Information we have collected," the communication says, "shows there may have been some exaggeration, but it is certain that a foundation of cruel truth remains—which the Poles do not hesitate to recognize. We know with what energy the French government defends the rights of all ethnic and religious minorities. But unfortunately, owing to a lack of publicity of debates in the peace conference, Israelites of the whole world, notably those in America, suppose that France has forgotten her traditional role of defender of the oppressed, leaving their cause in the hands of other representatives at the conference."

The letter asked M. Pichon to make known officially the attitude of France in the peace conference in favor of the Jews.

France Acted to Help Jews

M. Pichon assures the deputies that the French government took the initiative on the beginning of the peace conference to insure a thorough examination of Jewish questions. The French representatives were placed on the first commission on Jewish affairs, the appointment of which was one of the first acts of the conference. He says that this commission studied the question with the commission set up for the consideration of questions regarding new states, the chairman of which was a Frenchman.

Complete Liberty for Jews

"Qualified representatives of the Polish and Rumanian governments declare their readiness to accord the Jews complete liberty and equality in politics, religion and language," he writes.

His letter points out that it would be most dangerous to create special privileges for Jews, "as our final object is to guarantee the rights of minorities until the day they are welded into the nations so that they are indistinguishable from other citizens without losing their ethnic or religious characteristics."

Permanent Protection

The letter says that protection is assured by special treaties between the great powers and each nation containing

ing minorities, but these treaties are only precautionary measures.

"The society of nations will provide permanent protection," M. Pichon concludes. "The French government is ready to render homage to the role played by the great allies in defense of oppressed minorities, but cannot allow it to be said that any precedent in this direction. It is its urgent hope that social and religious inequalities will disappear and will become a mere memory."

"REDS" OCCUPY ALL FOREIGN EMBASSIES

HELSINGFORS, Sunday, July 6.—It is reported that all foreign embassies, legations and consulates in Petrograd have been occupied by Bolshevik troops. The archives have been seized and those in charge have been arrested and handed over to an extraordinary commission dealing with charges of espionage against the soviet government.

LITTLE MISUNDERSTANDING

Alleging that their wages have been cut down, ten women employed at the Merrivale Cleaning Co. in Howe street, went out on strike yesterday. The women claim that their wages heretofore have been \$9, \$12 and \$15 a week, according to the kind of work they perform, and that these amounts have been reduced to \$6, \$9 and \$15.

When questioned about the strike this morning the superintendent of the company stated that a misunderstanding between the help and officials of the company was the cause of the trouble, but that everything was all right this morning. He said most of the women have returned to their work.

ROASTERS ROASTED

A slight blaze in one of the roasters at the Nichols tea store in John street was responsible for a telephone alarm at 8:45 o'clock this morning. No damage.

TWO LIQUOR STORES SELL "NEAR BEER"

Two liquor dealers, Andrew Roach of Bridge street and John P. Hall & Co. of Lakeview avenue, have re-opened their stores for the sale of one-half per cent. beer, the only brew which the state of Massachusetts holds as non-intoxicating.

This beverage, or "near beer" as it is familiarly known, also is being sold in grocery and other stores, as there are no restrictions to its sale. As far as can be learned the above named liquor establishments are the only ones to re-open since the prohibition measure went into effect on July 1.

A meeting of Lowell liquor dealers will be held tomorrow afternoon for the purpose of discussing the opinion of the city solicitor on the granting and operation of second class licenses.

Some years ago a bevy of Washington girls formed an "Old Maids' club," pledging themselves not to marry. The last unmarried member of the club was a June bride this year.

SEN. NEW'S STATEMENT

Explains Connection With
Harry S. New, Held For
Murder of Sweetheart

WASHINGTON, July 8.—Senator New of Indiana last night issued the following statement regarding the arrest in Los Angeles on a charge of murder of Harry S. New who claims he is a son of the senator:

"I have just this to say about this whole deplorable matter. More than 20 years ago, when I was in my twenties and unmarried, I knew Mrs. Burger. There was never at any time a question of marriage between us. Conditions arose which I did not care to dispute, which resulted in my doing everything in my power to make amends then and later. Whatever I did in that direction was of my own accord and no one else had anything whatever to do with it. The affair was ended 30 years ago. Since that time, the people of my home city are the best judges of what my life has been. I never shirked any responsibility that has come to me and I never shall."

U. S. CLEARS UP WAR CONTRACTS IN ENGLAND

LONDON, (Correspondence of the Associated Press) The last of the billion dollars worth of stores purchased by the American army in England will be disposed of on August 1 in the opinion of Major General J. C. Biddle, The American army headquarters were closed June 15 and only a small contingent of the quartermaster's department remained to co-operate with the Liquidation Commission in adjusting a few remaining contracts and selling supplies. Consequently by August the army will cease to have a war interest in England.

"Immediately the armistice was signed we began to cancel and adjust contracts and in this work had such heavy co-operation from the British war office that the United States has been able to clear up its contracts very advantageously," said General Biddle. "Only a few of them remain to be adjusted."

"The last property on hand consisted largely of aviation, engineer and ordnance stores. It was not deemed advisable to dispose of it too quickly and

finally it was arranged that auction sales of all that was not disposed of privately should begin the latter part of June. There was demand for most of the material and our early inquiries indicated that good prices would be obtained and also that we would have little difficulty in getting rid of everything we had.

SEN. JOHNSON SCORES LEAGUE OF NATIONS

PROVIDENCE, R. I., July 8.—United States Senator Hiram W. Johnson of California speaking here last night, declared that the proposed League of Nations was not in reality an association to prevent war, but a "League of armed nations in a gigantic war trust."

"In its very creation," declared the senator, "it has been stripped of every idealistic purpose it ever had. It contains within itself the elements of many wars, and worse than that it rivets, as in the Shantung decision, the chains of tyranny upon millions of people and cements for all time unjust and wicked annexations."

"This League of Nations, with the men who really wrote it, was meant to obtain peace only insofar as peace maintained forever violated their territories and their subject peoples; and it was meant that this kind of peace should be obtained by the exercise of the power and the force of the United States."

Summing up his arraignment of the league covenant, the senator said:

"In a word, Mr. President, this league means that American boys shall police the world; that all the tottering nations of the earth shall be upheld by our blood and our bones; that Europe, Asia and Africa may draw upon us in their every dispute and quarrel; that our nation will be at the mercy of European and Japanese diplomats, who never had and never will have any sympathy with our aspirations or our ideals; that we, with our glorious past,

shall guarantee the territorial integrity of every country on earth and the bondage of every suffering people in anguish begging for freedom; that we destroy our Monroe doctrine and submit controversies on the American hemisphere to determination by foreign powers. It means that I must abandon the lessons of my youth, which until this moment have been the creed of my manhood, of American ideals, American principles and American patriotism; that I must deny the Americanism I taught my children, and that under God's blessing I hope to teach my grandchildren. It means the halting and betrayal of the new world liberalism, the triumph of cynical old world diplomacy, the humiliation and end of American idealism. The issue is Americanism and I am an American."

HINDENBURG OFFERS LIFE

In Letter to Foch, He Places
Own Person at Disposal
of Allied Powers

COPENHAGEN, July 8.—Field Marshal von Hindenburg, former chief of the German staff, has written Marshal Foch appealing for his support of efforts to prevent the extradition of the former German Emperor, Von Hindenburg offered, also, to place his own person "fully and absolutely at the disposal of the Allied Powers."

Field Marshal von Hindenburg sent a telegram to President Ebert of the German government on Friday, in which the former German commander assumed full responsibility for the war orders and proclamations issued in the name of the former German emperor, according to a Copenhagen dispatch received in London Saturday.

557 PERSONS KILLED IN STREET FIGHTING

MUNICH (By Mail).—Five hundred and fifty-seven persons were killed in street fighting during the communist insurrection from April 30 to May 8. The casualty lists report that 38 government troops, 155 Red Guard troops and 377 civilians were killed and 303 wounded. One hundred and eighty-six were executed, of which 42 were insurgents and 144 civilians.

K. OF C. TO OPEN SCHOOL FOR SERVICE MEN

BOSTON, July 8.—The new venture of the Knights of Columbus in establishing a free evening school for service men has met with success, judging from the large number who registered last evening in the reception hall of the Knights of Columbus service house, 284 Berkeley street.

The heaviest registration was in the courses in civil service requirements, stenography, typewriting, Spanish and French. Classes in these subjects will begin work tonight. More than 100 were registered in these classes, and it is expected that additional classes will be formed within a short time.

Applicants also registered last evening for instruction in penmanship, English, accounting, commercial law and bookkeeping, and also in the special classes in Americanization, which includes in its course English, history, arithmetic, geography and citizenship.

**SILKS
and
WASH
GOODS**

If you knew
market conditions
as we must know
them, you'd buy
Silks and Wash
Goods not only for

present but for future needs. Since we bought, prices have risen—and they are still rising. The values we offer today cannot last always. It is almost certain that when the stock is exhausted, we'll have to pay an advance to replenish—therefore, we advise you to purchase before increased rates become current.

Here are three charming models—McCall Patterns Dress 8855, Coatee 9033; Overblouse 9021, Skirt 8997; and Dress 9023. They lend themselves to either Silk or Wash Goods. Easy to cut and make, and refreshingly effective.

McCall Patterns—Third Floor

BOYS' CLOTHING

In our Boys' Clothing Department in the Basement you will find just the kind of sturdy clothes your boy wants. Clothes that please the boy and mother—that's the kind we have.

Boys' Wash Suits, dark stripes and white....\$3.00

Other Wash Suits,
\$1.50 to \$5.00

Boys' Long Khaki Pants,
watch pocket, and two hip
pockets.....\$1.50

Boys' Wash Pants,
49c to \$1.50

Boys' Washable Hats.....50c

Boys' Sport Blouses.....59c

LITTLE GREY SHOPS

Today is the day that mothers bring their babies to The Little Grey Shops to be weighed. Let us forget—we are holding weekly clinics every week and to the baby who shows the nearest normal development between now and November 1st a silver loving cup will be given.

KIDNIES' BARBER SHOP

Second Floor

Little Boys and Girls like to get their hair cut in the Kiddies' Shop.

There

is nothing so good
for children's skin
and scalp troubles
as Cadum Ointment

Cadum Ointment can be applied to the tender skin of infants and children suffering from letter, rash, eczema, chafing and similar troubles. It stops the itching at once, and much suffering from skin troubles may be avoided by the timely use of this wonderful remedy. Cadum Ointment is also good for pimples, blotches, itch, scaly skin, eruptions, sores, cuts, rashes, ringworm, insect bites, etc.

Cadum Ointment is a French preparation made in America from the original formula.

A Year-Round Tonic
That's what the right food always
is, but what's the right food?

Grape-Nuts

was devised to supply body and
brain with necessary food val-
ues—summer and winter.

Not merely a delightful "something
to eat."
Not merely "something to fill up on."

But a *tissue builder*—a recon-
structor of tired and wearing
parts—with wonderful flavor
and wholesome nutrition.

Each Morning—a Dish of
Grape-Nuts

These classes will begin work tomorrow evening.
The school will be conducted at 291 Berkeley street during the summer and, if there is demand, throughout the year.

Instructors in the various departments are men selected on account of special fitness for the teaching staff of the Boston schools. John C. Riley, principal of the Franklin Evening school, has been appointed supervisor of the educational activities of the Knights of Columbus. Principal Riley, who is also submaster of the Gilbert Stuart district, Dorchester, has had much experience with army men in his work as director of the Army Camp school at Camp Devens.

Principal Riley plans later to install classes in motion picture operating machines and automobile and power boat engineering.

FOR REPEAL OF WAR TIME PROHIBITION ACT

WASHINGTON, July 8.—Five members of the house judiciary committee, in a minority report on the prohibition enforcement bill made public last night, declared that congress should repeal the war-time prohibition act or at

least lift the ban insofar as it relates to the manufacture and sale of light wines and beer.

While this report was being prepared, Chairman Volstead of the judiciary committee announced that he had asked for a rule to make the general enforcement bill in order for immediate consideration with a view to calling it up today in the house. There was no assurance, however, that debate would begin at once, and the general view was that consideration would go over until Thursday.

Mr. Volstead said that so far as he was aware there was no intention of separating the measure so as to put before the house a straight bill for enforcement of the war-time law. Members said last night one man's guess was as good as another's as to whether the prohibition question would be called up today.

The minority report was signed by Representatives Judd, Missouri; Steele

Pennsylvania; Card, Ohio; democrats, and Dyer, Missouri, and Glasson, Wisconsin, republicans.

The report based its objections to the enforcement bill reported out by the committee upon three principal grounds, and challenged the power of congress to pass it because in defining

intoxicating liquors it went beyond the original act, and was, therefore, new legislation.

ESCAPES WITH CELL LOCK AND CHIEF'S REVOLVER

HINGHAM, July 8.—Of course a thief who would steal the automobile and clothing of a party of bathers and leave them stranded, as did James Elwood, 23, of Atlantic City (name and address both suspected to be fictitious), on Sunday, at Nantasket, might be expected to abuse the hospitality of a police chief, but little did Chief James think that in taking Dutch leave from the chief's headquarters yesterday he would also take away with him the cell lock and it is thought, one of the chief's favorite revolvers.

This, however, is just what Elwood did. And Chief James has sent out a general alarm for his roundup, determined that if he is returned to the local jail he will not again escape. For, he it known, the escape of Elwood was the second attempt he had made. His first attempt was frustrated by the chief when Elwood succeeded in getting well out of the jail and had started down the road toward freedom.

The chief heard him making his getaway. He gave chase and when he pulled his revolver on him, Elwood "caved" and surrendered.

The second, and successful attempt was made while the chief and his assistant officers were at dinner. Chief James had replaced Elwood in his cell and doubly barred the door after the first attempt. Elwood as soon as the chief and the other officers had left the jail freed himself by removing the padlock from his cell, picked the lock in the jail office and calmly walked out.

It all began when Chief James got a telephone call Sunday telling him that an automobile accident had occurred on Lincoln street. He went to the point and, upon questioning one of the operators, found that his title to the car he was driving was none too clear. He placed him under arrest, kept him over night and took him to the district court in Abington yesterday. Judge Kelley there held him in \$500, at Chief James' request, for the chief had an idea that Elwood was more than a simple auto thief and wished an opportunity to investigate his past.

When Elwood was placed in the cell following his initial attempt to escape, Sergt. Stevens told the chief he was

WHY RESTRICTIONS ON IMPORTS WERE LIFTED

NEW YORK, July 8.—An official announcement is made here by the French high commission in explanation of two decrees recently issued by the French government under which restrictions on imports into France were partly removed.

Under a decree becoming effective June 20, the prohibition of import was lifted on all merchandise not enumerated in the decree. The principal articles of merchandise which remained prohibited for the time being, except under license, are enumerated by the announcement as follows:

Cold storage meats, carded and combed wool, cheese, spelt in seed of flour, (drinks?), oil, potassium, chemical products, derivatives of oil, tar, perfumes, twines with the exception of binding twines, textiles, newspaper, printed or made up, fur, gold or silver wares, jewelry, clocks and watches, arms, powders and munitions, musical instruments and their parts, various articles of luxury, tobacco, and other materials prohibited by special law such as saccharine, distilled liquors, chemical, matches, etc.

The second decree, gives the table of surtaxes at valorem to be levied in addition to the specific duties on taxes.

The rate of surtaxes varies with the nature of the products under consideration and according to whether the general tariff or the minimum tariff is to be applied; it ranges between 5 per cent and 20 or 30 per cent and occasionally 40 per cent.

For example: The surtax on typewriters is 10 per cent general tariff, and 5 per cent minimum tariff, that on automobiles is 20 per cent general tariff, and 10 per cent minimum tariff for those which are not already taxed at valorem. For this latter, the tax is 70 per cent. It has not been increased.

Fatness Kills 31,000 Yearly

Fat is fatal to health and personality. It is estimated that over 31,000 persons have died each year in the past decade long before their allotted span of life, through the effects of excessive fatness. Any overgrown man or woman is carrying unhealthy adiposity that is pressing against and injuring vital organs of the body. The heart, that delicate human apparatus, becomes congested. In numerous cases there are dangerous gatherings of packed-in fat around the throat, stomach, liver and other delicate parts.

Through overfatness the afflicted person while apparently well is liable to nervousness, neurasthenia, physical or mental collapse and other disorders. For obesity is irritating. Cases of heart failure, apoplexy, sunstroke, etc., are frequent causes of premature death. Fat persons are particularly victims of accidents and are more liable than healthy, slender persons to death from influenza, pneumonia and other severe ailments.

If you are overweight you should know it is truly a case of slow suicide for you to kill yourself a good many years before actual death. It is because you do not understand the danger of fatness. You should be interested by learning that your appearance should be attractive and that your appearance should be attractive and that your appearance should be attractive.

My reducing now you may expect greater contentment, happiness, increased mental and physical efficiency, better health and a longer life. Be fair to yourself. The best who are dear to you. Surprise everybody with your renewed vigor, vivacity and surpassingly superior personality. Get out of the easy, easy, easy system of dieting (eat at the drug store without delay, or if more convenient, send \$1.00 cash, stamps or money order to Korrin Co., 211-69, Station P, New York, N. Y.

EX-KAISER AND WIFE ARE NOT WORRYING

AMERONGEN, Sunday, July 6 (By the Associated Press).—Former Emperor William and his wife are apparently unperturbed by the possibility that proceedings will be brought by the contents for his extradition. Members of his suite have indicated in conversations with the correspondent that it was their opinion that any proceedings from allied quarters would be protested for many months without any certainty that the Netherlands government would consent to hand him over for trial.

They are almost unanimously convinced that they are here for a long sojourn and are making preparations accordingly.

CRESCENT HILL ASSOCIATION

The Crescent Hill association held its regular weekly meeting Sunday with President Joseph Sousa in the chair. The executive committee reported three parcels of land suitable for a club house and after considerable discussion it was voted to lay the matter over until a later date. It was also reported that the club features, entitled "Willard, Dempsey and Saccorini" and "Dr. Killen" had won first and second prizes in the Fourth of July parade. The prizes were \$10 and \$5, donated by the club. The athletic and dance committees made progressive reports and considerable other routine business was transacted.

FRYATT'S BODY HOME

Taken From Belgium to Dover, Eng., on Destroyer—England To Honor Mariner

LONDON, July 8 (By the Associated Press).—The body of Capt. Charles Fryatt, executed in 1916 by the Germans for attempting to ram a submarine, was brought to Dover yesterday aboard a British destroyer, escorted by vessels of the Dover patrol.

The casket, on a gun carriage, was drawn solemnly from the destroyer to the railway station accompanied by a naval escort and civil authorities. The casket was placed in the station under a military guard for the night. It was taken by train today to London, where a national memorial service was held at St. Paul's cathedral.

The case of Capt. Charles Fryatt has been classed with that of Edith Cavell, the British nurse, who was executed by the Germans. Capt. Fryatt was commander of the British steamer Wrexham on March 25, 1915, when the German submarine U-33 ordered the Wrexham to stop near the Maas lightship. Capt. Fryatt, acting, as he afterward said, under orders of the British admiralty, attempted to ram the submarine. The German U-boat narrowly escaped by diving. His exploit was hailed in England as a brilliant one and no attempt was made to keep his identity a secret. Instead the British admiralty gave him a gold watch for his "brave conduct" and he was mentioned in the house of commons. Thus the Germans learned the identity of the mariner who had attempted to sink their submarine.

More than a year afterward, on June 24, 1916, Capt. Fryatt was captured by the Germans, together with the steamer Brussels. About a month later, July 23, the announcement came from Berlin that Capt. Fryatt had been executed by shooting after a trial before a German court martial. The German official statement declared that the captain was executed for a "france-tireur crime" against armed sea forces.

The trial was held at Bruges on July 27. The British foreign office had learned about 10 days previous that Capt. Fryatt was to be tried and through the American ambassador in Berlin, James W. Gerard, had endeavored to provide for his defense before the German court. The British government asserted that Capt. Fryatt's action in steering his vessel toward the submarine was essentially defensive and that he had an undoubted right to

2000 CIGARMAKERS STRIKE IN BOSTON

BOSTON, July 8.—More than 2000 of the 2400 members of Cigarmakers' union, Local 97, of this city, went on strike yesterday against the local manufacturers as a result of their failure to put a 13 7-11 per cent. wage increase into effect. This strike closes up all the big shops, but a number of the smaller manufacturers, who granted the increase were allowed to continue their work.

The strike is entirely a local affair, although it comes at the same time as the strike of more than 10,000 cigarmakers in New York and the general strike, which is spreading across the country, called for the purpose of establishing a standard wage scale for all workers at this trade.

The strike outside of Boston is for the purpose of bringing the wages up to those of this city, which will prevail under the new "bill of prices." This calls for a wage of \$22.50 for making 1000 cigars which retail for 10 cents, instead of the present scale of \$19.50, and a wage of \$14.37 1/2 per 1000 instead of the present scale of \$12.65 for the five-cent cigar.

According to William Collins there will be strikes called in all the other cigar manufacturing cities in New England this week; the employees of a big shop at Manchester, N. H., striking yesterday morning.

Mr. Collins, who is president of the union, stated that the increased wages would mean less than one-fourth of a cent increase for the smoker of 10-cent cigars and less than one-fifth of a cent on the five-cent goods.

Among the big manufacturers affected by the strike are the Waitt & Bond company, R. Talsor company, C.C.A. company, M.G.A. company, Elcho, Bostonia and Grinsh company.

When I Feed My Baby

I LOVE to feed my baby. It seems somehow something more than just fixing his bottles and giving them to him.

It seems like giving him actual health—watching his cheeks grow pink, watching his little arms and legs fill out and dimple, watching him sleep better and smile oftener as he grows stronger and takes a firmer grip on life.

It was our old doctor who said, "Try Nestlé's. You know he must have milk in some form—and Nestlé's is a food made out of pure milk, only the curds of the milk are broken up and made easier to digest."

"It has already added to it just the right amount of cereal—just the right amount of sugar. It comes to you a clean, fluffy powder in an air-tight tin—all you have to do is add water and boil. There are none of the germ dangers of raw milk—it is the nearest

thing I know to mother's milk itself."

And now I love to feed my baby with those warm, full bottles of the food that have taken away fear from my heart.

I know the Nestlé Company will be glad to send you mother for twelve feedings and a Mother's Book by specialists on how to take care of your baby, if you will fill out and send the coupon below. They want you to feed your baby with health and happiness, too.

Nestlé's is pure milk in powder form that is already modified and does not require the further addition of milk. Always pure and safe, always uniform, and free from the dangers of home modification, Nestlé's has stood the test of three generations and has today the largest sale of any baby food in the world.

FREE! Enough Nestlé's for 12 feedings. Send the coupon!

EXPLAINS AGREEMENT TO AID FRANCE

PARIS, July 8.—(French Wireless service).—The Petit Parisien, explaining the agreement entered into by the United States and Great Britain to come to the aid of France in case of unprovoked aggression by Germany, says:

"For the first time a convention of this kind is made public directly after its conclusion. This may be called an act of diplomacy accomplished in the face of the whole world; and all the more decisive for not being kept secret in the chancelleries. The circumstances relative to its conclusion are known."

"The League of Nations cannot operate immediately. Years may go by before it really comes into force, and in the meantime France may again be the victim of aggression. The danger of aggression menaces France more than any country which is a member of the league, America being far away and England more than ever protected by the sea."

"Mr. Wilson and Mr. Lloyd George realized that France needed an immediate guarantee, the simple proclamation of which would keep in check any desire for aggression. The agreement published answers the purpose; it will come into force if any unprovoked act of aggression is made against France. But who could imagine our country capable of provoking a war? The treaty does not impose any obligation on France, but her Allies have bound themselves by it to provide her with the guarantees they deemed to be necessary."

"Finally, the treaty will remain in force until the League of Nations decides that the league itself is sufficient guarantee against aggression. Such is the meaning of this unprecedented agreement. It will not be possible to misconstrue it."

Mixed Summer Foods The Cause Of Much Indigestion

SUMMER days are days of careless living, kitchens too hot for cooking, cold lunches at the homes of friends, open-air picnics, with the result that many a family is down with indigestion.

Give the stomach a new start by taking a dose of a good laxative like Dr. Caldwell's Syrup Pepsin. Then put variety into your diet by eating more water food. It is more easily digested.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1.00, the latter the family size. It acts so gently and safely that it can be given even to a baby in constipation, indigestion, "summer colds" and similar ills.

The formula on which Syrup Pepsin is based was written by Dr. Caldwell over 30 years ago. It is a combination of simple laxative herbs with pepsin that trains the stomach-muscles to do their work naturally so that medicines can again be dispensed with. Over 6 million bottles of Syrup Pepsin are sold by druggists every year. That is recommendation in itself.

If you have never used Syrup Pepsin, send your address for a free trial bottle to Dr. W. B. Caldwell, 450 Washington St., Monticello, Ill.

DR. CALDWELL'S Syrup Pepsin
The Perfect Laxative

CAR FARES REDUCED

Denver Tramway Co. struck because of a wage reduction.

The company reduced wages as the result of a supreme court decision upholding the right of the city to fix rates. An ordinance reducing fares from six to five cents was effective last Saturday.

Court Order Results in Company Reducing Wages at Denver—Carmen Strike

DENVER, Col., July 8.—A strike suspending street car service in Denver became effective at 4 o'clock this morning. Twelve hundred employees of the

ARE YOU DISAPPOINTED

often by not feeling well enough to attend some social gathering, or to keep an appointment, on account of an attack of indigestion? Such experiences cause disappointment, don't they?

You can ward off these attacks, and keep your stomach and digestive organs healthy by taking SEVEN BARKS. Nature's remedy of roots and herbs.

When the stomach is out of order, the liver not working properly, or the bowels are sluggish, a few doses of SEVEN BARKS will stimulate the liver, regulate the flow of bile, expel distressing acids and dangerous poisons, and quickly restore you back to good digestion and normal health.

Stomach disorders are the direct cause of nearly all the ailments that affect the human system, and make life a burden, instead of a pleasure.

Digestive trouble also spoils beauty, robs you of sleep, makes dark rings around the eyes, and ruins the complexion. Let SEVEN BARKS digest your food and tone your stomach, then you may eat what you like and bright eyes will soon return.

Ask your druggist for SEVEN BARKS. If he does not happen to have it, he will get it for you. Accept no substitute. PRICE, 50 cents.—Adv.

Beautiful Women of Society, during the past seventy years have relied upon it for their distinguished appearance. The soft, refined, pearly white complexion it renders instantly, is always the source of flattering comment.

"Y" SECRETARY KILLED

James Ceary Loses Life and
Italian Aviator Injured
When Plane Fell

PRAGUE, Monday, July 7.—James Ceary, secretary of the American Y.M.C.A. was killed, and an Italian aviator was injured when a machine in which they were flying fell today. The airplane was doing circus stunts while Ceary was operating motion picture apparatus.

AMUSEMENT NOTES**THE STRAND THEATRE**

Just how much a dittoed wife can tantalize her husband, albeit said husband is superlatively jealous, is adequately pictured at the Strand the first three days of this week by Viola Dana, starring in "Some Bride." The other headline picture shows Harry T. Morey in one of his strongest interpretations, "Beauty Proof," a sensational series of incidents and developments in the vast reaches of the northwest. The program also contains the Universal Weekly and a Vitaphone comedy.

All the vivaciousness of Viola Dana is shown in "Some Bride." It is a brilliantly written story of a girl who loses her eyes to make and keep friends, although it strikes her husband to the quick and slowly but surely the rift between them widens. However, Viola and her friend Victoria devise a scheme to cure the extreme jealousy of her husband just when the breaking point is reached and he is brought to the realization that he has "some bride" after all.

"Beauty Proof" is a strong story of the bleak northwest, of a lonesome man whose thoughts are rife with former sorrows, but who is brought back to the warmth of a human world by the

love of a maid. Harry T. Morey as "Corporal Steel" is supported by Betty Byrdie in the leading female role.

The soloist this week is Miss Ella B. Thompson and her song numbers are excellent. She is one of the city's leading vocalists and well worth hearing. The Universal Weekly shows many interesting views of current events and American army camps in Europe.

Peggy O'Reilly now leads the children in the song contest, with Robert Carr, 10, second.

LAKEVIEW PARK

Fireworks—the better kind and in variety and quantity to suit the most fastidious—will be shown at Lakeview park tonight and will be absolutely free to all. Pick out your place on the comfortable shore line of old Massoupe and take an eye-ful of enjoyment. Room for thousands there and as the fireworks will be shot off from the Mountain back shore the effect is expected to be wonderful.

Another of the best attractions ever booked by the Lakeview park management is the Four Salones aerobics. These two men and two women do the big top stuff, including looping the loop, one of the real old-time, dare-devil stunts made you hold your breath in the old circus days. It's the only act of its kind now in existence, it is said, and it is free. The Four Salones appear twice every day this week, afternoon and evening.

And, of course, dancing every afternoon and evening. Miner-Doyle's 10-piece orchestra and Barney Horan's singing provide the combination incomparable for the pleasure of the audience. Try it once.

BUREAU OF HOUSING AND LIVING CONDITIONS

WASHINGTON, July 8.—Representative Tinkham of Massachusetts announced today he would introduce in congress a bill creating in the department of labor a bureau of housing and living conditions. The bureau would

New Strength for Tired Mothers

TIREd Mothers, whose work is never done; whose strength and vitality are being sapped away; why don't you take **RED PILLS**?

It is more blood you need. Pure, rich blood.

It is Anemia, or poor blood, that makes you feel always tired and discouraged—that keeps you pale and thin—that is causing those headaches and backaches—that won't let you sleep or rest well at night—that makes life seem so hopeless and dark.

ANAEMIA is responsible for all this. **RED PILLS** for Pale and Weak Women will feed your blood, as meat and bread feed your body. They have done wonders for thousands of women in just your condition. They have brought back, not only health and vigor to the body but also that spirit of brightness and happiness and good cheer, which is the result of a contented and restful mind.

RED PILLS for Pale and Weak Women will always overcome Anemia. They are recommended for Anemia alone; their sole purpose is to conquer Anemia, by feeding the blood and keeping the blood pure and rich.

If you are losing strength, if you are tired and nervous, restless and unhappy, don't delay. Get **RED PILLS** and be well.

MISS MARIE ANGE SENECA, 97, Plainfield, Plainfield, Conn., says: "At one time I was suffering so much that many mornings it was impossible for me to go to work, and I was forced to go back to bed because of my excessive weakness. I tried many doctors who gave me all kinds of medicine, but nothing did me any good. **RED PILLS** for Pale and Weak Women proved themselves my friends; they cured me of my ailments, and I am now today as well as any woman. **RED PILLS** have given me the strength I so sorely needed and relieved me of Anemia which was the cause of all my troubles."

CAUTION:—The formula of **RED PILLS** for Pale and Weak Women was first discovered in Paris, in the year of 1870, by a famous French specialist. They have been used by French women ever since. Insist on the signature of the "**CIE CHIMIQUE FRANCO AMERICAINE**", and a serial number on each box. **RED PILLS** are never sold in bulk; only in boxes, 50 cents, or 6 boxes for \$2.50, at all dealers, or sent by mail on receipt of price, by the Franco-American Chemical Company Limited, 212 Milk Street, Boston, Mass. 15

Investigate means of eliminating slums. Improving conditions, reducing the cost of construction of dwellings and financing of extended home building operations without federal appropriation. It would assist communities in making available all existing housing facilities, and serve as a clearing house of information on housing and living conditions.

The secretary of labor would be empowered to appoint a director of the bureau at \$6000 per annum, and all archives of the United States Housing corporation and the housing transportation division of the Emergency Fleet corporation not in active use would be transferred to the bureau. Mr. Tinkham pointed out that the government as a result of its war housing program, in which it expended approximately \$110,000,000 to build homes for industrial workers, had accumulated a vast fund of information and experience on industrial housing which should be made available to every one in the community.

DEVELOPMENT OF THE "SKY-LINE TRAIL"

MIDDLEBURY, Vt., July 8.—Development of the "sky-line trail" over scores of Green Mountain peaks, covering a route of over 100 miles, is being rushed in the hope that the entire trail from Massachusetts to Canada may be completed before the tenth anniversary of the founding of the Green Mountain club which will be celebrated next year. In the vicinity of Middlebury the western gateway to this scenic trail, three new lodges have been built the past few weeks and equipped with camping comforts. At present the trail is complete from Middlebury north to Mount Mansfield, a distance of 45 miles.

Prof. Will S. Munroe of the New Jersey State Normal school and Dr. H. R. Wolf of New York city have been building cabins and hope eventually to have one of these at every five-mile interval along the trail between Middlebury and Mount Mansfield.

DRACUT NEWS**Collinsville Pastor Plans To Build New Church**

If the plans of Rev. Michael C. Gilbride, pastor of St. Mary's church, Collinsville, are carried out the summer campers at Lakeview, Willow Dale and Long pond will attend mass next summer in a new chapel, which he proposes to erect in the vicinity of the pavilion at Lakeview. The chapel at Lakeview was opened about four years ago after Fr. Gilbride found that it was a hardship for the summer campers to attend services at his church in Collinsville.

In order to stimulate a little interest among the campers Rev. Fr. Gil-

bride has called a meeting of the men and women folks, who are occupying summer homes at Lakeview, Willow Dale and Long pond for next Thursday night. The meeting will be held in the chapel at 8 o'clock and then and there plans for the raising of funds for the erection of a new chapel will be discussed. It is being planned to form committees among the men and women folks and to arrange for social events for the benefit of the new church fund. The pastor hopes that Thursday night's meeting will be largely attended.

Special Town Meetings
Within the next few weeks it is believed that two special town meetings will be held in the town of Dracut, one in the interest of the schools and the other relative to the proposed enlargement of the water district.

The meeting in the interest of the schools will be called at the request of the school board and will be for the purpose of taking action on a second appropriation for the finishing of two rooms in the Collinsville school. At the last town meeting a certain appropriation was voted for this work and the school committee was authorized to go along with the work. Recently the committee, after having plans drawn, called for bids, but found that with the increase of the cost of labor and materials the appropriation for this special job was too small. The board has requested the board of selectmen to call a special town meeting for immediate action.

The water commissioners of the town will hold a meeting next Thursday night for the purpose of discussing the enlargement of the water district in the Centre village and the Navy Yard and later will petition the board of selectmen to call a special town meeting for the purpose of taking action. A meeting of this kind was held recently, but no action was taken and those who have petitioned for the enlargement of the district are very anxious to have the matter settled as soon as possible.

Strike Settled
The laborers in the employ of the highways department, who sometime ago went on strike after being refused an increase in wages of 50 cents a day, have returned to work and are now busy macadamizing that portion of Lakeview avenue that extends from the Collinsville school to the town line. The men who were receiving \$3 a day filed their demand for \$3.50 a day, but it was thrown down and they struck. It is understood that there was a compromise between the employees and road commissioners and that the men are now working on a wage scale of \$3.25 a day.

Dracut Grange

A meeting of the members of Dracut Grange will be held on the evening of July 21 at their hall in the centre village. The meeting will be a patriotic one and a feature of it will be an address by George Mozley, a former

DUTTON STREET TEL. 2972

Cheese Instead of Steak

In many cases eating meat is more of a habit than anything else. With steak selling at 75 cents a pound it becomes an expensive habit.

Why not substitute the GORDON DAIRY COMPANY'S fresh made COTTAGE CHEESE for steak part of the time? It costs only 15 CENTS A POUND and is sold at all first class Lowell food stores where the GORDON DAIRY COMPANY sign is displayed.

There is as much nourishment in a pound of our COTTAGE CHEESE (made as mother used to make it) as there is in a pound of the average beef steak. Remember it is a LOCAL PRODUCT and made fresh every day at our creamery. Order it from your grocer or from us direct if your grocer won't get on the band wagon and help boost a good product and a home town industry.

member of Battery F, who will speak on his experiences in France. The grange is now preparing a reception to be tendered its nine members who have served Uncle Sam in the world war. The event to be held sometime in September.

Personal Items

Overseer Moore of the Lawrence Mfg. Co. box shop is building a cottage at Hevey square.

Miss Bertha Stewart and Miss Helen Hickney, principals of the Centre and Parker Avenue schools, respectively, have tendered their resignations to the school board. Both will be married within the next few weeks. Their successors have not yet been appointed, but will be before the opening of the schools in September.

Miss Merchant, supervisor of manual arts in the town schools, has been re-

appointed to the position with an increase in salary.

Mr. and Mrs. Frank Huntley, Mrs. Gustave Rock and Mrs. Winthrop Fox, all of the centre village, left yesterday on an automobile trip to Canada, the trip being made in Mr. Huntley's machine.

ARGENTINA FIRST TO APPROVE LEAGUE

WASHINGTON, July 8.—Entrance of Argentina into the League of Nations without reservations has been approved by the Argentine senate, the state department was informed yesterday in despatches quoting Buenos Aires newspapers of Saturday. The approval was

by a unanimous vote. The action of the Argentine senate according to information at the state department, made that republic the first nation to assent through its treaty ratifying body to the League of Nations covenant.

PARENTS WRECK SCHOOL

Resent Action of Authorities
in Cutting Off the Hair
of Girl Pupils

ABERDEEN, Scotland, June 25. (Correspondence of the Associated Press).—Parents of children attending an elementary school here have shown their resentment against the action of the authorities in cutting off the hair of girl pupils by an attack on the school. Armed with missiles, a large crowd of men, women and children, women predominating, gathered near the school, as it was understood that the doctor was about to apply the scissors to other pupils' hair. It was impossible to convince the crowd that the doctor had left earlier in the day, whereupon the school windows were wrecked and damage amounting to more than \$1000 was caused. Forty policemen were required to keep order in the crowd, which was estimated at 15,000.

The principals of the school maintained that the hair-cutting was justified for reasons of health. The parents contended that the school authorities should not take such action without their consent.

City Council Meeting

Continued
Matters referred to Commissioner Morse; Albert Allard, garage, 103 Worthen street; Standard Bottling Co., gasoline, Steadman and Stevens streets; Aldeide A. Parent, garage, 128 Walker street, and Joseph Albert, garage and gasoline, 195 Hall street.

On recommendation of the city solicitor the following chain petitioners were given leave to withdraw: Nora P. Ray, Mrs. Thomas A. Seery and Mrs. Albina Sheehan.

The city solicitor reported that the case of Margaret Vaught vs. the City of Lowell, now pending in the superior court, in which \$6000 was asked in remuneration for personal injuries received while the complainant was traveling in Carter street in February, 1918, could be settled out of court for \$400 upon execution of a satisfactory release with the solicitor. He recommended that this sum be paid. Commissioner Marchand asked if the claimant had ever been given leave to withdraw and City Solicitor Regan replied in the negative. The vote authorizing the payment of \$400 was then passed.

Commissioner Morse reported favorably on the following garage and gasoline petitions and the proper licenses were granted: Andrew H. Couture, garage, 57-59 South Whipple street, and John P. Quinn, gasoline, 3 Dix st. The petition of the Lowell Electric Light corporation for a pole location in Warwick street and the New England Telephone & Telegraph corporation for one in Butterfield street were held over for hearings July 29.

The claim of Frederick A. Sullivan of Tewksbury for injuries to his automobile caused by alleged defects in Rogers street was referred to the law department.

The petition of Thomas A. Grady for gasoline at 7 East Merrimack street was held for a hearing July 29.

The petition of F. Piche, that a portion of Howard street be added, was referred to Commissioner Murphy.

The petition of Joseph E. Aelin et al, that the sewer in Plymouth street be extended was also referred to Commissioner Murphy.

Thomas P. Garvey et al petitioned that the polling place of ward 6, precinct 3, be located in the basement of the Greenhalge school. Referred to Commissioners Donnelly and Marchand.

Frank Sousa was appointed a weigher for the Merrimack Utilization Co.

Wage Budget Delayed
Commissioner Donnelly reported that the city auditor had completed the supplementary budget yesterday noon but later Chairman Walsh of the school committee asked that action on it be delayed until after a meeting of the school committee this evening when requests for wage advances in that department will be acted upon. For that reason the budget was not complete but probably would be by Thursday.

Commissioner Murphy asked that his loan order for \$75,000 for macadam upon which action was deferred at last week's meeting be now taken under consideration. He stated that the streets were in very poor condition and that in no year had less than \$50,000 been voted for this work. He had already received \$15,000 this year and believed that the department should have as much, if not more, than in past years work could be done by the department the past two years on account of war conditions. He believed that he could spend \$15,000 this year but also realized that the school situation would have to be given consideration. He was willing to have the order amended but didn't wish to do it himself.

On July 5 he had a macadam balance of \$27,465 and had already completed macadamizing South street, Colonial avenue and Wannaland street. If more money were voted his schedule called for doing Moody street, Mammoth road, Mt. Vernon street, Common street, Sumner street, West Fifth street, Lilley avenue, Third street, Lundberg street and Pine and Westford streets. He had also received petitions for macadam in Clark road and Parkview avenue. The only job he could go ahead with on the money he has left would be Mt. Vernon street.

Commissioner Murphy's ultimatum
"If I am going to continue macadam work I must have money and have it

Itched Till Almost Crazy

"For years my hands were almost raw. They itched so bad I was almost crazy. Suffered day and night. Tried all kinds of medicine and got no relief. Lost all hopes of ever being cured until I got a trial bottle of D.D.D. The doctors were so great I got a large bottle. Can sleep now and will always praise D.D.D."—ROBERT K. HOLMES, Manakin, Va.

Anyone suffering from skin trouble—mild or severe—should investigate at once the merits of D.D.D. Try it today. We guarantee the first bottle, 35c, 60c and \$1.00.

D.D.D.
The Lotion for Skin Disease
Dues' Two Drug Stores

this morning," said the commissioner. "There's the situation."

Mayor Thompson: "I believe that between now and Thursday the order should be re-written. Borrowing \$75,000 now would mean that the Morey school proposition would have to stop."

Commissioner Murphy: "I'd like to know how much money Commissioner Marchand is going to ask for the Morey school."

Commissioner Marchand: "The original bids called for \$311,000, but I understand that the heart has been cut out of that figure. I don't know just how much I shall want until Thursday. I'll bring in new bids then."

Commissioner Morse suggested that Commissioner Murphy be given \$40,000 but no action was taken.

Commissioner Donnelly moved that action on the order be deferred until Thursday and the mayor seconded the motion. It was so voted with Commissioner Murphy opposing.

\$25,000 Sewer Loan
Commissioner Murphy then moved that the \$25,000 sewer loan order laid on the table at the last meeting be taken from the table. Before it was formally voted there was considerable discussion.

The commissioner said that he had been given an appropriation of \$75,000 at the beginning of the year and had in addition \$1210.07 left over from last year, giving him a total of more than \$75,000.

His present balance is \$1568 and his weekly payroll \$2100. He said that he had expended \$33,000 on the Varnum avenue job, \$21,093 on the Court street sewer and about \$3200 on numerous smaller jobs.

"The Varnum avenue sewer," he said, "is entirely completed up to the engine house of the new hospital. There is a distance of 840 feet still to go. The connecting of the various buildings to the main sewer, of course, will be charged to the department in charge of the hospital. The present sewers leading from the various buildings must all be relaid as the pipe is not large enough."

"If I don't get more money I'll have to go up to the job and say, 'I'm sorry, boys, but I'll have to lay you off.'"

Mayor Thompson: "I don't think you have financed your department properly."

Commissioner Murphy: "You must remember that this job was laid out not by me, but by previous members of this government."

Mayor Thompson: "That doesn't make any difference; you're responsible for the financing of your department."

The mayor asked how many extra men the commissioner had employed, and the reply was "Three thousand."

Commissioner Morse wanted to know if any estimate of what it will cost to finish the job could be given and Commissioner Murphy replied that there remained about three weeks' work on it.

Mr. Morse said that he was going to ask for \$17,000 in the supplementary budget for two new pieces of fire apparatus.

Mr. Murphy: "I realize that the fire department is very important, but at the present time sewers are most important. If we don't build sewers people won't build houses."

The motion was then formally taken from the table and Commissioner Donnelly moved that action be deferred until Thursday. Mayor Thompson again seconded the motion.

Commissioner Murphy protested and said that he had no more surety of getting money Thursday than he had now.

The mayor said that if he got what he asked for he would leave the city with a borrowing capacity of \$39,000. The matter was finally put to a vote and deferred. Mr. Murphy again voting "No."

Adjourned at 11:30 a. m. until Thursday at 10 a. m.

Return Trip Delayed
Continued

began to settle toward the ground, but her movement was detected in time for the members of the crew to release a part of the water ballast, and injury to the machinery by coming in contact with the ground was prevented.

To Fly Over New York
Unless present plans are changed, the R-34 will sail over New York and then make directly out to sea, probably over a course slightly north of the southern route if conditions are favorable. Should strong winds prevail in an unfavorable direction the northern route will be taken. Gen. Maitland estimated that about three thousand miles would be covered on the return trip.

On its homeward journey the R-34 will carry 25 pounds of mail. About 100 letters have been received at the New York postoffice from officials in this country congratulating British officers on the success of the trip and about 200 letters had been received yesterday from newspapers and private individuals marked for transmission to England by the dirigible. Those were all put in the mailbag of the R-34. The postage on each letter was 2 cents, the regular rate. It is estimated that several hundred thousand persons have visited Roosevelt field. They came by automobiles and on foot all day Sunday and yesterday and even until after midnight, men, women and children poured in a never ending stream through the gates of the field. Sunday night and

again last night as she hung gleaming in the glare of the searchlights, the ship was visible for miles.

Ready to Start
MINEOLA, N. Y., July 6.—Major G. E. M. Pridehard, executive officer of the R-34, said today all repairs would be completed by tonight and that fuel, water and other supplies would be taken aboard before midnight. With favorable weather he said, the R-34 would be ready to start at daylight tomorrow. She will take the southern track, four or five hundred miles north of the Azores, in view of a forecast of clear weather for the next 48 hours made by the weather bureau in Washington. For one-third of the course on the way over the R-34 is expected to strike northerly cross winds which will not retard her much. For the remaining distance favorable westerly winds are expected.

Best printing, Tobin's Associate bldg. J. P. Donohoe, 228 Hildreth Bldg., real estate and insurance. Telephone 100.

Fire and Liability Insurance, Daniel J. O'Brien, Wyman's Exchange.

Mr. and Mrs. Richard L. Ray of West Palm Beach, Florida, are visiting at the home of her mother, Mrs. Susan Murphy.

Congressman and Mrs. John Jacob Rogers have left for Washington, accompanied by Mr. Rogers' secretary, Xavier A. Delisle.

A most enjoyable party was held at the home of Mr. and Mrs. Thomas Conway, 13 Brook street, recently, the occasion being the 6th wedding anniversary of the happy couple. During the evening a pleasing musical program was offered by some of those present, including songs by Miss Lucy Alfano, James H. Daly and Mrs. Thomas Conway; dances by Mrs. Conway, Miss Winifred Moley and Miss Mary Flannigan, and musical selections by James H. Daley and C. Miss McCarthyne acted as accompanist.

ENTERTAINERS APPRECIATED
Benjamin S. Pouzner, director of War Camp Community service in this city, today received a letter from the field director of the Red Cross at Camp Devens in appreciation of the entertainment given at the base hospital last Sunday by Lowell people.

In the police courts of New York state it is getting to be a common practice to sentence minor offenders to a term of saving, and in Syracuse last year \$5000 was invested in this way in War Savings stamps, all later returned to the men or used to help their families. At Niagara Falls, when David Broderick was placed on probation six months ago and ordered to give the probation officer \$12 a week for War Savings stamps, he complained bitterly. At the end of six months he was handed \$230.50 worth of stamps, and he has voluntarily placed himself on indefinite probation, promising to bring in \$10 a week to continue his savings investment.

LEGAL NOTICES
Commonwealth of Massachusetts, Middlesex ss. Superior Court.

PETITION FOR DISSOLUTION OF GEORGE'S SHOE STORE, INC. To the Honorable, the Justice of the Superior Court.

Respectfully represents Joseph A. Gagnon of Lowell, in said County of Middlesex, that he is the Treasurer of the George's Shoe Store, Inc., a corporation duly organized and existing under the laws of the Commonwealth of Massachusetts and having its usual place of business in Lowell, in said County of Middlesex.

And your petitioner further represents that all of the assets of the said George's Shoe Store, Inc., have been sold, transferred and assigned to George A. Gagnon, of said Lowell, and the undersigned further represents that the said George's Shoe Store, Inc., have been paid, cancelled and extinguished, and that no further claims outstanding against the said George's Shoe Store, Inc.

And your petitioner respectfully represents that the stockholders of the George's Shoe Store, Inc., on the twenty-fourth day of June, A. D. 1919, voted to dissolve said corporation, authorized and directed your petitioner, the treasurer of said corporation, to take legal measures to dissolve said George's Shoe Store, Inc., a copy of which vote, duly attested marked "A" is annexed to the original petition.

Wherefore your petitioner respectfully prays that said George's Shoe Store, Inc., be dissolved and its legal existence finally terminated and that a decree to that and may enter upon the records of this Honorable Court.

JOSEPH A. GAGNON, Treasurer.

Commonwealth of Massachusetts, Middlesex ss. Superior Court.

July 2, A. D. 1919.

Upon the petition aforesaid, it is ordered by the Court that the petitioner notify all persons interested in the estate of the said George's Shoe Store, Inc., by causing a true and correct copy of said petition and of the order of the Court thereon, to be published in The Lowell Sun, a newspaper published in Lowell, in the County of Middlesex, once a week, three weeks successively, the last publication to be thirty days at least before the said last mentioned day, that they may then and there show cause, if any they have, why the prayer in said petition set forth should not be granted.

WM. C. DILLINGHAM, Clerk.

A true copy of the petition and of the order of the Court thereon.

WM. C. DILLINGHAM, Clerk.

Attested.

ROOMS

COMMUNITY SERVICE

CLUB MEETING

A hundred or more young women of the Community Service club met in the club rooms last evening for the regular monthly mass meeting and in addition to completing the list of club officers by election, discussed several plans for club betterment and growth.

Three officers were chosen, as follows: Vice president, Miss Sadie McLancon; secretary, Miss Anna O'Leary; treasurer, Miss Nellie Ryan. A proposed joint system of gaining company honors was discussed, but no definite action was taken. Co. G, by virtue of its large representation in the Fourth of July parade, is the banner company at present.

Prior to the business session an enthusiastic sing was led by Miss Louise Jennison, assistant recreational director. A rising vote of thanks was given John J. Mahoney, principal of the Normal school, in appreciation of his co-operation with the club in making it possible for the club girls to use the school grounds for recreational purposes and a similar expression of

gratitude was tendered William Mitchell, agent of a truck used as a float for the Independence Day parade.

At a recent meeting of the Lowell Wesleyley College club it was voted to provide assistance in tennis instruction for the community club girls.

DEATHS

MALHE—Jeannette Malhe, daughter of Hervé and Aldes Malhe, died Sunday at the home of her parents, 13 Allen avenue, aged 2 days. Burial took place yesterday in the family lot in St. Joseph's cemetery, in charge of Undertaker Joseph Albert.

LAROCHE—Joseph Arthur Larouche, son of Emile and Anna Larouche, died yesterday at the home of his parents, 243 Allen street, aged 2 days.

KUTVABOSKI—John Kutvaboski, son of Adolphe and Ursula Kutvaboski, died Sunday at the home of his parents, 37 Summer street, aged 1 day.

FITNIK—Mrs. Apollonia W. Fitnik, wife of Karol Fitnik, died yesterday at her home, 17 Decatur street, aged 40 years.

PURTELL—Loretta Purcell died yesterday at the home of her parents, 22 Shafter street, aged 7 months.

KUHL—John, aged 6 months and 2 days, infant son of Joseph and Agnes Kuhl, died last night at the home of his parents, 354 Adams street. Burial took place at 3 o'clock this afternoon in St. Patrick's cemetery under the direction of Undertaker Joseph Albert.

FUNERALS

ENOND—The funeral of Mrs. Mary Enond took place yesterday from the rooms of Undertaker Joseph Albert in Allen street. Burial was in St. Joseph's cemetery.

ALEXANDROPOULAS—The funeral of Michael Alexandropoulos took place yesterday afternoon from the home of his parents, 619 Market street. Services were held at the Holy Trinity church. Burial was in the Edson cemetery, under the direction of Undertaker N. Blodreau.

GERTON—The funeral of Katherine Gerton took place yesterday afternoon at 1 o'clock from the home of her parents, 34 Austin street. Burial was in the Edson cemetery. Undertaker N. Blodreau had charge of the funeral arrangements.

WALTZ—Funeral services of Maria Eugenia Waltz were held at the home of her parents, 131 Colburn street, yesterday afternoon. Burial was in St. Patrick's cemetery, under the direction of Undertaker Napoleon Blodreau.

MAHONEY—The funeral of Miss Mary A. Mahoney of 16 Logan street, Lawrence, was held at 10 o'clock Monday morning at St. Laurence's church. Solemn high mass was celebrated by Rev. F. S. Riordan, assisted by Rev. George F. Riordan as deacon and Rev. John H. McCloskey as sub-deacon. Rev. D. J. Heffernan of Lowell and Rev. Daniel J. Leonard were within the sanctuary. The Terry's Requiem was sung by the augmented choir. John A. McGilvrey was the organist at the offertory. Mrs. Theresa Mahoney Donovan sang "Pie Jesu." The bearers were Vincent A. and Bradley Mahoney, Joseph Collins, John Howard, Daniel Regan and John I. Donovan. The flowers at the church were Michael A. Sullivan, Daniel A. Arundel, James A. Donovan and James Stanton. Burial was in St. Mary's cemetery where committal services were read by Rev. F. S. Riordan. Rev. Daniel J. Leonard, Rev. D. J. Heffernan of Lowell and Rev. John H. McCloskey.

MARSHALL—The body of Mrs. Martha Marshall was shipped from this city on the 8:20 o'clock train Saturday night for Cornwall, Que., where the funeral took place yesterday morning. High mass of requiem was sung at St. Patrick's church, Cornwall, where burial was in the family lot in the Catholic cemetery in Cornwall. Funeral arrangements were in charge of Undertaker John F. Rogers.

PALMER—The funeral of Earl C. Palmer was held at the home of his parents, Mr. and Mrs. Arthur E. Palmer, 111 Hale street, this morning at 8:45 o'clock. The services were conducted by Rev. Arthur S. Beale, pastor of the Highland Congregational church. Appropriate selections were sung by Mrs. Lawrence R. Jordan. The floral offerings were numerous and beautiful. The bearers were Messrs. Joseph E. Messer, Charles E. Merrill, George Whalley and Arthur Desrosiers. Interment was in the family lot in the Blossom Hill cemetery at Concord, N. H. The funeral arrangements were in charge of Undertaker George W. Healey.

BOIRON—The funeral of Mrs. Albert

MONGEAU'S, ... 462 ... Merrimack St.

AT NINE O'CLOCK WEDNESDAY MORNING

Dolron took place this morning from her home, 103 Tucker street. Solemn high mass of requiem was celebrated at St. Jean Baptiste church at 9 o'clock by Rev. Armand Baron, O.M.I., assisted by Rev. Augustin Gratton, O.M.I. as deacon, and Rev. Charles Denzot, O.M.I. as sub-deacon. The bearers were M. Guilmette, J. Dupuis, W. Lavasseur and A. Defradas. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Athanasie Marion, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

The submarine tender Beaver went to her assistance. The transport is not carrying passengers and is not believed to be in serious danger.

NON-STOP SPEED RECORD

Capt. Smith Flies 610 Miles at Rate of 148.44 Miles Per Hour

WASHINGTON, July 8.—A new non-stop speed record was established yesterday between San Francisco and San Diego, the army air service announced today. Captain Lowell H. Smith flew 610 miles at the rate of 148.44 miles per hour alone, in a De Havilland "Blue Bird."

Just One Application and the Hairs Vanish

(Modes of Today)

A harmless, yet very effective, treatment is here given for the quick removal of hairy growths: Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package.—Adv.

GOES TO ASSISTANCE OF U. S. ARMY TRANSPORT

HONOLULU, July 8.—The United States army transport Dix, enroute from Manila to San Francisco, reported today by wireless she had lost a propeller 250 miles from Honolulu.
